Deception in Paradise Deborah Brown, 2012-05-16 Madison Westin is back The Florida Keys are hotter than ever With Madison s never say no style she s smarter and packing an attitude not to mention her Glock This time trouble rolls into Tarpon Cove in the form of Madison s ex husband Jackson Devereaux whom she hoped to never see again His arrival brings unparalleled chaos and an uninvited corpse Teaming up with her hot friend Fabiana the two women go from chasing the usual cast of misfits and weirdos to hunting down a murderer The action turns deadly serious when they stir up a nasty enemy as they try to stay one step ahead in a game of cat and mouse that threatens their lives Page 4 of cover *The Mythomanias* Michael S. Myslobodsky, 2013-06-17 Recently there has been a renewal of interest in the broad and loosely bounded range of phenomena called deception and self deception This volume addresses this interest shared by philosophers social and clinical psychologists and more recently neuroscientists and cognitive scientists Expert contributors provide timely reliable and insightful coverage of the normal range of errors in perception memory and behavior They place these phenomena on a continuum with various syndromes and neuropsychiatric diseases where falsehood in perception self perception cognition and behaviors are a peculiar sign Leading authorities examine the various forms of mythomania deception and self deception ranging from the mundane to the bizarre such as imposture confabulations minimization of symptomatology denial and anosognosia Although the many diverse phenomena discussed here share a family resemblance they are unlikely to have a common neurological machinery In order to reach an explanation for these phenomena a reliable pattern of lawful behavior must be delineated It would then be possible to develop reasonable explanations based upon the underlying neurobiological processes that give rise to deficiencies designated as the mythomanias The chapters herein begin to provide an outline of such a development Taken as a whole the collection is consistent with the emerging gospel indicating that neither the machinery of nature nor the forces of nurture taken alone are capable of explaining what makes cognition and behaviors aberrant

**Deceit in Paradise** Deborah Brown, 2022-01-09 When Madison Westin s phone rings before dawn it usually means something smelly has hit the fan and today is no exception Young Kyle Dow wants out of his sketchy job as a snitch But the thugs holding his leash aren t about to let him go without a little help from Tarpon Cove s resident do gooder Only this time it s not Madison It s her bestie Fabiana Merceau Unfortunately the kid is as tight lipped as a Florida Keys clam about his past Digging too deep risks stirring up the kind of bottom feeders that give Madison and Fab s men Creole and Didier premature gray hair But when have the girls ever shied away from a little trouble That d be never You can bet your slightly used pontoon boat that when the past comes back aka big time trouble that it could not only bite Madison and Fab in the back but the friends who stuck out their necks to help

*Mike Nichols and the Cinema of Transformation* J.W. Whitehead, 2014-06-10

Mike Nichols burst onto the American cultural scene in the late 1950s as one half of the comic cabaret team of Nichols and May He became a Broadway directing sensation then moved on to Hollywood where his first two films *Who's Afraid of Virginia Woolf?* 1966 and *The Graduate* 1967 earned a total of 20 Academy Award nominations Nichols won the 1968 Oscar for Best Director and later joined the rarefied EGOT Emmy Grammy Oscar Tony club He made many other American cinematic classics including *Catch 22* 1970 *Carnal Knowledge* 1971 *Silkwood* 1983 *Working Girl* 1988 *Postcards from the Edge* 1990 and his late masterpieces for HBO *Wit* 2001 and *Angels in America* 2003 Filmmakers like Steven Spielberg and Steven Soderbergh regard him with reverence This first full career retrospective study of this protean force in the American arts begins with the roots of his filmmaking in satirical comedy and Broadway theatre and devotes separate chapters to each of his 20 feature films Nichols permanent achievements are his critique of the ways in which culture constructs conformity and his tempered optimism about individuals liberation by transformative awakening

*Chaucer's Fabliaux as Analogues* Erik Hertog, 1991

The presence of so many fabliaux in Chaucer's *Canterbury Tales* is intriguing in its own right given the fact that there are no real fabliaux in Middle English before Chaucer But these stories are also interesting as instances of a concept and practice that has received little critical attention so far namely analogy the writing and above all recognition of similar stories How to account for the literary practice that enables us to perceive stories as similar or analogous This original study sets out to explore this phenomenon first tentatively vis vis other terms and practices Translation Borrowing

Adaptation Version and then in the major part of the book in a pragmatic structuralist analysis of four salient components of narrative Plot Character Thematics and Genre each illustrated with examples taken from Chaucer's fabliaux and their analogues in various European languages In each of the four chapters the key issue is Categorisation and Hertog traces its evolution and usefulness as a concept from Wittgenstein's family resemblances and Zadeh's fuzzy set theory to E Rosch's Prototype theory The conclusion draws attention to two aspects which set Chaucer's fabliaux very much apart from the other analogues their contextuality within the polylogue of the Canterbury Tales and secondly their explicit intertextuality which invites us to look anew at the assumptions of traditional source criticism The study ends with some theoretical reflections on analogy and an attempt at definition The book will interest not only Chaucerians and other medievalists but also scholars in literary theory and interpretation
