Foreword by Levison Wood

FOUND IN TRANSLATION

The background of the book cover is a stylized map of the British Isles, including Great Britain and Ireland. A winding river, likely the River Sever, flows from the top left towards the bottom right. The map is divided into several horizontal bands of color: teal at the top, orange in the middle, and green at the bottom. Various place names are written in a cursive script across the map, including 'Follow the Orinoco flow', 'Can't see the water the end of many trees', 'A mystery island and many more', 'The legend of silver and Spaniards', 'The narrow land of angles and fishermen', 'From the still lake to the spice islands', and 'The southern land of dust and magic'. The title 'FOUND IN TRANSLATION' is printed in large, white, sans-serif capital letters across the center of the map.

300 Years of Robinsonades Emmanuelle Peraldo, 2020-03-10 Daniel Defoe's Robinson Crusoe 1719 has had an enduring and widespread impact becoming a universal myth This volume offers various approaches to the rewriting of the deserted island myth of the novel Its originality comes from the time range covered as its focus ranges from medieval proto Robinsonades to twentieth century cinematic adaptations It begins with an exploration of Robinsonades written before Robinson Crusoe prompting discussion about the label Robinsonade and why critics have seen Defoe's narrative as the hypertext of the genre Robinson Crusoe can only be understood in the context of the imperial expansion of Britain in the 18th century and the rise of capitalism but Robinsonades adapt to the audiences they address At the turn of the 19th century despite the changing context and the increasingly unrealistic claim that one could be stranded on a desert island fertile enough for rebuilding a new life and civilization the myth of Robinson resurfaced in R L Stevenson's and Joseph Conrad's fictions The 19th century was also marked by industrial revolution progress and scientism and the authors who wrote Robinsonades at that period witnessed how those developments changed the world The volume includes a discussion of Jules Verne's work as a critical perspective on colonial narratives and deals with transmedial and transgeneric approaches analysing the bridges and comparisons between the depictions of such narratives in literature cinema and television Finally the volume proposes a topical approach to the genre by focusing on the link between literature and the

environment and how the Robinsonade can awaken people's consciences and help make a difference in the world. Bearing in mind the idea that Robinsonades can be wake up calls, the epilogue of this volume offers a very original comparison between the Robinsonade and the political situation in Great Britain regarding Europe.
