Get Out The Vote How To Increase Voter Turnout:

Get Out the Vote! Donald P. Green, Alan S. Gerber, 2004-03-24 *Get Out the Vote* Is a practical guide for anyone trying to mobilize voters or organize at the grass roots Unlike authors of other campaign advice books Donald Green and Alan Gerber root their work firmly in rigorous science Their recommendations emerge from thorough experiments conducted in real electoral settings examining the impact and effectiveness of door to door canvassing telephone calls direct mail and other campaign tactics Since 1998 the authors have conducted research in over a dozen states studying a wide range of federal state and municipal elections Their book connects theory with practice informing campaign professionals and local organizers as well as students of electoral politics They discover that many GOTV tactics used by campaign managers and political consultants are less effective than is often believed The authors relying on rigorous and systematic research challenge much of the conventional wisdom about what works and what doesn't in the political campaigns The authors applied form of political science has won acclaim from scholars and earned the attention of campaign professionals and journalists This book presents their result for a non academic audience interested in putting campaign research into practice and the findings will be surprising to many *Get Out the Vote* will help both consultants and the candidates who use their services better understand the efficacy of campaign methods It is essential reading in an age of electronic communication professional electioneering and voter apathy

Get Out the Vote Donald P. Green, Alan S. Gerber, 2008-09-01 The first edition of *Get Out the Vote* broke ground by introducing a new scientific approach to the challenge of voter mobilization and profoundly influenced how campaigns operate In this expanded and updated edition the authors incorporate data from more than one hundred new studies which shed new light on the cost effectiveness and efficiency of various campaign tactics including door to door canvassing e mail direct mail and telephone calls Two new chapters focus on the effectiveness of mass media campaigns and events such as candidate forums and Election Day festivals Available in time for the core of the 2008 presidential campaign this practical guide on voter mobilization is sure to be an important resource for consultants candidates and grassroots organizations Praise for the first edition Donald P Green and Alan S Gerber have studied turnout for years Their findings based on dozens of controlled experiments done as part of actual campaigns are summarized in a slim and readable new book called *Get Out the Vote* which is bound to become a bible for politicians and activists of all stripes Alan B Kreuger in the New York Times *Get Out the Vote* shatters conventional wisdom about GOTV Hal Malchow in Campaigns Elections Green and Gerber's recent book represents important innovations in the study of turnout Political Science Review Green and Gerber have provided a valuable resource for grassroots campaigns across the spectrum National Journal

Get Voters Out Pasquale De Marco, 2025-08-11 In the United States voter turnout rates have been in a state of decline for decades This is a serious problem as low voter turnout undermines our democracy and makes it more difficult for our government to represent the will of the people This book provides a comprehensive overview of the factors that affect

voter turnout and offers a roadmap for increasing participation in the electoral process It is a must read for anyone who is interested in making our democracy more responsive to the needs of all Americans This book covers a wide range of topics including The history of voter turnout in the United States The causes of low voter turnout The benefits of increasing voter turnout Strategies for increasing voter turnout The role of political parties the media and money in voter turnout The impact of demographic changes on voter turnout The future of voter turnout This book is written in a clear and concise style and it is packed with data and examples It is an essential resource for anyone who wants to understand the importance of voter turnout and how to increase it If you like this book write a review

Presidential Elections Nelson W. Polsby, Aaron Wildavsky, Steven E. Schier, David A. Hopkins, 2023-07-18 Polsby and Wildavsky's classic text now updated by Stephen Schier and David Hopkins argues that the institutional rules of the presidential nomination and election processes in combination with the behavior of the mass electorate structure the strategic choices faced by politicians in powerful and foreseeable ways We can make sense of the decisions made by different political actors incumbents challengers Democrats Republicans consultants party officials activists delegates journalists and voters by understanding the ways in which their world is organized by incentives regulations events resources customs and opportunities Thoroughly revised and updated this Sixteenth Edition provides everything students need to know about presidential elections going into the 2024 cycle

