Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government:

Foucault And Political Reason Andrew Barry, Thomas Osborne, Nikolas Rose, 2013-10-11 Foucault is often thought to have a great deal to say about the history of madness and sexuality but little in terms of a general analysis of government and the state This volume draws on Foucault's own research to challenge this view demonstrating the central importance of his work for the study of contemporary politics It focuses on liberalism and neo liberalism questioning the conceptual opposition of freedom constraint state market and public private that inform liberal thought Foucault and Political Reason Andrew Barry, Thomas Osborne, Nikolas Rose, 1996-06 Despite the enormous influence of Michel Foucault in gender studies social theory and cultural studies his work has been relatively neglected in the study of politics Although he never published a book on the state in the late 1970s Foucault examined the technologies of power used to regulate society and the ingenious recasting of power and agency that he saw as both consequence and condition of their operation These twelve essays provide a critical introduction to Foucault's work on politics exploring its relevance to past and current thinking about liberal and neo liberal forms of government Moving away from the great texts of liberal political philosophy this book looks closely at the technical means with which the ideals of liberal political rationalities have been put into practice in such areas as schools welfare and the insurance industry This fresh approach to one of the seminal thinkers of the twentieth century is essential reading for anyone interested in social and cultural theory sociology and politics **Foucault and Neoliberalism** Daniel Zamora, Michael C. Behrent, 2016-01-06 Michel Foucault's death in 1984 coincided with the fading away of the hopes for social transformation that characterized the postwar period In the decades following his death neoliberalism has triumphed and attacks on social rights have become increasingly bold If Foucault was not a direct witness of these years his work on neoliberalism is nonetheless prescient the question of liberalism occupies an important place in his last works Since his death Foucault's conceptual apparatus has acquired a central even dominant position for a substantial segment of the world's intellectual left However as the contributions to this volume demonstrate Foucault's attitude towards neoliberalism was at least equivocal Far from leading an intellectual struggle against free market orthodoxy Foucault seems in many ways to endorse it How is one to understand his radical critique of the welfare state understood as an instrument of biopower Or his support for the pandering anti Marxism of the so called new philosophers Is it possible that Foucault was seduced by neoliberalism This question is not merely of biographical interest it forces us to confront more generally the mutations of the left since May 1968 the disillusionment of the years that followed and the profound transformations in the French intellectual field over the past thirty years To understand the 1980s and the neoliberal triumph is to explore the most ambiguous corners of the intellectual left through one of its most important figures *Foucault* Robert Nola, 2014-03-05 Five eminent critics explore the validity of Foucault's ideas on such questions as the fit between power and knowledge and the tension between historicist and universalist claims The very possibility of a critical stance is a recurring theme in all of Foucault's works and

the contributors vary in the ways that they relate to his key views on truth and reason in relation to power and government

Routledge Handbook of Interpretive Political Science Mark Bevir, R. A. W. Rhodes, 2015-07-03 Interpretive political science focuses on the meanings that shape actions and institutions and the ways in which they do so This Handbook explores the implications of interpretive theory for the study of politics It provides the first definitive survey of the field edited by two of its pioneers Written by leading scholars from a range of disciplinary backgrounds the Handbook's 32 chapters are split into five parts which explore the contrast between interpretive theory and mainstream political science the main forms of interpretive theory and the theoretical concepts associated with interpretive political science the methods used by interpretive political scientists the insights provided by interpretive political science on empirical topics the implications of interpretive political science for professional practices such as policy analysis planning accountancy and public health With an emphasis on the applications of interpretive political science to a range of topics and disciplines this Handbook is an invaluable resource for students scholars and practitioners in the areas of international relations comparative politics political sociology political psychology and public administration

Foucault and International Relations

Nicholas J. Kiersey, Doug Stokes, 2013-09-13 The recent debate about biopolitics in International Relations IR theory may well prove to be one of the most provocative and rewarding engagements with the concept of power in the history of the discipline Building on Foucault's arguments concerning the role played by the concept of security in 19th century liberal government numerous IR scholars are now arguing for the relevance of his theories of biopolitics and governmentality for understanding the Global War on Terror GWOT and broader issues of security and governance in the post 9 11 world Conversely others have criticized this idea Marxist and Communitarian scholars have challenged the notion that the category of biopolitics can be scaled up to the level of international relations with any analytical precision This edited volume covers these debates in IR with a series of critical engagements with Foucault's own thought and its increasing relevance for understanding international relations in the post 9 11 world This book was based on a special issue of *Global Society*

Liberalism and American Literature in the Clinton Era Ryan M. Brooks, 2022-06-30 Based on the author's dissertation doctoral University of Illinois 2014

