[Foundation Flash CS4 for Designers](#) Tom Green, David Stiller, 2010-02-21 If you're a Flash designer looking for a solid overview of Flash CS4 this book is for you Through the use of solid and practical exercises you will soon master the fundamentals of this fourth edition of the Adobe Flash authoring tool Using a series of carefully developed tutorials you will be led from basic Flash CS4 techniques to the point where you can create animations MP3 players and customized Flash video players in no time Each chapter focuses on a major aspect of Flash and then lets

you take the reins in a Your Turn exercise to create something amazing with what you've learned. This book focuses on the core skill set you need to feel at home with Flash CS4 and also introduces you to some of the biggest names in today's Flash community through interviews and actual How To examples so you can learn from the masters. You will start by studying the Flash CS4 interface and while you're at it you'll be guided toward mastery of the fundamentals such as movie clips, text, and graphics which will lead you into some of the more fascinating aspects of Flash including audio, video, animation, and 3D transformations. By the time you finish you will have created an MP3 player and a Flash video player, been introduced to the basics of ActionScript 3.0, learned how to combine Flash with XML, styled Flash text with CSS, created animated scenes, and worked your way through a host of additional projects. All of these exercises are designed to give you the knowledge necessary to master Flash CS4 from the ground up. If you're already a seasoned Flash designer, this book will get you up to speed with the fourth version in relatively short order. This book covers all of the new Flash CS4 features such as the new animation and 3D tools, the new Adobe Media Encoder, and a pair of the coolest new additions to the tools panel: a spray brush tool and a deco tool. You can discover more about this book, download source code, and more at the book's companion website www.foundationflashcs4.com.

Foundation Flex for Designers Greg Goraliski, Lordalex Leon, 2008-03-11. All Flex applications look the same: a blue-gray background and silver-skinned components, right? That doesn't have to be the case, though. This book shows you how to ensure that your Flex 2 and 3 projects stand out from the crowd and provide your users with an application that is both visually stunning and beautifully functional. Flex Builder, coupled with the Adobe Creative Suite CS3, is a powerful combination providing all the tools you need to create compelling, vibrant interfaces. This book guides you through creating applications with Flex Builder, designing layouts in Fireworks, creating custom skins for your components in Photoshop and Illustrator, and using CSS to enhance the appearance of your rich Internet applications (RIAs). You'll learn how to efficiently

use and style states enabling you to switch between pages thus adding real depth to your applications You ll also learn how to build web forms that are intuitive to use helping your users provide the information you re after Your Flex applications no longer have to be contained within a web browser window Adobe Integrated Runtime AIR enables the creation of desktop applications This book explores giving an AIR application a truly custom shape and style leaving the rectangular form that defines most applications far far behind Flex isn t just for programmers it s time for designers to take back RIAs and show what that R really stands for The Internet is not just about collecting data it s about visual communication and giving people a rich user experience and that s what designers do best
