

10 TIPS for career success

1

Know Your Value

What strength do you bring to the table? Figure this out, then bring it every day.

2

Show Up Early

Be prepared and ready to go by showing up early. This will allow for breathing room to stay focused, in control, and one step ahead.

3

Get Out Of Comfort

Growth is a big part of the success equation. To grow, you must be willing to stretch beyond the comfort zone.

4

Avoid Gossip

Talking negatively about anyone is disrespectful. Set a hard rule never to engage in such unprofessional behavior.

5

Find a Mentor

One way to learn is to find someone who is doing what you love to do, and doing it well. Learn from their mistakes and triumphs.

6

Ask for Help

By asking for help you free yourself to learn, to focus on your priorities, and to build a network of resources.

7

Stay Open to Change

To develop, you must be open to the dynamic shifts of staying fresh and shifting beyond the status quo.

8

Build Good Relationships

Building a strong network is vital to your success because it allows for the exchange of valuable insights and resources.

9

Be Persistent

Keep your eye focused on the goal, and ensure your actions are pointing towards achieving them. Stay the course.

10

Always be in learning mode

Staying on top of your field requires an open mind to acquiring knowledge on a consistent basis.
