Customs In Common Studies In Traditional Popular Culture:

Customs in Common E. P. Thompson, 2015-09-22 The meticulously researched elegantly argued and deeply humane sequel to the landmark volume of social history *The Making of the English Working Class* *The New York Times Book Review* This remarkable study investigates the gradual disappearance of a range of cultural customs against the backdrop of the great upheavals of the eighteenth century As villagers were subjected to a legal system increasingly hostile to custom they tried both to resist and to preserve tradition becoming as E P Thompson explains rebellious but rebellious in defense of custom Although some historians have written of riotous peasants of England and Wales as if they were mainly a problem for magistrates and governments for Thompson it is the rulers landowners and governments who were a problem for the people whose exuberant culture preceded the formation of working class institutions and consciousness Essential reading for all those intrigued by English history *Customs in Common* has a special relevance today as traditional economies are being replaced by market economies throughout the world The rich scholarship and depth of insight in Thompson's work offer many clues to understanding contemporary changes around the globe This long awaited collection is a signal contribution from the person most responsible for inspiring the revival of American labor history during the past thirty years *The Nation* This book signals the return to historical writing of one of the most eloquent powerful and independent voices of our time At his best he is capable of a passionate sardonic eloquence which is unequalled *The Observer* *Customs in Common* E. P. Thompson, 1993

The Concealed Influence of Custom Jay L. Garfield, 2019-04-01 Jay L Garfield defends two exegetical theses regarding Hume's *Treatise on Human Nature* The first is that Book II is the theoretical foundation of the *Treatise* Second Garfield argues that we cannot understand Hume's project without an appreciation of his own understanding of custom and in particular without an appreciation of the grounding of his thought about custom in the legal theory and debates of his time Custom is the source of Hume's thoughts about normativity not only in ethics and in political theory but also in epistemological linguistics and scientific practice and is the source of his insight that our psychological and social natures are so inextricably linked The centrality of custom and the link between the psychological and the social are closely connected which is why Garfield begins with Book II There are four interpretative perspectives at work in this volume one is a naturalistic skeptical interpretation of Hume's *Treatise* a second is the foregrounding of Book II of the *Treatise* as foundational for Books I and III A third is the consideration of the *Treatise* in relation to Hume's philosophical antecedents particularly Sextus Bayle Hutcheson Shaftesbury and Mandeville as well as eighteenth century debates about the status of customary law with one eye on its sequellae in the work of Kant the later Wittgenstein and in contemporary cognitive science The fourth is the Buddhist tradition in which many of the ideas Hume develops are anticipated and articulated in somewhat different ways Garfield presents Hume as a naturalist a skeptic and as above all a communitarian In offering this interpretation he provides an understanding of the text as a whole in the context of the literature to which it responded and

in the context of the literature it inspired *The Politics of Custom in Eighteenth-Century British Fiction* S.

Bowen,2010-08-30 This book argues that representations of popular culture in the eighteenth century novel served as repositories of traditional social values and played a role in Britain's transition to an imperial state *Searching for the Bright Path* James Taylor Carson,2003-01-01 Blending an engaging narrative style with broader theoretical considerations James Taylor Carson offers the most complete history to date of the Mississippi Choctaws Tracing the Choctaws from their origins in the Mississippian cultures of late prehistory to the early nineteenth century Carson shows how the Choctaws struggled to adapt to life in a New World altered radically by contact while retaining their sense of identity and place Despite changes in subsistence practices and material culture the Choctaws made every effort to retain certain core cultural beliefs and sensibilities a strategy they conceived of as following the straight bright path This work also makes a significant theoretical contribution to ethnohistory as Carson confronts common problems in the historical analysis of Native peoples

Rebellion, Community and Custom in Early Modern Germany Norbert Schindler,2002-10-17 When this volume first appeared in German it inspired a whole generation of young scholars Schindler recreates the lives of both the poor and excluded the milieu of the burghers and the rumbustuous lifestyles of the Counts von Zimmern A true archivist he evokes the lost worlds of sixteenth and seventeenth century people He investigates popular nicknames snowball fights carnival rituals even what people did at night time before the advent of lighting A final essay deals with an extraordinary late set of trials for witchcraft in which over 200 people died Translated into English for the first time the volume contains a new Foreword by Natalie Zemon Davis and a new introductory essay setting out the key influences of Schindler's work Norbert Schindler is the leading exponent of historical anthropology in the German speaking world A founding member of the German journal *Historische Anthropologie* Schindler teaches at the University of Salzburg **Private Sins, Public Crimes** Martin

