Frederik Frank Sterkenburgh

Germanys Second Reich Portraits And Pathways German And European Studies:

Germany's Second Reich, 2015 **Germany's Second Reich** James Retallack, 2015-07-06 Despite recent studies of imperial Germany that emphasize the empire's modern and reformist qualities the question remains to what extent could democracy have flourished in Germany's stony soil In Germany's Second Reich James Retallack continues his career long inquiry into the era of Bismarck and Kaiser Wilhelm II with a wide ranging reassessment of the period and its connections with past traditions and future possibilities In this volume Retallack reveals the complex and contradictory nature of the Second Reich presenting Imperial Germany as it was seen by outsiders and insiders as well as by historians political scientists and sociologists ever since **Germany's Second Reich** James N. Retallack, 2015 German Social Democracy through British Eyes James Retallack, 2022-01-10 German Social Democracy through British Eyes uses diplomatic reports sent from Germany to Britain to document the rise of social democracy as well as efforts to repress it **Red Saxony** James N. Retallack, 2017 Red Saxony reappraises Germany's prospects for democratic governance from the mid 19th century to the collapse of the Second Reich asking how was Germany governed in the era of Bismarck and Kaiser Wilhelm II How did fear of revolution push liberal and conservative parties together How did Germany's leaders see their nation's future Wilhelm I as German Emperor Frederik Frank Sterkenburgh, 2025-01-17 This book offers the first ever scholarly study of Wilhelm I as Germany's first Kaiser For decades Wilhelm has been dismissed by historians as a political nullity and an unwilling imperial figurehead who was perpetually overruled by chancellor Otto von Bismarck As a result scholars concluded that the imperial role did not reach maturity until the accession of Wilhelm II This book challenges this assumption by analysing how Wilhelm used self staging to effectuate his role as German emperor and set the precedent for his successors Friedrich III and Wilhelm II It explores how he oversaw and intervened in the political and military decision making processes his use of politics of history his understanding and practicing of the imperial role towards other German states and dynasties his self presentation in the new German capital and how his public persona was distorted in German cultural memory after his death in 1888 The book draws on a wealth of previously unexplored sources including material from Wilhelm's personal archive the archives of the Hohenzollern monarchy the Prussian state and local archives It offers a much needed reassessment of Wilhelm I and makes an important contribution to debates on the role of the Kaiser in German politics the political system and culture of the early German nation state and how the Hohenzollern monarchy adapted to the demands of generating popular support for its new German imperial role **Print Markets and Political Dissent** James M. Brophy, 2024-06-05 Moving book history in a new direction this study examines publishers as brokers of Central Europe's political public sphere They created international print markets translated new texts launched new journals supported outspoken authors and experimented with popular formats Most of all they contested censorship with finesse and resolve thereby undermining the aim of Prussia and Austria to criminalize democratic thought By packaging dissent through popular media publishers cultivated broad

readerships promoted political literacy and refashioned citizenship ideals As political actors intellectual midwives and cultural mediators publishers speak to a broad range of scholarly interests Their outsize personalities their entrepreneurial zeal and their publishing achievements portray how print markets shaped the political world The narrow perimeters of political communication in the late absolutist states of Prussia and Austria curtailed the open market of ideas The publishing industry contested this information order working both within and outside legal parameters to create a modern public sphere Their expansion of print markets their cat and mouse game with censors and their ingenuity in packaging political commentary sheds light on the production and reception of dissent Against the backdrop of censorship and police surveillance the successes and failures of these citizens of print tell us much about nineteenth century civil society and Central Europe s tortuous pathway to political modernization Cutting across a range of disciplines this study will engage social and political historians as well as scholars of publishing literary criticism cultural studies translation and the public sphere The history of Central Europe s print markets between Napoleon and the era of unification doubles as a political tale It sheds important new light on political communication and how publishers exposed German language readers to the Age of Democratic Revolution

Networks of Modernity Jean-Michel Johnston,2021 Networks of Modernity Germany in the Age of the Telegraph 1830 1880 investigates the origins and impact of the communications revolution in nineteenth century Germany focusing on one of the most transformative technologies of the period the electric telegraph

The Eichmann Trial Reconsidered Rebecca Wittmann,2021-10-01 The Eichmann Trial Reconsidered brings together leading authorities in a transnational international and supranational study of Adolf Eichmann who was captured by the Israelis in Argentina and tried in Jerusalem in 1961 The essays in this important new collection span the disciplines of history film studies political science sociology psychology and law Contributing scholars adopt a wide historical lens pushing outwards in time and space to examine the historical and legal influence that Adolf Eichmann and his trial held for Israel West Germany and the Middle East In addition to taking up the question of what drove Eichmann contributors explore the motivation of prosecutors lawyers diplomats and neighbouring countries before during and after the trial ended The Eichmann Trial Reconsidered puts Eichmann at the centre of an exploration of German versus Israeli jurisprudence national Israeli identities and politics and the conflict between German Israeli and Arab states

