Foresight 2020 A Futurist Explores The Trends Transforming Tomorrow:

Foresight 20/20 Jack Uldrich, Simon J. Anderson, 2015-02-18 The forces transforming tomorrow are profound powerful and accelerating The Internet social networks crowd sourcing gaming dynamics new information and communication technologies robotics biotechnology and nanotechnology are all converging to transform everything from agriculture energy education and law enforcement to healthcare manufacturing banking and finance retail and transportation In Foresight 20 20 professional futurists and business forecasters Jack Uldrich and Simon Anderson have developed thirteen scenarios designed to aid the reader in understanding how a variety of technological trends are transforming the world of tomorrow The trends are exciting and scary positive or negative prosaic and profound and will impact both one s personal or professional life As Cervantes said centuries ago Forewarned forearmed to be prepared is half the victory Foresight 20 20 goes one step further and not only prepares the reader for victory but also instills in th

Viagem ao Futuro: A verdade sobre a Prospectiva

Luís Rasquilha, Max Franco, 2015-01-01 Este definitivamente um livro de Futuro Futuro uma coisa estranha Ele est nossa frente mas quase ningu m o enxerga direito Depois de ler o livro e acompanhar as palestras do meu amigo lusitano Lu s Rasquilha observo que para ele esse detetive do Amanh o futuro n o t o indecifra vel assim Ele afinal integra um grupo oriundo das mais diversas latitudes do globo que se dedica exclusivamente a pesquisar tend ncias e a antever comportamentos O futuro o seu of cio Renato Russo cantava que o futuro n o mais como era antigamente Cazuza por sua vez dizia eu vejo o futuro repetir o passado eu vejo um museu de grandes novidades O tempo n o p ra Ambos viveram numa poca onde as perspectivas n o nos acenavam sorridentes Essa foi a minha gera o Anos atr s Hoje vejo que o passado passou apesar de ainda influenciar o Presente Mas o Presente hiperativo e workaholic n o tem tempo para perder pensando nos tempos idos Presente costuma ser afeito a mirar frente E como o Lu s gosta de repetir n o se deter olhando pelo retrovisor In Pref cio de Max Franco

Routledge Handbook of the Future of Warfare Artur Gruszczak, Sebastian Kaempf, 2023-09-19 This handbook provides a comprehensive problem driven and dynamic overview of the future of warfare The volatilities and uncertainties of the global security environment raise timely and important questions about the future of humanity s oldest occupation war This volume addresses these questions through a collection of cutting edge contributions by leading scholars in the field Its overall focus is prognostic rather than futuristic highlighting discernible trends key developments and themes without downplaying the lessons from the past By making the past meet the present in order to envision the future the handbook offers a diversified outlook on the future of warfare which will be indispensable for researchers students and military practitioners alike The volume is divided into six thematic sections Section I draws out general trends in the phenomenon of war and sketches the most significant developments from the past to the present and into the future Section II looks at the areas and domains which actively shape the future of warfare Section III engages with the main theories and conceptions of warfare capturing those attributes of contemporary conflicts which will most likely persist and determine the

dynamics and directions of their transformations The fourth section addresses differentiation and complexity in the domain of warfare pointing to those factors which will exert a strong impact on the structure and properties of that domain Section V focuses on technology as the principal trigger of changes and alterations in the essence of warfare The final section draws on the general trends identified in Section I and sheds light on how those trends have manifested in specific local contexts This section zooms in on particular geographies which are seen and anticipated as hotbeds where future warfare will most likely assume its shape and reveal its true colours This book will be of great interest to students of strategic studies defence studies war and technology and International Relations

Think Like a Futurist Cecily Sommers, 2012-09-11 Push past resistance to discover and own new business territories Think Like a Futurist shows how to track changes explore questions and engage in new thinking that connects today's pressures with tomorrow's realities Cecily Sommers shows how to apply long term focus and strategies to needs as diverse as industry forecasts innovation challenges leadership development or future proofing a brand By understanding intersecting potentials that one day may impact your organization you can readily spot emerging trends and market shifts uncovering opportunities on the horizon Think Like a Futurist explores such questions as Where will new markets emerge over the next 5 10 25 years What will be the big issues of the day How will lifestyle social mores and policy adapt And what role do we play in that future Offers a clear framework for thinking like a futurist and direction for how to integrate it in high pressure corporate environments Explains how the social economic and environmental crises of our time spring from just four constant and predictable forces Reveals the three dramatic disruptions on the horizon that should be a part of every strategic conversation Written by Cecily Sommers the Founder and President of The Push Institute a non profit think tank that tracks significant global trends and their implications for business government and non profit Filled with tools and models for a new world this book should be required reading for strategists and innovators across disciplines Refreshing A book that does not follow today's push to be innovative just to snag attention because of the current hot trending keyword Matter of fact Cecily Sommers book works to get us away from simply identifying and going for a ride on the latest trends in our respective industries Quite the contrary rather than avoid a scientific or tactical discussion of trend identification she works to give us the ability to go beyond trends and into the future Cecily has drafted a book providing a nice blend of practical reality philosophy and practical execution It speaks well to current discussions about how to drive innovation or better creativity within your businesses however large or small All in this is a book 254 pages long including index that is written at a practical level that after closer study following an initial read through provides a methodology for anticipating the future and taking action to meet it Provides a methodology for anticipating the future and taking action to meet it Think Like a Futurist is a good read for anyone struggling with how to move their organization forward Business leaders product and program managers service providers will all find the concepts Cecily introduces to be well laid out with a reasonable amount of supporting content The source is a blog <http://jtpedersen.net>

2012 11 15 what ive read lately think like a futurist *The Futurist Leader* Yvette Montero Salvatico,2014-07-16 Today s challenging landscape is the new reality It requires businesses to embrace new leadership and organizational development approaches in order to be successful Recognizing emerging patterns will give leaders a great idea of what the future holds This TD at Work will provide a framework and tools for doing so it will Define strategic foresight and outline the business imperative for the approach Describe how to leverage both the push and pull of the future Provide guidance on putting strategic foresight into practice Explain how applying the Natural Foresight framework can help you become a futurist leader

The Signals Are Talking Amy Webb,2016-12-06 Amy Webb is a noted futurist who combines curiosity skepticism colorful storytelling and deeply reported real world analysis in this essential book for understanding the future *The Signals Are Talking* reveals a systemic way of evaluating new ideas bubbling up on the horizon distinguishing what is a real trend from the merely trendy This book helps us hear which signals are talking sense and which are simply nonsense so that we might know today what developments especially those seemingly random ideas at the fringe as they converge and begin to move toward the mainstream that have long term consequence for tomorrow With the methodology developed in *The Signals Are Talking* we learn how to think like a futurist and answer vitally important questions How will a technology like artificial intelligence machine learning self driving cars biohacking bots and the Internet of Things affect us personally How will it impact our businesses and workplaces How will it eventually change the way we live work play and think and how should we prepare for it now Most importantly Webb persuasively shows that the future isn t something that happens to us passively Instead she allows us to see ahead so that we may forecast what s to come challenging us to create our own preferred futures
