Foucault And Education Disciplines And Knowledge Volume 1 Routledge Library Editions Michel Foucault:

Foucault and Education Stephen J. Ball, 2013-05-13 First published in 1990 this book was the first to explore Foucault's work in relation to education arguing that schools like prisons and asylums are institutions of moral and social regulation complex technologies of disciplinary control where power and knowledge are crucial Original and challenging the essays assess the relevance of Foucault's work to educational practice and show how the application of Foucauldian analysis to education enables us to see the politics of educational reform in a new light

Knowledge and Civil Society Johannes Glückler, Heinz-Dieter Meyer, Laura Suarsana, 2021-12-08 This open access book focuses on the role of civil society in the creation dissemination and interpretation of knowledge in geographical contexts It offers original interdisciplinary and counterintuitive perspectives on civil society The book includes reflections on civil and uncivil society the role of civil society as a change agent and on civil society perspectives of undone science Conceptual approaches go beyond the tripartite division of public private and civic sectors to propose new frameworks of civic networks and philanthropic fields which take an inclusive view of the connectivity of civic agency across sectors This includes relational analyses of epistemic power in civic knowledge networks as well as of regional giving and philanthropy The original empirical case studies examine traditional forms of civic engagement such as the German landwomen's associations as well as novel types of organizations such as giving circles and time banks in their geographical context The book also offers insider reflections on doing civil society such as the cases of the Umbrella Movement in Hong Kong epistemic activism in the United States and the FeesMustFall movement in South Africa

Decolonial Existence and Urban Sensibility Sayan Dey, 2019-10-01 The book *Decolonial Existence and Urban Sensibility* A Study on Mahesh Elkunchwar meticulously reflects upon some of the selected translated plays of Marathi playwright Mahesh Elkunchwar It revolves around the themes of decolonial existence and urban sensibility in contemporary India as portrayed in his plays with respect to post independent urban existence socio cultural existence and gender The book also looks forward to establish a counterargument against the idealized and totalitarian definitions of West centric existentialist philosophy and establish indigenous dimensions of decolonial existence within specific contexts It dismantles the colonially structured existing binaries of urban rural ethical unethical and high culture low culture through the diverse portrayal of human relationships in contemporary India and broadly addresses two intermingled perspectives Firstly it outlines the thematic and dramatic perspectives of the selected plays of Mahesh Elkunchwar and secondly it explores the multi dimensional philosophical perspectives that encapsulate the theoretical latitude of decoloniality and urban sensibility

Philosophy, Methodology and Educational Research David Bridges, Richard D. Smith, 2007-10-22 This book evaluates the increasingly wide variety of intellectual resources for research methods and methodologies and investigates what constitutes good educational research Written by a distinguished international group of philosophers of education Questions what sorts of research can usefully inform policy and practice and what inferences can be drawn from different kinds of research Demonstrates the critical engagement of philosophers of education with the wider educational research community and illustrates the benefits that can accrue from such engagement *Philosophy in Educational Research* David Bridges, 2016-12-01 This book provides critical and reflective discussions of a wide range of issues arising in education at the interface between philosophy research policy and practice It addresses epistemological questions about the intellectual resources that underpin educational research explores the relationship between philosophy and educational research and examines debates about truth and truthfulness in educational research Furthermore it looks at issues to do with the relationship between research practice and policy and discusses questions about ethics and educational research Finally the book delves into the deeply contested area of research quality assessment The book is based on extensive engagement in empirically based educational research projects and in the institutional and professional management of research as well as in philosophical work It clarifies what is at stake in international debates around educational research and teases out the

nature of the arguments and where argument permits the conclusions to which these point The book discusses these familiar themes using less predictable sources and points of reference such as codes of social obligation in contemporary Egypt and New Zealand the Soviet and the inspiration of the nineteenth century philosopher Abai in contemporary Kazakhstan seventeenth century France Pascal and the disputes between Jesuits and Jansenites eighteenth century Italy Giambattista Vico and la scienza nuova educational magic in traditional Ethiopia and ends at a banquet with Socrates and dinner with wine and a conversation loving Montaigne

Biopolitics and Structure in Legal Education Luca

Silicini-Cinelli,Thomas Giddens,2023-06-30 Taking up the study of legal education in distinctly biopolitical terms this book provides a critical and political analysis of structure in the law school Legal education concerns the complex pathways by which an individual becomes a lawyer making the journey from lay person to expert from student to practitioner To pose the idea of a biopolitics of legal education is not only to recognise the tensions surrounding this journey but also to recognise that legal education is a key site in which the subject engages and is engaged by a particular structure and here the particular structure of the law school This book explores that structure by addressing the characteristics of the biopolitical orders engaged in legal education including understanding the lawyer as a commodity unpicking the force relations in legal education examining the ways codes of conduct in higher education impact academic freedom as well as putting the distinctly Western structures of legal learning within a wider context Assembling original field defining essays by both leading international scholars and emerging researchers it constitutes an indispensable resource in legal education research and scholarship that will appeal to legal academics everywhere

The Routledge Handbook of Victorian Rebels Brenda

Ayres,2025-02-19 Although history records that the British nineteenth century was obsessed with order conventionality and conformity there were many Victorians from all walks of life across lines of class race and gender who resisted social mores and sometimes the laws themselves in a variety of ways and to varying degrees Some expressed dissension through music art literature and social protest Others were more subtle like manipulative wives who gained what they wanted while seemingly remaining docile and submissive Some rebellion fermented into social and political movements The revolt of still others was extremely executed by serial killers criminals and suicides Contemporary readers can learn from these rebels and discern what values and ways that were uniquely Victorian should be retained and those that should be rejected after having observed their outcomes To that end this collection of essays offers a study for both novice and expert on Victorian rebels