Mittelmeier,2024-11-12 A groundbreaking scholarly study of crime and punishment in Qajar Iran Drawing on a rich array of primary sources in multiple languages Farzin Vejdani argues that the ambiguity in defining the boundaries between private and public in Qajar Iran often corresponded with the jurisdictional friction between government authorities and religious scholars regarding who had the authority to police and punish public crimes This ambiguity had implications for the spaces in which illicit acts were carried out private parties in domestic residences where music alcohol and prostitution were present were often tolerated by local police officials but raised the ire of religious authorities and their followers who raided these residences ironically in violation of strong Islamic norms of privacy Crimes that were manifest but remained unpunished triggered a crisis of legitimacy that often coincided with upstart Islamic religious scholars challenging the state's authority Even when the government had every intention of punishing a crime convicted criminals sought shelter in sanctuaries including shrines mosques royal stables and telegraph offices which were even more inviolable than private residences This inviolability grounded in both Islamic prohibitions of violence on sacred grounds and Iranian imperial

traditions of redress allowed criminals to negotiate a lesser sentence safe passage for voluntary exile or forgiveness

History Made Conscious Geoff Eley, 2023-08-22 How History has changed in the half century since the 1960s During the last fifty years the writing of history underwent two massive transformations First powered by Marxism and other materialist sociologies the great social history wave instated the value of social explanation Then responding to new theoretical debates the cultural turn upset many of those freshly earned certainties Each challenge was profoundly informed by politics from issues of class gender and race to those of identity empire and the postcolonial The resulting controversies brought historians radically changed possibilities expanding subject matters unfamiliar approaches greater openness to theory and other disciplines a new place in the public culture History Made Conscious offers snapshots of a discipline continuously rethinking its charge How might we understand the social and the cultural together How do we collaborate most fruitfully across disciplines If we take theory seriously how does that change what historians do How should we think differently about politics

Passions, Politics and the Limits of Society Heikki Haara, Koen Stapelbroek, Mikko Immanen, 2020-08-24 The 1st part of the volume engages with the theme of inclusion and exclusion in the history of ideas from different perspectives The 2nd part of the volume discusses debates on natural law human nature and political economy in early modern Europe Its contributions explore the sorts of political and moral visions that were relevant in post Hobbesian moral philosophy and the development of economic thought

Shakespeare and the Politics of Commoners Chris Fitter, 2017-07-18 Shakespeare and the Politics of Commoners is a highly original contribution to our understanding of Shakespeare's plays It breaks important new ground in introducing readers lay and scholarly alike to the existence and character of the political culture of the mass of ordinary commoners in Shakespeare's England as revealed by the recent findings of the new social history The volume thereby helps to challenge the traditional myths of a non political commons and a culture of obedience It also brings together leading Shakespeareans who digest recent social history with eminent early modern social historians who turn their focus on Shakespeare This genuinely cross disciplinary approach generates fresh readings of over ten of Shakespeare's plays and locates the impress on Shakespearean drama of popular political thought and pressure in this period of perceived crisis The volume is unique in engaging and digesting the dramatic importance of the discoveries of the new social history thereby resituating and revaluing Shakespeare within the social depth of politics

State and Society in Transition J. Little, 1997-02-24 Using a variety of documentary sources including hundreds of petitions letters and reports to the government Little traces the complex relationship between community life and government regulation He reveals that at the same time development of responsible government was leading to increasingly centralized authority at the provincial level a persistent sense of localism was forcing the state to decentralize its new institutions at the community level The local population of this largely American settled corner of Quebec Little shows clearly exerted an important influence on the evolution of the education legal social welfare and municipal systems State and Society in Transition makes a major

contribution to the study of state formation in the recently unified province of Canada by taking into account not only the dialectical process between the centre and periphery but also the impact of institutional reform on social and economic development in general **Uniting in Measures of Common Good** Darren Ferry,2008-10-29 In a compelling and comprehensive treatment of the nineteenth century voluntary association movement Darren Ferry situates these organizations within the much larger framework of the construction of collective liberal identities He shows that by attempting to transcend the political religious class and ethnic divisions of their constituencies voluntary societies acted as cultural mediators in the reproduction transmission and contestation of liberal values throughout central Canadian society

Global Lynching and Collective Violence Michael J. Pfeifer,2017-09-22 In this second volume of the groundbreaking survey Michael J Pfeifer edits a collection of essays that illuminates lynching and other extrajudicial rough justice as a transnational phenomenon responding to cultural and legal issues The volume s European themed topics explore why three communities of medieval people turned to mob violence and the ways exclusion from formal institutions fueled peasant rough justice in Russia Essays on Latin America examine how lynching in the United States influenced Brazilian debates on race and informal justice and how shifts in religious and political power drove lynching in twentieth century Mexico Finally scholars delve into English Canadians use of racist and mob violence to craft identity the Communist Party s Depression era campaign against lynching in the United States and the transnational links that helped form and later emanated from Wisconsin s notoriously violent skinhead movement in the late twentieth century Contributors Brent M S Campney Amy Chazkel Stephen P Frank Dean J Kotlowski Michael J Pfeifer Gema Santamar a Ryan Shaffer and Hannah Skoda