Decades of Reconstruction Ute Planert,James Retallack,2017-06-13 International scholars review decades of postwar reconstruction in international comparison from the eighteenth to the twentieth century demonstrating how foreign domestic policy cannot be separated

The Rebirth of Revelation Tuska Benes,2022-02-22 The Rebirth of Revelation explores the different and important ways religious thinkers across Protestantism Catholicism and Judaism modernized the concept of revelation from 1750 to 1850

Conversion and Catastrophe in German-Jewish Émigré Autobiography Abraham Rubin,2024-11-30 Conversion and Catastrophe in German Jewish migr Autobiography is a collective biography of four German Jewish converts to Christianity recounting their spiritual

and confessional journeys against the backdrop of the Holocaust and its aftermath Focusing on personal testimonies that fuse historical trauma and spiritual illumination into one narrative the book explores how Jewish emigrants interpreted their experiences of persecution and displacement through the hermeneutics of Christian conversion It draws on autobiographies novels religious writings and newspaper articles as well as unpublished archival materials such as diaries lecture notes and private correspondence The book explores how chosen genres of writing both enabled and hindered self understanding It also assesses whether the literary paradigm of Christian conversion highlighting an individual's separation from a past sinful self is suitable for expressing a collective catastrophe Applying psychoanalysis disability studies and autobiographical theory to the life writing of converted Jews the book offers new avenues for conceptualizing the Jewishness of historical subjects who disavowed their ties to Judaism Published in association with the United States Holocaust Memorial Museum *Since the Boom* Sebastian Voigt, 2020-11-03 The 1970s are of particular relevance for understanding the socio economic changes still shaping Western societies today The collapse of traditional manufacturing industries like coal and steel shipbuilding and printing as well as the rise of the service sector contributed to a notable sense of decline and radical transformation Building on the seminal work of Lutz Raphael and Anselm Doering Manteuffel *Nach dem Boom* which identified a social transformation of revolutionary quality that ushered in digital financial capitalism this volume features a series of essays that reconsider the idea of a structural break in the 1970s Contributors draw on case studies from France the Netherlands the UK the US and Germany to examine the validity of the after the boom hypothesis *Since the Boom* attempts to bridge the gap between the English and highly productive German debates on the 1970s *The Persistence of the Sacred* Skye Doney, 2022-08-31 For millions of Catholic believers pilgrimage has offered possible answers to the mysteries of sickness life and death *The Persistence of the Sacred* explores the religious worldviews of Europeans who travelled to Trier and Aachen two cities in Western Germany to view the sacred relics in their cathedrals *The Persistence of the Sacred* challenges the narrative of widespread secularization in Europe during the long nineteenth century and reveals that religious practices thrived well into the modern period It shows both that men were more active in their faith than historians have realized and how clergy and pilgrims did not always agree about the meaning of relics Drawing on private ephemeral and material sources including films photographs postcards correspondence and souvenirs Skye Doney uncovers the enduring and diverse sacred worldview of German Catholics and argues that laity and clergy had very different perspectives on the meaning of pilgrimage Recovering the history of Catholic pilgrimage *The Persistence of the Sacred* aims to understand the relationship between relics and religiosity between modernity and faith and between humanity and God **Urban Transformations** Parker D. Everett, 2019-04-26 *Urban Transformations* is a theoretical and empirical account of the changing nature of urbanization in Germany Where city planners and municipal administrations had emphasized free markets the rule of law and trade in 1871 by the 1930s they favoured a quite different integrative corporate and productivist vision Urban

Transformations explores the broad based social transformation connected to these changes and the contemporaneous shifts in the cultural and social history of global capitalism Dynamic features of modern capitalist life such as rapid industrialization working class radicalism dramatic population growth poor quality housing and regional administrative incoherence significantly influenced the Greater Berlin region Examining materials on city planning municipal administration architecture political economy and jurisprudence Urban Transformations recasts the history of German and European urbanization as well as that of modernist architecture and city planning

Uniform Fantasies Jeffrey Schneider, 2023-07-26 Starting in the nineteenth century in Germany colourful military uniforms became a locus for various queer male fantasies fostering an underground sexual economy of male prostitution as well as a political project to exploit the army's prestige for queer emancipation In the first decade of the twentieth century however a series of scandals derailed this emancipatory project Simultaneously public debates began to invoke homosexuality sadism transvestism and other sexological concepts to criticize military policies and practices In pursuing the threads with which queer authors and activists stitched their fantasies about uniforms Jeffrey Schneider offers fresh perspectives on key debates over military secrecy disciplinary abuses in the army and German militarism Drawing on a vast trove of materials ranging from sexological case studies trial transcripts and parliamentary debates to queer activist tracts autobiographies and literary texts Uniform Fantasies uncovers a particularly modern set of concerns about such topics as outing closeted homosexuals the presence of gay men in the military and whether men in uniform are more masculine or more insecure about their sexual identity

