De Hongerwinter Van Dolle Dinsdag Tot Bevrijding:

De hongerwinter David Barnouw, 1999 De hongerwinter Henri van der Zee, 1989 Beschrijving van de periode september 1944 tot juni 1945 in het door de Duitsers bezet gehouden noorden en westen van Nederland **The Hunger Winter** Ingrid de Zwarte, 2020-07-23 In this pioneering study Ingrid de Zwarte examines the causes and demographic impact of the Dutch Hunger Winter that occurred in the Netherlands during the final months of German occupation in the Second World War She offers a comprehensive and multifaceted view of the socio political context in which the famine emerged and considers how the famine was confronted at different societal levels including the responses by Dutch German and Allied state institutions affected households and local communities Contrary to highly politicized assumptions she argues that the famine resulted from a culmination of multiple transportation and distribution difficulties Although Allied relief was postponed for many crucial months and official rations fell far below subsistence level successful community efforts to fight the famine conditions emerged throughout the country She also explains why German authorities found reasons to cooperate and allow relief for the starving Dutch With these explorations The Hunger Winter offers a radically new understanding of the Dutch famine and provides a valuable insight into the strategies and coping mechanisms of a modern society facing catastrophe Western and Northern Europe June 1942-1945 Katja Happe, Barbara Lambauer, Clemens Maier-Wolthausen, 2022-08-01 Executive editors Katja Happe Barbara Lambauer and Clemens Maier Wolthausen with Maja Peers English language edition prepared by Elizabeth Harvey Johannes Gamm Georg Felix Harsch Dorothy Mas and Caroline Pearce In summer 1942 the Germans escalated the systematic deportations of Jews from Western and Northern Europe to the extermination camps In most of the countries under German control the occupying forces initially focused on arresting foreign and stateless Jews thereby securing the cooperation of local authorities However before long the entire Jewish population was targeted for deportation This volume documents the parallels and differences in the persecution of Jews in occupied Norway Denmark the Netherlands Belgium Luxembourg and France in the period from summer 1942 to liberation it records the implementation of the systematic deportation and murder of Jews from Western and Northern Europe and it also records the rescue of more than 5 000 Danish Jews In letters and diary entries the persecuted Jews describe their attempts to flee life in hiding the transit camps and deportation transports that often took several days In Westerbork camp in the occupied Netherlands Bob Cahen himself an inmate recorded in his diary the arrival in the camp of 17 000 Jews from across the Netherlands in October 1942 People arrived here herded like livestock Some were buried beneath their luggage others without any possessions at all not even properly dressed Women in poor health who had been hauled out of bed in thin nightgowns children in undergarments and barefoot the elderly the ill the infirm more and more new people came to the camp The sources in the volume show how the perpetrators attempted to dupe their victims regarding the destination of the transports and how Jewish organizations attempted to alleviate the suffering of the deportees The documents additionally

Enterprise in the Period of Fascism in Europe Harold James, 2017-07-05 The essays in this volume consider the involvement of business corporations and of individual businessmen in the politics of the 1930s and 1940s in the move away from the market and also from democracy towards state control and authoritarianism including the massive intervention of the state in property rights How far did businesses attempt to guide this intervention for their own purposes and to what extent did they succeed This debate deals centrally with the role of German business of banks of industrial corporations and of small tradesmen in the Nazi regime An older discussion of how they may have facilitated the Nazi takeover has been supplemented here by an investigation into how they made the regime's policies possible and the extent to which the profit motive drove them to participate with sometimes more sometimes less enthusiasm in the politics of inhumanity Such discussion has been given further impetus by legal action initially in the United States in the form of class action suits on behalf of the victims of Nazism What do such legal and political debates mean for business history What are the current responsibilities of business facing the consequences of historical action And what lessons should be learned concerning the ethics of business behaviour The contributions to this volume were originally presented as papers at a conference organised by the Society for European Business History in Paris in November 1998

The Hunger Winter Henri A. Van Der Zee, 1998-01-01 Germany invaded the Netherlands in the spring of 1940 Life in occupied Holland was hideous enough but for the Dutch the worst was yet to come After the Western Allies lost the Battle of Arnhem in September 1944 the Dutch provinces north of the Rhine and Waal Rivers were in the hands of the Germans and to the south fighting raged for months In the winter of 1944-45 just as other parts of Europe were being liberated the Dutch seemed forsaken by the Allies who bypassed Holland on their drive to Berlin That last winter of the war with its severe food and fuel shortages was a terrible one for the Dutch people who also suffered from episodes of Nazi terrorism In some provinces there was nothing to eat but tulip bulbs and sugar beets and eighteen thousand Dutch civilians actually starved to death Henri van der Zee who was ten years old that winter remembers what happened to his people

