De Nederlandsche kunst-spiegel; Le @Miroir des arts, 1845 **Acta Universitatis Upsaliensis**, 1951 Flemish Paintings of the Seventeenth Century Arthur K. Wheelock, 2005 This catalogue of the Gallery's remarkable collection of Flemish paintings offers new information about each of the individual works Stylistic characteristics of the paintings have been analyzed historical circumstances related to their creation have been assessed and their provenances have been reexamined A number of the paintings have undergone conservation treatment while the technical characteristics of other works have been thoroughly studied This exhaustive research has indicated that the titles dates and even attributions of a number of works needed to be changed and the catalogue includes a concordance of these revisions **BOOK JACKET**