Governmentality William Walters, 2012-06-14 First developed by Michel Foucault more than thirty years ago governmentality has become an essential set of tools for many researchers in the social and political sciences today What is governmentality How does this perspective challenge the way we understand political power and its contestation This new introduction offers advanced undergraduate and graduate students both a highly accessible guide and an original contribution to debates about power and governmentality The book aims to serve four main functions To situate governmentality as an intellectual development within Foucault's thinking about the microphysics of power and his genealogical methods To reveal how research in governmentality has changed as the idea encounters new academic fields political contexts and regional settings To examine one of the more recent encounters between governmentality and the

social sciences its interaction with international relations and global politics To offer researchers some methodological suggestions for undertaking studies in governmentality stressing that its critical edge becomes blunted if it is detached from historical genealogical modes of inquiry This book offers a set of conceptual and methodological observations intended to keep research in governmentality a living critical thought project Above all it argues that the challenge of understanding the world calls for the addition of new thinking equipment to the governmentality toolbox Governmentality Critical Encounters will prove useful for students of social and political theory international relations political sociology anthropology and geography

Governing Societies: Political Perspectives On Domestic And International Rule Dean, Mitchell, 2007-06-01 What structures of power are involved in governing societies and how are they connected How is the liberal idea of governing through freedom linked to the increasing control of marginalised populations Have we reached the end of history in which governing largely concerns self governing individuals networks and communities Should we dispense with the container view of society and contemplate the death of the social Today many people in academia politics and business question the idea of being able to govern society The nation state and sovereign government are displaced by globalization and individualization Mitchell Dean focuses on governing societies as a distinctive project that continues to define political life today The book offers a critical analysis of contemporary liberal approaches to governing societies both in domestic and international affairs Governing Societies provides an overview of current perspectives and theories and examines recent transformations in techniques and rationalities of rule It presents a new argument for the importance and transformation of sovereignty and powers of life and death and how they are integral to governing liberal democratic societies The book is key reading for undergraduate and postgraduate students of sociology and politics as well as researchers and academics

Global Governmentality Wendy Larner, William Walters, 2004-08-02 Global Governmentality extends Foucault's political thought towards international studies exploring the governance of the global the international the regional and many other extra domestic spaces

Governmentality Mitchell Dean, 1999-10-04 Governmentality draws on Foucault's work along with wider analytical frameworks to reclaim centre stage for this sociological concept The author argues for a new understanding of how the individual is related to the state and vice versa

Responsibility and Responsibilisation in Education Christine Halse, Catherine Hartung, Jan Wright, 2019-10-23 Concerns with the nature of and relationship between responsibility and responsibilisation pervade contemporary social political and moral life This book turns the analytical lens on the ways in which responsibility and responsibilisation operate in diverse educational settings and relationships and social policy and geographical contexts in the USA Europe the UK New Zealand and Australia Scholars have sought to explain the genealogy and the range of rationalities technologies bio politics and modes of governmentality that bring responsibility and responsibilisation into being how they act on and are taken up by individuals groups and organisations and the risks and possibilities they create and delimit for individuals social collectives and their freedoms

Contributors to this collection have diverse views and perspectives on responsibility and responsabilisation This disagreement is a strength It underlines the importance of unravelling both the differences and similarities across scholars and contexts It also issues a salutatory warning about assumptions that reduce the complex concepts of responsibility and responsabilisation to simplistic fixed categories or to generalising and universalising single cases or experiences to all areas of education This volume was originally published as a special issue of *Discourse Studies in the Cultural Politics of Education* **Community Psychology and the Socio-economics of Mental Distress** Carl Walker, Katherine Johnson, Liz Cunningham, 2017-09-16

Providing unique global perspectives on community psychology this is exciting and important reading for students and researchers alike written by leading experts in the field Drawing on a wealth of experience and examples it offers an essential guide to the political global context of this fast developing area of psychology **Testing and Inclusive**

Schooling Bjorn Hamre, Anne Morin, Christian Ydesen, 2018-05-11 Testing and Inclusive Schooling provides a comparative perspective on seemingly incompatible global agendas and efforts to include all children in the general school system thus reducing exclusion With an examination of the international testing culture and the politics of inclusion currently permeating national school reforms this book raises a critical and constructive discussion of these movements which appear to support one another yet simultaneously offer profound contradictions With contributions from around the world the book analyses the dilemma arising between reforms that urge schools to move towards a constantly higher academic level and those who practice a politics of inclusion leading to a greater degree of student diversity The book considers the types of problems that arise when reforms implemented at the international level are transformed into policies and practices firmly placing global educational efforts into perspective by highlighting a range of different cases at both national and local levels Testing and Inclusive Schooling sheds light on new possibilities for educational improvements in global and local contexts and is essential reading for academics researchers and postgraduate students interested in international and comparative education

assessment technologies and practices inclusion educational psychology and educational policy **Studying the Agency of Being Governed** Stina Hansson, Sofie Hellberg, Maria Stern, 2014-09-15 This edited volume seeks to provide guidance on how we can approach questions of governing and agency particularly those who endeavour to embark on grounded empirical research by rendering explicit some key challenges tensions dilemmas and confluences that such endeavours elicit Indeed the contributions in this volume reflect the growing tendency in governmentality studies to shift focus to empirically grounded studies The volume thus explicitly aims to move from theory to practice and to step back from the more top down governmentality studies approach to one that examines how one can do study how relations of power affect lives experience and agency This book offers insight into the intricate relations between the workings of governing and the possibility for people's agency on the one hand and about the possible effects of our attempts to engage in such studies on the other In numerous ways and from different starting points the contributions to this volume provide thoughtful insights

into and creative suggestions for how to work with the methodological challenges of studying the agency of being governed This work will be of great interest to students and scholars of international relations global governance and research methods

