a truly significant hand in shaping and directing the Allied War effort against the Fascist powers In these brilliant excellently written memoirs he reveals the planning and execution of Grand Strategy on a global scale that toppled Hitler Mussolini and Tojo The Second World War says historian Walter Millis was administered As a war planner in Washington from 1940 into 1943 I was intimately involved in an attempt to see the war whole and even after I had moved on to Asia where I served successively on Lord Louis Mountbatten s staff in India and as U S commander in the China Theater I was still close to the problems of adapting Grand Strategy to a conflict of global dimensions It was inevitable then that the subject of Grand Strategy should predominate in this book I was not deprived of my own share of war experience from close up but my most strenuous battles were those of the mind of trying as we in Washington s planning echelons saw it to establish a correct and meaningful Grand Strategy which would have resulted in a fruitful peace and a decent post war world There were many obstacles in the way of developing a meaningful strategy of assuring that our abundant means material and spiritual would be used to achieve worthy human ends First there was the pervasive influence of the Communists who had their own plans for utilizing the war as a springboard to world domination Second there was the obstinacy of that grand old man Winston Churchill who as we soldiers felt could never reconcile his own concepts of Grand Strategy with sound military decisions Because we had to contend with the machinations of Stalin on the one hand and with the bulldog tenacity of Churchill on the other this book has had to be harsh in some of its personal assessments Foreword *The Briefcase* PAT COLE,2015-07-31