Tangled Transformations Kiran Klaus Patel, 2024-08-30 Tangled Transformations presents a historical analysis of the interplay between German unification and European integration from the mid 1980s to the mid 1990s Building on freshly released documents the book's sixteen chapters explore constellations in which the two processes accelerated and informed one another The book highlights the role of Germany's neighbours to the east with chapters discussing the cotransformation between East and West as well as chapters dedicated to Poland Romania and Hungary It sheds new light on the two interrelated processes by examining the role of Germany's most important Western neighbours and partners the United States the United Kingdom France and Italy The book pays particular attention to the role of the European Commission as well as to monetary and industrial policy It also moves beyond the economic sphere by discussing foreign and security policy issues justice and home affairs German debates about European integration at the time and the significance of the German federal states Ultimately Tangled Transformations demonstrates the strong interlinkages between German unification and European integration

A Stage for Debate Martin Wagner, 2023-05-26 A Stage for Debate presents a detailed analysis of the repertoire of the leading German language stage of the nineteenth century Vienna's Burgtheater The book explores the extent to which the Burgtheater repertoire contributed to important political and cultural debates on individual liberty the role of women in society and the understanding of national and regional identity The relevance of the Burgtheater as a forum for political debate is assessed not by the degree

to which the performed plays transgressed established norms but by the range of positions that were voiced on a given topic Martin Wagner investigates the roughly 1 000 plays from across Europe that were introduced to the Burgtheater's repertoire between 1814 and 1867 by combining a general overview with detailed interpretations of especially successful plays Wagner reveals that the Burgtheater was significantly more involved in contemporary debates than the stereotype of this stage as an artistically refined but apolitical institution suggests Drawing from theatre studies and German and Austrian studies more broadly A Stage for Debate revises the history of one of Europe's leading theatres Hitler's Twilight of the Gods Alexandra Birch, 2025-02-28 Music was an integral part of statecraft and identity formation in the Third Reich Structured thematically and semiotically around the Wagnerian tetralogy of the Ring cycle Hitler's Twilight of the Gods provides a sonic read of the Second World War and the Holocaust Alexandra Birch sheds light on the specific type of music promoted under Nazism linked to larger Teutonic mythologies and histories espoused in rhetoric and personal styling The book explores the musical fixation of the command as it was extended to the ordinary troops of the Wehrmacht and SS in instances of musical sadism and destruction during the Holocaust It reveals how in constructing what was German this process also intentionally fashioned a subaltern other with an assigned set of music and aesthetics The book draws on analysis of testimony and perpetrator documents to reveal the execution of this binary identity and the inclusion of music even in extreme genocidal conditions From drinking games in the interwar period to musical sadism in the Holocaust to the final delusions of the command in collapse Hitler's Twilight of the Gods illuminates how music was a component of camaraderie identity masculinity and warfare **Wilhelm I.** Jan Markert, 2024-12-02 Wie diese erste wissenschaftliche Biographie Wilhelms I detailliert rekonstruiert muss die preuisch-deutsche Politikgeschichte des 19. Jahrhunderts in gro ßen Teilen revidiert werden Unter Verwendung des umfangreichen der Forschung bislang unbekannten archivalischen Nachlasses des ersten Deutschen Kaisers und seiner Umgebung bettet diese Studie Leben und Zeit Wilhelms I in einen europ äischen Vergleichskontext ein und gibt neue Antworten auf die Fragen welche politische Rolle er als Thronfolger und Herrscher am Berliner Hof spielte und welchen Einfluss er auf die Entwicklung der Hohenzollernmonarchie zwischen Vorm rz und Reichsgr ndung aus übte In der Person Wilhelms I spiegelt sich beispielhaft die ambivalente Multifunktionalit ät der Monarchie als institutioneller Motor aber auch als Hemmfaktor der politischen Modernisierung wider W hrend des Vorm rz trug er in der Rolle des Kart tschenprinzen maßgeblich dazu bei das preu ische K nigtum in die Krise der Revolutionen von 1848/49 zu st rzen Doch in den Folgejahren forcierte er die Nationalisierung von Thron und Staat und f hrte Preu en auf den Weg ins deutsche Kaiserreich Letztendlich muss Wilhelm I die politische Direktive der Reichsgr ndung zugeschrieben werden

This is likewise one of the factors by obtaining the soft documents of this **Germanys Second Reich Portraits And Pathways German And European Studies** by online. You might not require more time to spend to go to the ebook introduction as competently as search for them. In some cases, you likewise attain not discover the notice Germanys Second Reich Portraits And Pathways German And European Studies that you are looking for. It will unquestionably squander the time.

However below, gone you visit this web page, it will be so utterly easy to acquire as with ease as download lead Germanys Second Reich Portraits And Pathways German And European Studies

It will not tolerate many epoch as we notify before. You can attain it though exploit something else at house and even in your workplace. consequently easy! So, are you question? Just exercise just what we allow below as well as review **Germanys Second Reich Portraits And Pathways German And European Studies** what you in the same way as to read!