Voting Experiments André Blais, Jean-François Laslier, Karine Van der Straeten, 2016-10-03 This book presents a collection of papers illustrating the variety of experimental methodologies used to study voting Experimental methods include laboratory experiments in the tradition of political psychology laboratory experiments with monetary incentives in the economic tradition survey experiments varying survey question wording framing or content as well as various kinds of field experimentation Topics include the behavior of voters in particular turnout vote choice and strategic voting the behavior of parties and candidates and the comparison of electoral rules

Encyclopedia of U.S. campaigns, elections, and electoral behavior Kenneth F. Warren, 2008-04-04 These approximately 450 articles explore all topics relevant to American political campaigns elections and electoral behaviour including some cross cultural comparisons to help place American trends in a global context

Change and Continuity in the 2016 Elections Mr John Aldrich, Jamie L. Carson, Brad T. Gomez, Mr David Rohde, 2018 Is America in the midst of an electoral transformation What were the sources of Trump's victory in 2016 and how do they differ from Republican coalitions of the past Does his victory signal a long term positive trajectory for Republicans chances in presidential elections Change and Continuity in the 2016 Elections attempts to answer those questions by analyzing and explaining the voting behavior in the most recent election as well as setting the results in the context of larger trends and patterns in elections studies New co author Jamie L Carson brings years of congressional and elect

Political Encyclopedia of U.S. States and Regions Donald P. Haider-Markel, 2008-11-03 An essential reference to and expert analysis of government and politics in all 50 states and the US territories This innovative and useful reference fills the need

for practical information and conceptual analysis of the roles and functions of state government by providing accessible state by state and regional overviews of government and politics Features include substantive essays in depth profiles of each of the fifty states the District of Columbia and all U S territories an encyclopedic A to Z section with entries covering the overarching concepts structures and processes that are important to state and local government and politics in general and a detailed section on data and statistics emphasizing historical and demographic trends that have helped shape regional and state government and politics

School Finance Elections Don E. Lifo,Bradford J. Senden,2010-01-16 Whether it is requests for bricks and mortar or more operating money each election type and context is unique with no guarantee that a set of campaign strategies successful in one district will not fail in another community If successful campaigns were not such a delicate balance of science and art the key to success would have long since been discovered resulting in significantly more school districts winning at the ballot box As members of the baby boom generation collectively watch their last child receive a diploma from our nation s public schools passing school finance elections is going to be even more difficult promising tougher battles with the electorate and tighter margins between success and failure School Finance Elections represents a marriage of research and successful practice presenting a comprehensive planning model for school leaders preparing for and conducting school finance elections Information presented emphasizes systems and strategies rather than specific campaign tactics Avoiding a myopic focus on tactics allows school leaders to elevate their thinking to a more comprehensive and long range vision of election planning Each of the chapters elaborates on one of the ten elements in the authors comprehensive planning model Use of this model has reaped success in all types of school districts from New Jersey to California and the authors aim to bring readers success at the ballot box as well This second edition builds on the first with expanded sections about the attitudes of voters whose children have grown and graduated research into the nature of organized opposition and new material highlighting the Internet in campaigns The authors provide school leaders with important resources to guide their planning and execution of school finance referenda

Party at the Ballot Box Melissa R. Michelson,Stephanie L. DeMora,Sarah V. Hayes,2025-09-30 How the Party at the Mailbox efforts in 2020 2024 led by Black Girls Vote used celebrations of community to increase voter turnout Black voters continue to transform America s electoral landscape and can play a powerful role in determining the outcome of elections In Party at the Ballot Box Melissa R Michelson Stephanie L DeMora and Sarah V Hayes explore the impact of celebratory voter mobilization campaigns led by Black led organizations on Black turnout particularly as more states embrace voting by mail Focusing on the Party at the Mailbox PATM initiative coordinated by Black Girls Vote Michelson DeMora and Hayes underscore what exactly motivates Black voters to show up to the polls Using community based informational and celebratory packages of materials and with a mixed methods approach that includes randomized controlled trials surveys interviews and focus groups they show us how the PATM pilot increased Black turnout in Baltimore by double digits in the 2020 primaries Despite voting by mail while

sheltering in place PATM made voters feel part of something bigger than themselves that they were voting as a community The successful pilot led to further PATM efforts in Atlanta Baltimore Detroit Richmond and Philadelphia between November 2020 and November 2024 Ultimately the authors argue that Black Americans vote as a celebration of community and that cultivating that sense of community is an effective means of increasing Black voter turnout With a foreword by Nykidra Robinson founder of Black Girls Vote Party at the Ballot Box provides insights into Black voter turnout and its larger implications

