Wessel Gansfort (1419-1489) and Northern Humanism F. Akkerman, G.C. Huisman, Arjo J. Vanderjagt, 1993-09-01 Wessel Gansfort 1419-1489 is the author of a number of astute but difficult texts which indicate the high level of late medieval spirituality and scholarship in northern Europe Together with his younger friend Agricola 1444-1485 he ushered in the beginning of modern intellectual life in the northern part of the Netherlands the province of Groningen and adjoining Germany This volume contains eight contributions on Gansfort enlarging the range of perceptions of his work and personality for the first time since the major studies of 1917 and 1933 by Maarten van Rhijn There are three additional articles on the Devotio Moderna and its influence and eight on various subjects and personalities touching early Humanism and the Reformation in this range Each of these studies is the result of entirely new and original research The volume is concluded by a large bibliography *Kierkegaard Bibliography* Peter Šajda, Jon Bartley Stewart, 2016 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I-V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI-VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the

bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies Provided by publisher

Reading the Book of Nature in the Dutch Golden Age, 1575-1715 ,2010-10-25 The conviction that Nature was God s second revelation played a crucial role in early modern Dutch culture This book offers a fascinating account on how Dutch intellectuals contemplated investigated represented and collected natural objects and how the notion of the Book of Nature was transformed

Volume 8, Tome I: Kierkegaard's International Reception - Northern and Western Europe Jon Stewart,2016-12-05 Although Kierkegaard s reception was initially more or less limited to Scandinavia it has for a long time now been a highly international affair As his writings were translated into different languages his reputation spread and he became read more and more by people increasingly distant from his native Denmark While in Scandinavia the attack on the Church in the last years of his life became something of a cause c l bre later many different aspects of his work became the object of serious scholarly investigation well beyond the original northern borders As his reputation grew he was co opted by a number of different philosophical and religious movements in different contexts throughout the world The three tomes of this volume attempt to record the history of this reception according to national and linguistic categories Tome I covers the reception of Kierkegaard in Northern and Western Europe The articles on Denmark Norway Sweden Finland and Iceland can be said to trace Kierkegaard s influence in its more or less native Nordic Protestant context Since the authors in these countries with the exception of Finland were not dependent on translations or other intermediaries this represents the earliest tradition of Kierkegaard reception The early German translations of his works opened the door for the next phase of the reception which expanded beyond the borders of the Nordic countries The articles in the section on Western Europe trace his influence in Great Britain the Netherlands and Flanders Germany and Austria and France All of these countries and linguistic groups have their own extensive tradition of Kierkegaard reception

Historisch overzicht van de wijsbegeerte en de ethiek Robert van Driessche,Roland van Roy, Deze studie wil de wijsgerig ethische stromingen van de 19e en 20e eeuw op een overzichtelijke wijze presenteren Zij biedt veel en ongetwijfeld kan zij dienst doen als een eerste ori ntatie De continentale filosofie komt goed aan de orde zij het dat de auteurs de aandacht voor de bibliografische notities vaak laten gaan ten koste van de toch al summiere inhoudelijke inleidingen De auteurs beschrijven en beoordelen dikwijls in moraliserende termen maar gaan niet in dialoog noch met de behandelde auteur noch met de lezer De angelsaksische wereld komt nauwelijks aan de orde 29 blz De

betekenis van de analytische ethiek voor de normatieve ethiek wordt niet gezien Het boek stopt ook te vlug De recente ontwikkelingen komen niet aan de orde Over narratieve ethiek wordt niet gesproken Maar evenmin over de hernieuwde aandacht voor de deugden ethiek Deze studie laat duidelijk zien dat de gigantische onderneming om een goede inleiding in de wijsbegeerte en de ethiek van de 19e en 20e eeuw te schrijven niet door een of twee personen kan worden voltooid

QUALITIES AND REPUTE Holland has bred its share of remarkable men and Gerard van Swieten was one of them Raised in Leiden by fairly prosperous Catholic parents educated at Louvain and Leiden acknowledged as one of the most gifted pupils of the famed scientist Herman Boerhaave and an eminent doctor in his native city for many years he became chief physician at the Court of Vienna director of the Imperial Library head of both the Vienna Medical Faculty and the Censorship Commission and trusted councillor of the Empress Maria Theresa There is a short street in Leiden that presently honors his name and his figure is one of those surrounding the Empress on her imposing memorial in Vienna What sort of man was this who travelled so far What achievements what qualities deserve such remembrances Why a study of his life Gerard van Swieten worked no miracles He accomplished no diplomatic revolution commanded no victorious army helped to change no political boundary wrote no literary masterpiece proposed no radically new or notable scientific theory More of an organizer than an innovator more of an administrator than an originator he was content to compile to put together to comment upon to explain the discoveries of others and to manipulate the given situations presented to him He seldom initiated He followed through
