De Monsters Van Zeut:

Protestant Church Polity in Changing Contexts I Allan J. Janssen, Leo Koffeman, 2014 Church polity as a theological discipline has become increasingly aware of the challenge of contextuality due to tendencies like secularization in the global North and a renewed awareness of inherited cultural and religious traditions in the global South The ecumenical movement offers a particular framework for reflection on such developments Contexts I and Contexts II of Protestant Church Polity in Changing Contexts contain proceedings from an international conference held in Utrecht in November 2011 Contexts I ISBN 978 3 643 90310 5 includes essays in the fields of ecclesiology church history missiology inter cultural theology and practical theology The companion Contexts II ISBN 978 3 643 90311 2 presents a number of case studies Series Church Polity and Ecumenism Global Perspectives Vol 2 Book of Beasts Elizabeth Morrison, 2019 A celebration of the visual contributions of the bestiary one of the most popular types of illuminated books during the Middle Ages and an exploration of its lasting legacy Brimming with lively animals both real and fantastic the bestiary was one of the great illuminated manuscript traditions of the Middle Ages Encompassing imaginary creatures such as the unicorn siren and griffin exotic beasts including the tiger elephant and ape as well as animals native to Europe like the beaver dog and hedgehog the bestiary is a vibrant testimony to the medieval understanding of animals and their role in the world So iconic were the stories and images of the bestiary that its beasts essentially escaped from the pages appearing in a wide variety of manuscripts and other objects including tapestries ivories metalwork and sculpture With over 270 color illustrations and contributions by twenty five leading scholars this gorgeous volume explores the bestiary and its widespread influence on medieval art and culture as well as on modern and contemporary artists like Pablo Picasso and Damien Hirst Published to accompany an exhibition on view at the J Paul Getty Museum at the Getty Center May 14 to August 18 2019 Chemie en industrie ,1923 Des christens eenige troost in leven en in sterven, of verklaring over den Heidelbergscher catechismus, in twee en vijftig predikationen; benevens vijf belijdenis predikationen Bernardus Smytegelt, 1850 *Batik-Kunst in Niederländisch-Indien und ihre Geschichte* Gerret Pieter Rouffaer, 1914 **Looking Beyond?** ,2012-01-01 Religion is undergoing a transformation in current Western society In addition to organized religions there is a notable movement towards spirituality that is not associated with any institutions but in which experiences and notions of transcendence are still important Transcendence can be described as God the absolute Mystery the Other the other as alterity depending on one s worldview In this book these shifts in the views of transcendence in various areas of culture such as philosophy theology art and politics are explored on the basis of a fourfold heuristic model proposed by Wessel Stoker In conversation with this model various authors established scholars in their fields explain the meaning and role or the critique of transcendence in the thought of contemporary thinkers fields of discourse or cultural domains Looking Beyond will stimulate further research on the theme of transcendence in contemporary culture but can also serve as a textbook for courses in various disciplines ranging from philosophy to theology