Strategy, Money and Technology in the 2008 Presidential Election Costas Panagopoulos,2014-06-11 The 2008 presidential election perhaps more so than the typical quadrennial race will undoubtedly spawn an abundance of scholarly inquiry The confluence of historic and peculiar features associated with the 2008 contest distinguishes it from modern campaign cycles in significant ways that provide researchers a rare opportunity to reflect on a plethora of topics These studies are certain to provide detailed knowledge about the 2008 election in particular and more generally to inform our understanding of contemporary electoral politics The selections in this volume probe specific facets of the 2008 contest to provide in depth analyses of key developments with respect to strategy money and technology in the election cycle The contributors are keen analysts of American elections and campaigns The insights they provide grapple with key questions about the 2008 election and help to demystify aspects of the historic race This book was published as a special issue of the Journal of Political Marketing

Change and Continuity in the 2020 Elections John H. Aldrich,Jamie L. Carson,Brad T. Gomez,Jennifer L. Merolla,2022-02-15 This book analyzes and explains the voting behavior in the most recent election setting the results in the context of larger trends and patterns in elections studies and discussing its importance and impact Readers will gain a better understanding of the 2020 election and its implications for the future of American politics

Why the Electoral College Is Bad for America George C. Edwards III,2023-11-23 The electoral college is the extraordinarily complex mechanism by which Americans choose their president Is there any justification for such a system which may elect the candidate who does not receive the most votes Today with two of the last five presidential elections having gone to the popular vote loser and the debacle following the 2020 election the electoral college s flaws are more apparent than ever In this fourth edition of the definitive book on the electoral college George Edwards employs rigorous analysis and systemic data to show how the system violates core democratic principles and does not provide the benefits its advocates claim With a new chapter focusing on the 2020 election Edwards addresses justifications for the electoral college that were popular among Trump supporters following the 2016 and 2020 elections Edwards concludes by offering a straightforward approach to selecting the president that maximizes political equality

Democracy for Hire Dennis W. Johnson,2017 This book is a history of political consulting in America examining how the consulting business developed highlighting the major figures in the consulting industry and assessing the impact of professional consulting on elections and American democracy A key focus is on presidential elections beginning in 1964 and the important role played by consultants and political operatives

How

Organizations Develop Activists Hahrie Han, 2014 Why are some civic associations better than others at getting and keeping people involved in activism Using in person observations surveys and field experiments this book compares and describes contemporary models for engaging activists to show the effectiveness of one that combine political activism with transformative personal and collective growth

Administering Elections Kathleen Hale, Robert Montjoy, Mitchell Brown, 2015-08-18 Administering Elections provides a digest of contemporary American election administration using a systems perspective The authors provide insight into the interconnected nature of all components of elections administration and sheds light on the potential consequences of reforms that fail to account for this

Groundbreakers Elizabeth McKenna, Hahrie Han, 2014-12-02 Much has been written about the historic nature of the Obama campaign The multi year multi billion dollar operation elected the nation's first black president raised and spent more money than any other election effort in history and built the most sophisticated voter targeting technology ever before used on a national campaign What is missing from most accounts of the campaign is an understanding of how Obama for America recruited motivated developed and managed its formidable army of 2.2 million volunteers Unlike previous field campaigns that drew their power from staff consultants and paid canvassers the Obama campaign's capacity came from unpaid local citizens who took responsibility for organizing their own neighborhoods months and even years in advance of election day In so doing Groundbreakers argues the campaign engaged citizens in the work of practicing democracy How did they organize so many volunteers to produce so much valuable work for the campaign This book describes how Elizabeth McKenna and Hahrie Han argue that the legacy of Obama for America extends beyond big data and micro targeting it also reinvigorated and expanded traditional models of field campaigning Groundbreakers makes the case that the Obama campaign altered traditional ground games by adopting the principles and practices of community organizing Drawing on in depth interviews with OFA field staff and volunteers this book also argues that a key achievement of the OFA's field organizing was its transformative effect on those who were a part of it Obama the candidate might have inspired volunteers to join the campaign but it was the fulfilling relationships that volunteers had with other people and their deep belief that their work mattered for the work of democracy that kept them active Groundbreakers documents how the Obama campaign has inspired a new way of running field campaigns with lessons for national and international political and civic movements