South Koreans in the Debt Crisis Jesook Song,2009-08-18 Examines the rise of neoliberal social welfare policy in South Korea during the period of the Asian Debt Crisis the ultimate consequences of which include the reinforcing of traditional gender roles

A New Ethic of 'Older' Bridget Garnham,2016-10-04 Through its themes of subjectivity surgery and self stylization this book critically examines the cultural constraints and incitements that shape the practice of cosmetic surgery by older people The book problematizes anti ageing discourses to provide a nuanced descriptive ethical and political reading of older identity politics nested within the contemporary ethico political terrain of self care A New Ethic of Older aims to de territorialize the older subject from normative discourses of ageing and theorize becoming older Evidence of an active cultural politics of older emerges from the critically reflexive engagement of older people with cosmetic surgery This engagement constitutes a cutting critique of ageing discourses enmeshed in an aesthetic mode of subjectivation that underpins a new ethics of old age The book will appeal to those in the fields of Cultural Gerontology Ageing Studies Critical Psychology Sociology and Cultural Geography The methodological approach will be of interest to academics and students exploring the application of Foucault s work on care of the self to contemporary contexts and practices

Risk and Sociocultural Theory Deborah Lupton,1999-12-09 This 1999 book presents a variety of exciting perspectives on the perception of risk and the strategies that people adopt to cope with it Using the framework of recent social and cultural theory it reflects the fact that risk has become integral to contemporary understandings of selfhood the body and social relations and is central to the work of writers such as Douglas Beck Giddens and the Foucauldian theorists The contributors are all leading scholars in the fields of sociology cultural and media studies and cultural anthropology Combining empirical analyses with metatheoretical critiques they tackle an unusually diverse range of topics including drug use risk in the workplace fear of crime and the media risk and pregnant embodiment the social construction of danger in childhood anxieties about national identity the governmental uses of risk and the relationship between risk phenomena and social order

Political Theory Evangelia Sembou,2013-08-19 Political theory draws on a number of different disciplines such as political science philosophy history and law It is a broad subfield its practitioners depending on their background bring different perspectives and approaches to the study of political thought which range from historical to normative Moreover political theory often draws on the insights of as well as engages in a dialogue with social theory ethics and the philosophy of law In addition nowadays political theory has expanded to include the study of the international international political theory For all these reasons political theory is a core subject taught in a variety of academic departments Yet paradoxically there has been an increasing tendency in the past few years for political theory to be marginalized in the academy This is because so much academic policy concentrates on the main branches of the disciplines within which political theory falls Even worse

for political theory social theory and the philosophy of law or legal philosophy with which it enters into fruitful dialogue are themselves weak areas within sociology and law respectively The aim of this volume is to address this situation What are the problems and challenges that political theory faces today What is its importance as a distinctive branch of enquiry What are its main concerns The fact that political thought operates across disciplinary boundaries and often challenges the boundaries of the aforesaid disciplines is one of its greatest strengths **Beyond Biopolitics** Francois Debrix,Alexander

Barder,2013-07-03 Beyond Biopolitics constitutes a truly serious attempt to think about the unthinkable Guy Lancaster Political Studies Review 2014 VOL 12 93 Beyond Biopolitics exposes the conceptual limits of critical biopolitical approaches to violence war and terror in the post 9 11 War on Terror era This volume shows that such popular international political theories rely upon frames of representation that leave out of focus a series of extreme forms of gruesome violence that have no concern for the preservation of life a crucial biopolitical theme Debrix and Barder mobilize different concepts horror agonial sovereignty the pulverization of the flesh or the notion of an inhumanity to come to shed light on past and present ghastly scenes and events of violence that seek to undo the very idea of humanity To highlight the capacity of horror to be in excess of both violence and the meaning of humanity Beyond Biopolitics provides a series of engagements with issues much debated in contemporary critical theoretical circles in particular war and terror the production of fear states and spaces of exception and alterity as enmity This work will be of great interest to scholars of critical international relations theory critical security studies and international relations

Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government Introduction

In today's digital age, the availability of Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a

wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of

Government books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books and manuals for download and embark on your journey of knowledge?

FAQs About Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government Books

1. Where can I buy Foucault And Political Reason Liberalism Neo Liberalism And Rationalities Of Government books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
