The Bitches of Everafter - A Dark Princess Fairy Tale Barbra Annino, 2015-02-08 You think you know these women but you don't They are nothing like the gentle fearful maidens in the fairytales you have read The faces they show to the world bright eyes fresh skin cherubic cheeks reflect not what is deep inside their hearts Their hearts are darker than their skin heavier than their laughter even sharper than their tongues and I can attest that all of them possess tongues chiseled into dagger points one lashing by which would have a man checking that his genitals were still intact But it takes more than words to lead a kingdom Should a ruler grow too trusting or

complacent in her role as princess she just might wake up one day to discover that her story has been altered without a trace of the original in her memoryscape She could find herself living another life in a place that seems vaguely familiar but isn't exactly where she belongs Her days may seem shadowed somehow Her mind fragmented as if she were trapped in a nightmare from which she will never awaken Although the princess may not be able to put her finger directly on the mark she knows deep inside that something is askew You might be wondering how I know all this It's simple really I'm the one who wrote their stories Every word from the very first drop of ink to the last every line every bit of dialogue spilled from my quill It might surprise you to know that I was also the one who changed their stories Not of my own accord of course A scribe has not the power to alter the path of a princess nor would I ever want to I loathe editing I say tell the tale once and be done with it That's how the best work emerges But alas these orders came from above my head The messenger who stood before my cottage door smelled of onions and rain clouds with a pumpkin shaped head too large for his neck He handed me a scroll which I unrolled and read My orders were to change only one thing in each of the original five manuscripts I wrote One word really I was to add the word in to the very last line the line that concluded each of the princesses' stories I wouldn't have to revise any other part of the books nor would I have to add the dreaded epilogue I loathe epilogues even more than editing I say if you need to add to the story then pen a sequel But for the purposes of our story all you need to know is that once upon a time five beautiful princesses ruled the United Kingdoms of Enchantment Five princesses who presently have no recollection of the royalty they once were nor the harshness the world imposed on them when they were so very young Now they live far far away In a town called Everafter Jacob Grimm The Scribe

[Love, a Curvy Girl's Guide to Shifters](#) S. Cinders, 2025-02-26 She's bringing the curves he's packing the claws let the fur fly Haley My life was complicated enough without Ian Johnson the ultimate bad boy next door crashing back into it We've been at odds since childhood he's cocky infuriatingly gorgeous and the one man who knows how to light me up

faster than a Bugatti going zero to sixty Ian They say opposites attract but Haley has always been the one girl who pushes my buttons and my limits I never wanted to care but when the woman I can't stop thinking about becomes part of my world in a way I can't escape my instincts tell me to protect her even if it's from myself With her sharp wit and irresistible curves she's everything I never knew I needed But winning Haley's heart won't be easy and I'm not the kind of man to back down from a fight

Hiding Forever Tara Gallina, 2022-06-30 You can hide from the past your fears and the world but you can't hide from love Riley My life changed for the worst when a tragic event landed me in witness protection Ever since I've been cyberstalking my past and the people I loved and lost while trying to move on without provoking further danger especially now that I'm a houseguest to an old family friend Nova is the last person I expect to join me in seclusion The curvy beauty of mixed ethnicity causes a media frenzy wherever she goes But the more time I spend with her my concerns over my privacy morph into an attraction that will only cause problems for us both There isn't a world where a person in hiding can be with a person in the limelight Nova After being publicly humiliated and dumped by my popstar ex I fled for the shelter of my grandmother's highly protected estate in an attempt to hide from the world until the media loses interest in me The loss of my father sent me into the arms of the famous musician whose toxic behavior fueled my insecurities and created new ones I need to heal and find direction I don't want to make friends with the sexy secretive houseguest who seems to get me in a way no one ever has before But the more I'm around him the harder it is to resist the recluse who wants nothing to do with the outside world My isolation is temporary but he's made it clear his is forever
