Formation Badges of World War 2 Howard N. Cole,1973

**Formation Badges of World War 2** Howard N. Cole,1985

**Formation Badges of World War Two** Howard Norman Cole,Matt Cole,1993

**Churchill's Army** Stephen

Bull,2016-09-22 Winston Churchill Britain's iconic war time Prime Minister is inextricably linked with the victorious British Army of 1939 to 1945 Yet hindsight propaganda and the imperative of the defeat of Hitler and Imperial Japan have led to a tendency to oversimplify the image of Churchill the war leader and his Army For whilst Churchill was undeniably a towering statesman his relations with both the Army and War Office were ambiguous and altered considerably not only with the progress of the Second World War but over decades In this comprehensive book Stephen Bull examines every aspect of the British Army during the Second World War and considers in detail the strengths and weaknesses of an organisation that was tested to its limits on many fronts but made an immense contribution to the successful Allied outcome The book explores the structure of military power from the men who ran it the Generals to the detail of the regiments they commanded It looks at the uniforms the soldiers wore and the badges and insignia they bore on their uniforms The weaponry Churchill's army used is discussed in detail from small arms including rifles bayonets grenades carbines and machine guns to the massed firepower of the artillery along with the increasing sophistication of tanks and other military vehicles during the period Finally the role of auxiliary and special forces and their contribution to the campaign is considered The comprehensive text is enhanced by more than 200 contemporary photographs

**Secularisation in the Christian World** Michael

Snape,2016-04-01 The power of modernity to secularise has been a foundational idea of the western world Both social science and church history understood that the Christian religion from 1750 was deeply vulnerable to industrial urbanisation and the Enlightenment But as evidence mounts that countries of the European world experienced secularising forces in different ways at different periods the timing and causes of de Christianisation are now widely seen as far from straightforward Secularisation in the Christian World brings together leading scholars in the social history of religion and the sociology of religion to explore what we know about the decline of organised Christianity in Britain Europe the United States Canada and Australia The chapters tackle different strands themes comparisons and territories to demonstrate the diversity of approach thinking and evidence that has emerged in the last 30 years of scholarship into the religious past and present The volume includes both new research and essays of theoretical reflection by the most eminent academics It highlights historians and sociologists in both agreement and dispute With contributors from eight countries the volume also brings together many nations for the first consolidated international consideration of recent themes in de Christianisation With church historians and cultural historians and religious sociologists and sociologists of the godless society this book provides a
