Online Pre-Evangelization Michael Rossmann, 2025-02-12

Christians seeking to evangelize face innumerable challenges Many people see the Good News as neither good nor newsworthy Religious indifference runs rampant Trust in institutions is low Previous methods of transmitting faith no longer have the same impact in a changed cultural landscape Young adults are particularly hard for the Church to reach Many

efforts at evangelization will remain ineffective at reaching most religious nones without significant preparation or pre evangelization This process involves patiently tilling the soil to build the necessary trust curiosity and openness so that the Gospel message may take root New media play a crucial role in this work of pre evangelization While recognizing the concerning aspects of the digital landscape and the need for embodied community this book takes a positive approach to leveraging media for evangelization to prepare the way of the Lord today Catechesis for the New Evangelization Brian Pedraza, 2020-06-12 Popes Francis Benedict XVI and John Paul II have called the present a time of New Evangelization for the Church and have stressed the importance of catechesis for this mission John Paul II claimed that this renewal of the Church's mission is grounded in the teachings of the Second Vatican Council Nevertheless approaches to catechesis in the conciliar and postconciliar era have varied greatly as evidenced by the shifts in catechetical practice effected by the modern catechetical movement Just as the dominant forms of theology changed from neo scholastic to anthropological approaches so too did catechesis move from catechism based approaches to more anthropological models based upon human experience In light of this context *Catechesis for the New Evangelization* examines the theological foundations of catechesis in the Church's understanding of divine revelation and its reception by the human person especially as found in the conciliar constitutions *Dei Verbum* and *Gaudium et Spes* After drawing norms on divine revelation from these documents it traces the history of the modern catechetical movement in order to compare this history with the conciliar norms highlighting the renewal's strengths and weaknesses These steps prepare the way for the main part of the book an examination of the anthropology of Karol Wojtya a Pope John Paul II Ultimately his anthropology provides an understanding of the person that can unite divine revelation and human experience in a way that takes what is best from the modern catechetical movement while developing the ministry in a way that can be fruitful for the New Evangelization Pedraza's book is not only an incisive look at modern catechetical history and theory It also touches upon some of the most important theological topics of the past century including the neo scholastic crisis the proper interpretation of the Council the relationship of nature and grace and the modern understanding of the *imago dei* with the research and competency appropriate for scholarly interest and the accessibility needed for educated practitioners in catechesis *Millennial Missionaries* Katherine Dugan, 2019 Millennials in the U S have been characterized as uninterested in religion as defectors from religious institutions and as agnostic about the role of religious identity in their culture Amid the rise of so called nones though there has also been a countervailing trend an increase in religious piety among some millennial Catholics The Fellowship of Catholic University Students FOCUS which began evangelizing college students on American university campuses in 1998 hires recent college graduates to evangelize college students and promote an attractive and culturally savvy Catholicism These millennial Catholics have personal relationships with Jesus attend Mass daily and know and defend papal teachings while also being immersed in U S popular culture With their skinny jeans devotional tattoos and large framed glasses FOCUS missionaries embody a hip attractive style of

Catholicism They promote a faith that interweaves distinctly Catholic identity with outreach methods of twentieth century evangelical Protestants and the anxieties of middle class emerging adulthood Though this new generation of missionaries lives according to strict gender essentialism prescribed by papal teachings including the notions that men lead while women follow and that biology dictates gender roles they also support stay at home fatherhood and women earning MBAs Millennial Missionaries examines how these young people navigate their Catholic and American identities in the twenty first century Illuminating the ways missionaries are reshaping American Catholic identity Katherine Dugan explores the contemporary U S religious landscape from the perspective of millennials who proudly proclaim I am Catholic and devote years of their lives to convincing others to do the same *Fruitful Discipleship* Sherry A. Weddell, 2017-06-20 As faith filled Catholics we are called to go out and spread the good news of the Gospel build up the Church and fuel its mission We are supernaturally empowered by God to do this through the charisms we receive at Baptism Learn about each charism what they are and how discipleship unleashes these powerful gifts to produce fruit that lasts