Liberation Ecologies Richard Peet,Michael Watts,2004-08-02 Liberation Ecologies elaborates a political economic explanation of environmental crisis drawing from the most recent advances in social theory Global Trade and the Transformation of Consumer Cultures Beverly Lemire,2018-01-11 The oceanic explorations of the 1490s led to countless material innovations worldwide and caused profound ruptures Beverly Lemire explores the rise of key commodities across the globe and charts how cosmopolitan consumption emerged as the most distinctive feature of material life after 1500 as people and things became ever more entangled She shows how wider populations gained access to more new goods than ever before and through industrious labour and smuggling acquired goods that heightened comfort redefined leisure and widened access to fashion Consumption systems shaped by race and occupation also emerged Lemire reveals how material cosmopolitanism flourished not simply in great port cities like Lima Istanbul or Canton but increasingly in rural settlements and coastal enclaves The book uncovers the social economic and cultural forces shaping consumer behaviour as well as the ways in which consumer goods shaped and defined empires and communities *Dissenting Traditions* Sean Carleton,Ted McCoy,Julia Smith,2021-07-12 The work of Bryan D Palmer one of North America s leading historians has influenced the fields of labour history social history discourse analysis communist history and Canadian history as well as the theoretical

frameworks surrounding them Palmer's work reveals a life dedicated to dissent and the difficult task of imagining alternatives by understanding the past in all of its contradictions victories and failures *Dissenting Traditions* gathers Palmer's contemporaries students and sometimes critics to examine and expand on the topics and themes that have defined Palmer's career from labour history to Marxism and communist politics Paying attention to Palmer's participation in key debates contributors demonstrate that class analysis labour history building institutions and engaging the public are vital for social change In this moment of increasing precarity and growing class inequality Palmer's politically engaged scholarship offers a useful roadmap for scholars and activists alike and underlines the importance of working class history With contributions by Alan Campbell Alvin Finkel Sam Gindin Gregory S Kealey John McIlroy Kirk Niegardh Bryan D Palmer Leo Panitch Chad Pearson Sean Purdy and Nicholas Rogers *The End of Tradition?* Ian D. Rotherham, 2014 The threats from global cultural change and abandonment of traditional landscape management increased in the last half of the twentieth century and ten years into the twenty first century show no signs of slowing down Their impacts on global biodiversity and on people disconnected from their traditional landscapes pose real and serious economic and social problems which need to be addressed now The End of Tradition conference held in Sheffield UK was organised by Ian D Rotherham and colleagues It addressed the fundamental issues of whether we can conserve the biodiversity of wonderful and iconic landscapes and reconnect people to their natural environment And if we can how can we do so and make them relevant for the twenty first century The book is in two parts Part 1 A History of Commons and Commons Management and Part 2 Commons Current Management and Problems **Small Farmers for Global Food Security** Thomas Reuter, Graeme MacRae, 2024-04-05 Food systems in Indonesia and worldwide have experienced major transformations in the wake of agricultural modernisation Once intact eco systems have declined dramatically along with human diets long term food security and social cohesion Using long term ethnographic research we documented this loss of traditional food systems in Java Bali East Timor and India but also a recent revival and reinvention of sustainable production methods and community based distribution systems A growing movement of small farmers now reject the dominant paradigm of aggressive capitalist development and are re-creating food systems based on moral ecology a new concept we introduce to characterise food systems that regenerate the natural environment and serve the common good rather than maximise profit Small farmers like these already feed two thirds of humanity using only a third of agricultural land With proper support we argue they could feed the entire world using sustainable and socially responsible approaches to eradicate world hunger *John Norden's The Surveyor's Dialogue (1618)* Mark Netzloff, 2016-05-06 This edition provides the first complete modern version of John Norden's *The Surveyor's Dialogue* Norden's text a series of dialogues between a fictional surveyor and several interlocutors including a tenant farmer an aristocrat landowner a manorial officer and a socially mobile land buyer is remarkable for its unique commentary on the agrarian roots of English capitalism In his extensive introduction Mark Netzloff situates the text in relation to a number of

early modern contexts He discusses the use of dialogue and other literary forms in proto scientific writing and the role of print in the increasing professionalism of early surveyors Netzloff also examines the impact of capital formation on agrarian and manorial class relations discussing topics such as popular protest and revolt cottagers and the rural poor regionalism and urbanization and the transformation of the natural environment through deforestation enclosure and the appropriation of commons Alongside a thorough annotation of technical and historical terms the edition provides a list of textual variants among early modern versions of the text This critical edition of The Surveyor s Dialogue constitutes an important contribution to early modern scholarship and it will be invaluable to scholars from a range of fields including the history of science economic and agrarian history and literary and cultural studies

Remembering, Forgetting and City Builders

Dr Haim Yacobi, Dr Tovi Fenster, 2012-11-28 Remembering Forgetting and City Builders critically explores how urban spaces are designed planned and experienced in relation to the politics of collective and personal memory construction Bringing together case studies from North America South Asia Eastern Europe and the Middle East the book analyzes how contested national ethnic and cultural sentiments clash in planning and experiencing urban spaces Going beyond the claim that such situations exist in many parts of the world because communities construct their past memories within their current daily life and future aspirations the book explores how the very acts of planning and urban design are rooted in the existing structures of hegemonic power With contributors from the fields of architecture geography planning anthropology and sociology urban studies and cultural studies the book provides a rich interdisciplinary view into the conflicts over memory and belonging which are spatially expressed and mediated through the official planning apparatus
