Death In The Congo Murdering Patrice Lumumba:

Death in the Congo Emmanuel Gerard, Bruce Kuklick, 2015-02-10 Death in the Congo is a gripping account of a murder that became one of the defining events in postcolonial African history. It is no less the story of the untimely death of a national dream, a hope-filled vision very different from what the war-ravaged Democratic Republic of the Congo became in the second half of the twentieth century. When Belgium relinquished colonial control in June 1960, a charismatic thirty-five-year-old African nationalist Patrice Lumumba became prime minister of the new republic. Yet stability immediately broke down. A mutinous Congolese Army spread havoc while Katanga Province in southeast Congo seceded altogether. Belgium dispatched its military to protect its citizens and the United Nations soon intervened with its own peacekeeping troops. Meanwhile, behind the scenes, both the Soviet Union and the United States maneuvered to turn the crisis to their Cold War advantage. A coup in September, secretly aided by the UN, toppled Lumumba's government. In January 1961, armed men drove Lumumba to a secluded corner of the Katanga bush, stood him up beside a hastily dug grave, and shot him. His rule as Africa's first democratically elected leader had lasted ten weeks. More than fifty years later, the murky circumstances and tragic symbolism of Lumumba's assassination still trouble many people around the world. Emmanuel Gerard and Bruce Kuklick pursue events through a web of international politics, revealing a tangled history in which many people, black and white, well-meaning and ruthless African, European, and American, bear responsibility for this crime.

The assassination of Patrice Lumumba Dr. Ley G. Ikpo & Miss Jackline Seka Sahlberg, Congo, a former Belgian colony, at the beginning of the independence of the territory, a brave and dedicated leader Patrice Emery Lumumba won the election and was appointed Prime Minister. As the first Prime Minister of a democratic Congo, the newly elected representative of the country, filled with devotion, had in mind providing Congolese with a better future. He therefore fought on behalf of Congolese. His methods were disliked by the former colonizers for whom he became a danger to their interests in Congo after his speech on independence day on June 30, 1960. Since then, various plots were arranged against him to be killed. Those conspiracies never succeeded against him since they were unfortunately aborted for the most part. The country fell into a state of incredible disrepair due to recurrent oppositions since September 14 of that year. Soon, Mobutu's forces, backed by the CIA, arrested Lumumba on December 1, 1960, and he was guarded by the UN troops. Later, Lumumba was sent to Elizabethville in the Katanga, the territory of his rival Moïse Tshombe. At his arrival, he was beaten by both Katanga's and Belgians' forces to death. On January 17, 1960, Patrice Emery Lumumba, the first Prime Minister of the Democratic Republic of Congo, was assassinated in cold blood by various perpetrators. After 61 years in Belgium, the remaining teeth were sent back to the DRC for burial on June 30, 2022.