Economic Adjustment and Political Transformation in Small States Erik Jones, 2008-05-08 The smaller countries of Western Europe have a reputation for being more successful than their larger neighbours They are wealthier per capita they are more stable politically and they are more flexible economically The secret to this success lies in their consensual style of politics and their corporatist style of decision making Unfortunately however that may be about to change A political transformation underway in small states is undermining the politics of consensus and breakdown the effectiveness of corporatist institutions Small countries are becoming increasingly vulnerable to the vicissitudes of world markets as a result Belgium and the Netherlands offer clear examples of the problem at hand The political societies of both countries were tightly organized to avoid conflict and to promote consensus Over time however this tight organization has broken down politicians have opted for conflict over

consensus and elections have become more volatile as a result In turn this political transformation of Belgium and the Netherlands has undermined their traditional approach to economic policymaking and economic adjustment Belgium and the Netherlands are now more vulnerable to world market forces than at any time since the end of the 1970s Their relative economic and political success can no longer be taken for granted The relative success of other small states should be brought into question as well

Van dulle dinsday tot bevrijding Charles Whiting,Wolfgang Trees,1977 **De onvoltooide rechtsstaat** Ybo Buruma,2025-06-05 De rechtsstaat is er niet alleen voor juristen Hij gaat iedereen aan De rechtsstaat moet immers bescherming bieden tegen criminele ondermijning hij faalde bij de Toeslagenaffaire en hij wordt bedreigd door populistische politiek Wat wordt eigenlijk bedoeld met dit veelzijdige begrip In De onvoltooide rechtsstaat laat Ybo Buruma zien hoe de Nederlandse rechtsstaat vanaf de negentiende eeuw geleidelijk aan is ontstaan en zich steeds aanpast aan veranderende omstandigheden en opvattingen Aan de hand van zes beroemde kinderboeken schetst hij de ontwikkeling van de tijdgeest in zes periodes na 1813 Die vormt de rode draad in een verhaal over wetgeving en rechtspraak maar ook over slavernij vrije meningsuiting en allerlei veiligheidsmaatregelen Tegen deze achtergrond bespreekt Buruma bij het aanbreken van een nieuw tijdperk waarin de Rule of Law onder druk staat de sterke en zwakke punten van de huidige rechtsstaat Prof mr Ybo Buruma nam in juni 2025 afscheid als raadsheer in de Hoge Raad der Nederlanden en was daarvoor hoogleraar strafrecht aan de Radboud Universiteit in Nijmegen

Haarlem! Hein Klemann, 2023-11-28 Haarlem wordt vaak neergezet als een wat ingeslapen kleinburgerlijk stadje in de schaduw van het dynamische Amsterdam. In feite werd Haarlem door zijn hele geschiedenis gekenmerkt door industrie en een daarbij horende arbeidersbevolking. Al in de 17de eeuw was Haarlem met zijn linnennijverheid een belangrijk industrieel centrum en in de 19de en vroege 20ste eeuw wel gezien als de Tweede Gouden Eeuw. Groeiende het zelfs sneller dan de hoofdstad. Er ontstonden grote volkswijken en volkspartijen als de SDAP PvdA gingen de gemeenteraad beheersen. Haarlem wordt voor het eerst vermeld in een tussen 885 en 948 opgesteld document van de Utrechtse St. Maartenskerk. De Utrechtse bisschop claimde daarin drie boerderijen terug die in de Vikingentijd verloren waren gegaan. Op de plek van die boerderijen vestigden de Hollandse graven een hof die zich ontwikkelde tot een militair centrum. Uit die militaire nederzetting kon een stad groeien doordat in de 13de eeuw het Spaarne een schakel werd in de route tussen de Hanzesteden aan de Oostzee en rijke Vlaamse steden als Ieper, Brugge en Gent. Aan een stad van handelaren, ambachtslieden en steeds meer arbeiders werden politiek, economisch, religieus en cultureel andere eisen gesteld dan aan een legerplaats. Het bestuur en de rechtspraak kwamen bij belangrijke burgers te liggen. Ook het sociale, religieuze en culturele leven paste zich toen en telkens opnieuw aan als de stad een nieuwe fase van ontwikkeling doormaakte. Soms gebeurde dat geleidelijk, soms met geweld. In dit boek is geprobeerd het economische, sociale, politieke en culturele leven in Haarlem en van de plaats van die stad in haar omgeving vanaf de eerste oorsprong tot de huidige tijd in zijn samenhang te beschrijven. *Oorlogsfoto's tegen het licht* René Kok, Erik Somers, 1989. Keuze uit de collectie foto's die de Haagse NSB fotohandelaar Willem Streefkerk tijdens de oorlogsjaren heeft gemaakt, aangevuld met verhalen van buurtbewoners over de bezettingstijd.
