Getting Off At Elysian Fields Obituaries From The New Orleans Times Picayune:

Getting Off at Elysian Fields John Pope, 2015-10-19 No city in America knows how to mark death with more funerary panache than New Orleans. The pageants commemorating departed citizens are often in themselves works of performance art. A grand obituary remains key to this Stygian passage. And no one writes them like New Orleanian John Pope. Collected here are not just simple mindless recitations of schools and workplaces, marriages and mourners bereft. These pieces in *Getting Off at Elysian Fields* Obituaries from the New Orleans Times Picayune are full-blooded life stories with accounts of great achievements, dubious dabblings, unavoidable foibles, relationships gone sour, and happenstances that turn out to be life-changing. To be sure, there are stories about Carnival monarchs, great philanthropists, and a few politicians. But because New Orleans embraces eccentric behavior, there are stories of people who colored way outside the lines. For instance, there was the doctor who used his plasma to make his flowers grow, and the philanthropist who took money she had put aside for a fur coat to underwrite the lawsuit that desegregated Tulane University. A letter carrier everyone loved turned out to have been a spy during World War II, and a fledgling lawyer changed his lifelong thoughts about race when he saw blind people going into a Christmas party through separate doors, one for white people and another for African Americans. Then there was the punctilious judge who got down on his hands and knees to edge his lawn with scissors. Because New Orleans funerals are distinctive, the author includes accounts of four that he covered complete with soulful singing and even some dancing. As a popular local bumper sticker indisputably declares, New Orleans: We Put the Fun in Funeral. *George Valentine Dureau* Howard Philips Smith, 2025-03-17 New Orleans artist George Valentine Dureau, 1930-2014, has always been an enigma. His status as an important artist gained momentum beginning with his first exhibition at the New Orleans Museum of Art, then the Isaac Delgado Museum of Art in the mid-1960s. Not only did his career undergo a meteoric rise, but his work proved at once controversial and provocative, nuanced and groundbreaking. Critics and collectors embraced his bold images, describing them as sexual, sensual, exploitative, erotic, iconoclastic, and innovative. Beneath the surface, Dureau was even more complex as a person and persona as he crafted a sensational character out of his artistic acumen. His reputation dimmed after his death, but in recent years, his importance and that of the New Orleans art scene he occupied has once again been recognized. *George Valentine Dureau: Life and Art in New Orleans* reassembles the pieces of Dureau's puzzle: work, life. The complexity of his life came together in the studio where he created some of the most important artworks of the latter twentieth century. This lush publication features 100 large-format photographic plates, most of which have never been seen or published, and surprisingly, some in color. There are more than 200 illustrations and two essays to accompany the plates, along with a special section devoted to the artists and artwork of the 1980s New Orleans, featuring hundreds of additional photographs and several appendices of supplementary materials, such as interview transcripts, a timeline of Dureau's life and career, a map of important locations, and a section on relevant art publications, invitations, and posters. *Political Animal* Frank

Three Hundred Years of Decadence Robert Azzarello, 2019-04-09 New Orleans's reputation as a decadent city stems in part from its environmental precariousness its Francophilia its Afro Caribbean connections its Catholicism and its litany of alleged vices encompassing prostitution miscegenation homosexuality and any number of the seven deadly sins An evocative work of cultural criticism Robert Azzarello's Three Hundred Years of Decadence argues that decadence can convey a more nuanced meaning than simple decay or decline conceived in physical social or moral terms Instead within New Orleans literature decadence possesses a complex even paradoxical relationship with concepts like beauty and health progress and technological advance Azzarello presents the concept of decadence along with its perception and the uneasy social relations that result as a suggestive avenue for decoding the long shifting story of New Orleans and its position in the transatlantic world By analyzing literary works that span from the late seventeenth century to contemporary speculations about the city's future Azzarello uncovers how decadence often names a transfiguration of values in which ideas about supposed good and bad cannot maintain their stability and end up morphing into one another These evolving representations of a decadent New Orleans which Azzarello traces with attention to both details of local history and insights from critical theory reveal the extent to which the city functions as a contact zone for peoples and cultures from Europe Africa and the Americas Drawing on a deep and understudied archive of New Orleans literature Azzarello considers texts from multiple genres fiction poetry drama song and travel writing including many written in languages other than English His analysis includes such works of transcription and translation as George Washington Cable's Creole Slave Songs and Mary Haas's Tunica Texts which he places in dialogue with canonical and recent works about the city as well as with neglected texts like Ludwig von Reizenstein's German language serial The Mysteries of New Orleans and Charles Chesnutt's novel Paul

Marchand F M C With its careful analysis and focused scope *Three Hundred Years of Decadence* uncovers the immense significance historically politically and aesthetically that literary imaginings of a decadent New Orleans hold for understanding the city's position as a multicultural transatlantic contact zone
