**A Passion for Proof** Carol A. Stack, 2003      **Building and Connecting Learning Communities** Steven Katz, Lorna M. Earl, Sonia Ben Jaafar, 2009-09-01 Taking your school from great to greater this compelling book gives you tools to use with staff for reflecting on and refining professional practices You and your team will find tools for taking learners to the next level of improvement Lynn A Kaszynski Principal Harrison Street Elementary School Sunbury OH Networked learning communities A powerful school improvement strategy for school leaders Ideal for school leaders and superintendents leading change efforts this book describes how separate professional learning communities can be linked across schools by common instructional and learning issues to create dynamic networked learning communities NLCs Drawing on their work with schools throughout North America and England Steven Katz Lorna M Earl and Sonia Ben Jaafar show how participants in NLCs can share professional knowledge that ultimately improves performance at the school and district level Through a sample school narrative the book illustrates how NLCs can significantly enhance instruction increase student performance and empower local professional learning communities This resource examines Collaborative inquiry as a process that challenges teachers thinking generates new learning and fosters trusting relationships The development of formal and informal leadership roles in NLCs How NLCs support systematic data analysis and accountability Demonstrating how NLCs small or large local or statewide can promote critical reforms while strengthening the work of individual professional learning communities this invaluable resource reveals how educators can join forces across school and district boundaries to generate deep meaningful and sustainable change      Schools as Professional Learning Communities Sylvia M. Roberts, Eunice Z. Pruitt, 2009 Build a community in your school and improve learning outcomes with this one stop sourcebook that features the latest educational issues new research based strategies and activities and more      Methods in Educational Research Marguerite G. Lodico, Dean T. Spaulding, Katherine H. Voegtler, 2010-04-07 Methods in Educational Research Methods in Educational Research is designed to prepare students for the real world of educational research It focuses on scientifically based methods school accountability and the professional demands of the twenty first century empowering researchers to take an active role in conducting research in their classrooms districts and the greater educational community Like the first edition this edition helps students educators and researchers develop a broad and deep understanding of research methodologies It includes substantial new content on the impact of No Child Left Behind legislation school reform quantitative and qualitative methodologies logic modeling action research and other areas Special features to assist the teaching and learning processes include vignettes illustrating research tied to practice suggested readings at the end of each chapter and discussion questions to reinforce chapter content Praise for the Previous Edition A new attempt to make this subject more relevant and appealing to students Most striking is how useful this book is because it is really grounded in educational research It is very well written and quite relevant for educational researchers or for the

student hoping to become one PsycCRITIQUES American Psychological Association I applaud the authors for their attempt to cover a wide range of material The straightforward language of the book helps make the material understandable for readers Journal of MultiDisciplinary Evaluation

**The Price They Paid** Vivian Gunn Morris, Curtis L. Morris, 2016 In this compelling book the authors put a human face on desegregation practices in the South Focusing on an African American community in Alabama they document not only the gains but also the significant losses experienced by students when their community school was closed and they were forced to attend a White desegregated school across town This in depth volume includes A letter by Dr William Hooper Council and speeches by George Washington Trenholm two African American leaders who worked with communities to provide quality schooling for African American children during segregation An insider s view of what life was like inside a segregated African American school including interviews with graduates who discuss how it felt to be in a caring and nurturing school that provided an atmosphere much like that of a family Actual events that demonstrate the profound negative impact of using skin color and race as a basis for preferential treatment including testimonials from parents and students who experienced racial discrimination in their new school A valuable look at the unmet promises of school desegregation that can help us provide a quality education for all children in the 21st century Morris and Morris through their careful research have painted a picture of reality the type of picture that educators community leaders and policymakers must see in order to give a proper assessment of what is going on and what should be done This clear straightforward presentation is as necessary as it is powerful From the Foreword by Asa G Hilliard III I found it difficult to put this book down The Price They Paid is one of the few books that looks at changes in the desegregation of education from the point of view of those living the changes Lucindia H Chance Dean College Of Education Georgia Southern University