The Science of Voter Mobilization Donald Green, Alan S. Gerber, 2005 A powerful new research design in the field of voter mobilization has created a more comprehensive picture of the effectiveness of various get out the vote campaign methods With an increase in field experiments in the past few years researchers campaigns and policymakers have gleaned important insights into voter participation Until recently voting behavior was mainly studied through survey research And while large national surveys have had a tremendous impact on scientific and policy debates concerns about the accuracy of survey research remain Surveys suffer from two major drawbacks First is the possibility of misreporting by survey participants Measuring voter turnout through survey research

relies on respondents disclosure of whether they voted or not and some voters may feel embarrassed that they did not vote and provide false answers Second campaigns may focus their energies on likely voters If so surveys may show a correlation between voter turnout and voter mobilization activity even when voter mobilization campaigns are ineffective Aware of the limitations of survey research political scientists have recently turned to field experimentation to gain a clearer picture of the causal implications of voter mobilization efforts on specific populations This issue of The ANNALS presents the results of several field experiments which are at the forefront of research in this area These field experiments draw important distinctions between different forms of mobilization activities and their effects on a variety of populations studying personal versus impersonal mobilization efforts as well as partisan versus non partisan efforts Challenging conventional wisdom and clarifying important methodological issues this issue of The ANNALS provides a new approach to the study of voter mobilization Taken together these intriguing articles report advances in knowledge gained by field experiments and have the potential to reshape the past assumptions about campaign effectiveness and influence future strategies on mobilizing voters This issue will also serve as a springboard for new work in the field as political scientists grapple with filling in existing gaps such as the effects of mass media and move toward an even clearer theoretical understanding of the conditions under which interventions work Professionals volunteers and anyone directly involved in voter mobilization will discover important findings in this collection of studies And because the research was conducted in the real world of campaigns and elections the authors help answer the critical question of how to apply scholarly insights to voter outreach programs on a grand scale

Unequal and Unrepresented Kay Lehman Schlozman, Henry E. Brady, Sidney Verba, 2018-06-12 How American political participation is increasingly being shaped by citizens who wield more resources The Declaration of Independence proclaims equality as a foundational American value However Unequal and Unrepresented finds that political voice in America is not only unequal but also unrepresentative Those who are well educated and affluent carry megaphones The less privileged speak in a whisper Relying on three decades of research and an enormous wealth of information about politically active individuals and organizations Kay Schlozman Henry Brady and Sidney Verba offer a concise synthesis and update of their groundbreaking work on political participation The authors consider the many ways that citizens in American democracy can influence public outcomes through political voice by voting getting involved in campaigns communicating directly with public officials participating online or offline acting alone and in organizations and investing their time and money Socioeconomic imbalances characterize every form of political voice but the advantage to the advantaged is especially pronounced when it comes to any form of political expression for example lobbying legislators or making campaign donations that relies on money as an input With those at the top of the ladder increasingly able to spend lavishly in politics political action anchored in financial investment weighs ever more heavily in what public officials hear Citing real life examples and examining inequalities from multiple perspectives Unequal and Unrepresented shows how disparities in political voice endanger

American democracy today Midterm Elections: The Ultimate Impact Pasquale De Marco, 2025-07-11

Midterm Elections The Ultimate Impact provides a comprehensive overview of the history consequences and strategies of midterm elections in the United States This book explores the factors that contribute to the anti administration pattern of midterm elections and assesses the impact of midterms on presidential power the opposition party and the American political system as a whole
