The Oxford Illustrated History of World War Two Richard Overy, 2015-04-09 World War Two was the most devastating conflict in recorded human history It was both global in extent and total in character It has understandably left a long and dark shadow across the decades Yet it is three generations since hostilities formally ended in 1945 and the conflict is now a lived memory for only a few And this growing distance in time has allowed historians to think differently about how to describe it how to explain its course and what subjects to focus on when considering the wartime experience For instance as World War Two recedes ever further into the past even a question as apparently basic as when it began and ended becomes less certain Was it 1939 when the war in Europe began Or the summer of 1941 with the beginning of Hitler's war against the Soviet Union Or did it become truly global only when the Japanese brought the USA into the war at the end of 1941 And what of the long conflict in East Asia beginning with the Japanese aggression in China in the early 1930s and only ending with the triumph of the Chinese Communists in 1949 In *The Oxford Illustrated History of World War Two* a team of leading historians reassesses the conflict for a new generation exploring the course of the war not just in terms of the Allied response but also from the viewpoint of the Axis aggressor states Under Richard Overy's expert editorial guidance the contributions take us from the genesis of war through the action in the major theatres of conflict by land sea and air to assessments of fighting power and military and technical innovation the economics of total war the culture and propaganda of war and the experience of war and genocide for both combatants and civilians concluding with an account of the transition from World War to Cold War in the late 1940s Together they provide a stimulating and thought provoking new interpretation of one of the most terrible and fascinating episodes in world history

Strategy, Psychology, Logistics Chan Sai Hung, Curtis, Chung W.T., Emily, Ho Ho Hin, Oskar, Lam Fung Hoi, Henry, Li Yinuo, Derek, Shum Hou Zit, Tang Ming Chung, Alan, Tse Sheung Hei, 2024-08-06 The art of war is an ugly art yet it is ever more pivotal in our turbulent world as we struggle to comprehend the sheer scale of atrocities However people do tend to simplify the conduct of warfare to a mere contest of weaponry and wealth and neglecting initiatives of commanders in the complicated system of warfare Therefore we the History Society hope to explore this missing linkage by providing this valuable platform for studies of various aspects of warfare from tactical doctrines to cultural impacts thereby understanding war as an intrinsic and comprehensive phenomenon throughout human history It is

also our hope that by investigating in this perplexing topic can we acknowledge that war is not instigated to deal with the ordeals ahead only but also a cruel portrayal of how human beings endeavour to slaughter each other by all means and at all costs

Murray, 2017-03-27 Jeremy A Murray's study of local Communist revolutionaries in Hainan between 1926 and 1956 provides a window into the diversity and complexity of the Chinese revolution Long at the margins of the Chinese state Hainan was once known by mainlanders only for its malarial climate and fierce indigenous people In spite of efforts by the Chinese Nationalists and the Japanese to exterminate Hainan's Communists the movement survived because of an alliance with the indigenous Li For years it persevered though in complete isolation from Communist headquarters on the mainland Using Chinese language sources archival materials and interviews Murray draws a vivid picture of this movement from the Hainanese perspective and broadens our understanding of how patriotism Party loyalty and Chinese identity have been experienced and interpreted in modern China **Chinese (Taiwan) Yearbook of International Law and Affairs, Volume 33 (2015)** Ying-jeou Ma, 2017-09-18 The Chinese Taiwan Yearbook of International Law and Affairs includes articles and international law materials relating to the Republic of China on Taiwan and contemporary Asia Pacific issues This volume provides insight into the South China Sea Arbitration investment and financial integration in Asia the Ma Xi Summit in Singapore the Taiwan Philippines Fisheries Agreement and the 70th Anniversary of the ROC's War of Resistance against Japan Questions and comments can be directed to the editorial board of the Yearbook by email at yearbook@nccu.edu.tw **Red Friends** John Sexton, 2023-02-21 China's resistance to Imperial Japan was the other great internationalist cause of the red 1930s along with the Spanish Civil War These desperate and bloody struggles were personified in the lives of Norman Bethune and others

who volunteered in both conflicts The story of Red Friends starts in the 1920s when encouraged by the newly formed Communist International Chinese nationalists and leftists united to fight warlords and foreign domination John Sexton has unearthed the histories of foreigners who joined the Chinese revolution He follows Comintern militants journalists spies adventurers Trotskyists and mission kids whose involvement helped and sometimes hindered China's revolutionaries Most were internationalists who while strongly identifying with China's struggle saw it as just one theatre in a world revolution The present rulers in Beijing however buoyed by China's powerhouse economy commemorate them as foreign friends who aided China's peaceful rise to great power status Red Friends is part of Verso's growing China list which includes China's Revolution in the Modern World and China in One Village Founded on original research it is a stirring story of idealists struggling against the odds to found a better future The author's interviews with survivors and descendants add colour and humanity to lives both heroic and tragic

China Under Mao Andrew George Walder, 2015-04-06 China's Communist Party seized power in 1949 after a long period of guerrilla insurgency followed by full scale war but the Chinese revolution was just beginning China Under Mao narrates the rise and fall of the Maoist revolutionary state from 1949 to 1976 an epoch of startling accomplishments and disastrous failures steered by many forces but dominated above all by Mao Zedong Walder convincingly shows that the effect of Maoist inequalities still distorts China today It will be a mind opening book for many and is a depressing reminder for others Jonathan Mirsky The Spectator Andrew Walder's account of Mao's time in power is detailed sophisticated and powerful Walder takes on many pieces of conventional wisdom about Mao's China and pulls them apart What was it that led so much of China's population to follow Mao's orders in effect to launch a civil war against his own party There is still much more to understand about the bond between Mao and the wider population As we try to understand that bond there will be few better guides than Andrew Walder's book Sober measured meticulous in every deadly detail it is an essential assessment of one of the world's most important revolutions Rana Mitter Times Literary Supplement