Exploring Education for Digital Librarians Sue Myburgh,Anna Maria Tammaro,2013-04-17 Exploring Education for Digital Librarians provides a refreshing perspective on the discipline and profession of Library and Information Science LIS with a focus on preparing students for careers as librarians who can deal with present and future digital information environments A re examination of the knowledge base of the field combined with a proposed theoretical structure for LIS provide the basis for this work which also examines competencies for practice as well as some of the international changes in

the nature of higher education The authors finally suggest a model that could be used internationally to educate librarians for their new roles and social responsibilities in a digitised networked world The twelve chapters of this book cover key issues in education for digital librarians including the necessity of regenerating the profession current contexts previous research on education for digital librarians understanding the dimensions of the discipline and profession of librarianship and the distinctions between them the social purpose of librarianship as a profession and the theoretical framework which supports the practice of the profession a brief analysis of curriculum design pedagogies and teaching methods and a glimpse of the proactive and important future role of librarianship in society Considers the ubiquitous misunderstanding that technology can replace libraries and librarians Provides a theoretical view of the field which can contribute awareness of dimensions of the dilemmas which the discipline profession currently faces Presents a broad international perspective which provides a basis for a new model for LIS education

Education Policy Mark Olssen, John A Codd, Anne-Marie O'Neill, 2004-06-30

Providing an international perspective on education policy and of the role and function of education in the global economy this text covers the major topics of central significance in education and the sociology of education

Girlhood, Schools, and Media Michele Paule, 2016-09-13 This book explores the circulation and reception of popular discourses of achieving girlhood and the ways in which girls themselves participate in such circulation It examines the figure of the achieving girl within wider discourses of neoliberal self management and post feminist possibility considering the tensions involved in being both successful and successfully feminine and the strategies and negotiations girls undertake to manage these tensions The work is grounded in an understanding of media educational and peer contexts for the production of the successful girl It traces narratives across school television and online in texts produced for and by girls drawing on interviews with girls in schools online forum participation within the purpose built site www.smartgirls.tv and girls discussions of a range of teen dramas

Writing the Family Kathleen Skott-Myhre, Korinne Weima, Helen Gibbs, 2012-07-30 This is not a traditional book about the family In a very essential way it is a book about being a woman in relation to the current form of the family under capitalism in North America The authors are three women whose interest in the family stems out of their own unique and varied experiences The text is comprised of three autoethnographies that look at the family from radically distinct perspectives Each section is rooted in the author's own personal and professional life experience The book explores multi cultural family therapy living inside a divorcing family the role of child protective services issues of class and race in a family's identity how media and pop psychology shape our view of the family and what it is to be female in a patriarchal family system All three women are currently working with young people in various capacities Each section offers new ways to work together with young people to reshape the family so that it better serves those who live within it

Politics, Education and Citizenship Mal Leicester, Sohan Modgil, 2005-08-10 Volume VI is concerned with political education and citizenship Papers from several countries lend an international perspective to currently significant concerns and developments including

democracy and democratic education human rights national identity and education for citizenship Psychoanalysis in Social Research Claudia Lapping, 2011-03-24 A growing body of work within the social sciences deploys psychoanalytic concepts in empirical research This book explores the methodological justifications for these recontextualisations offering a critical examination of the re deployment of concepts from psychoanalysis into social theory and research Lapping argues that this process of recontextualisation involves methodological and conceptual transformations that can significantly enhance our understanding of both social phenomena and the practice of research **Encyclopedia of Library and Information Sciences** John D. McDonald, Michael Levine-Clark, 2017-03-15 The Encyclopedia of Library and Information Sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online The new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance An Analysis of Michel Foucault's The History of Sexuality Rachele Dini, Chiara Briganti, 2017-07-12 Michel Foucault is famous as one of the 20th century's most innovative and wide ranging thinkers The qualities that made him one of the most read and influential theorists of the modern age find full expression in History of Sexuality the last project Foucault was able to complete before his death in 1984 Central to Foucault's appeal is the creativity of his thought Creative thinking takes many forms from redefining an issue in a novel way to making unexpected and illuminating connections Foucault's particular talent could perhaps best be described as turning questions inside out In the case of sexuality for instance his interpretation of the historical evidence led him to argue that the sexual categories that we are used to homosexual lesbian straight and so on are not natural but constructs that are products of the ways in which power and knowledge interact in society Such categories Foucault continues actually serve to produce the desires they seek to name And their creation in turn is closely linked to the power that society exerts on those who belong to different sexual groups Foucault's ideas familiar now were so novel in their time that they proved highly challenging But to see the world through Foucault's thought is to see it in a profoundly different and illuminating way an example of creative thinking at its best **Foucault and Lifelong Learning** Andreas Fejes, Katherine Nicoll, 2008-01-14 Over the last twenty years there has been increasing interest in the work of Michel Foucault in the social sciences and in particular with relation to education This the first book to draw on his work to consider lifelong learning explores the significance of policies and practices of lifelong learning to the wider societies of which they are a part With a breadth of international contributors and sites of analysis this book offers insights into such questions as What are the effects of lifelong learning policies within socio political systems of governance What does lifelong learning do to our understanding of ourselves as citizens How does lifelong learning act in the regulation and re ordering of what people

do The book suggests that understanding of lifelong learning as contributory to the knowledge economy globalisation or the new work order may need to be revised if we are to understand its impact more fully It therefore makes a significant contribution to the study of lifelong learning
