Caputo,2021-04-11 In a time of distant memory there was a small town where legends had walked its cobblestone streets alongside dangers of all sorts These legends were unafraid of perils lurking around every turn They passed their time with their heads held high knowing that a mistake in judgement would put them in serious danger Out of the shadow of these legend stepped three little boys hearing tales of them and believing anything was possible they longed to follow in their footsteps More legends appeared before them both on the big screen at the movies and in the new additions in their living rooms on television The temptations were too great to resist The boys decided they would overcome all obstacles set before them of both man and nature they thought Thus began a journey into the unknown world of legend The boys were warned again and again by those knowing better that it would lead to no good But being young they would have to learn the lessons of youth for themselves They set out to overcome all obstacles set before them by man nature not knowing what to expect and willing to take the risks to achieve their goal *The Beginning Teacher's K-6 Classroom* Cynthia Wheatley
