Get Inside Her Dirty Dating Tips And Secrets From A Woman:

Get Inside Her: Dirty Dating Tips & Secrets from a Woman Marni Kinrys, 2013-02-15 Guys Discover Insider Dating Tips From A Woman One night I sat up late reading email after email from attractive witty guys who were single and ready to date and instead of being impressed and enraptured I began to wonder what on earth was going wrong in the world You see these emails were not the typical online dating messages They weren't asking me out on dates or vying for desire or attention They were sent from great guys who no matter what they tried always seemed to find that beautiful women ended up dating jerks and never calling them back Now you might be wondering what all these guys are doing emailing me their questions but as a professional Wing Girl it's my duty to be the girl who gives it to guys straight of the dating community I'm always brutally honest and have been told I have a gift for seeing things from both sides of the dating lines but it took me a few glasses of wine and some seriously deep thinking to try to piece the puzzle together What was going on I knew all my gorgeous girlfriends were looking for these types of men Men who were exciting fun good honest and who had their life together So as they were they emailing me detailing their failed attempts I tried to find the one common factor that was holding these great guys back I spoke with them at length about their dating history trying to figure out if they were doing something wrong and then it struck me It wasn't them it was The Game they had been told to play They had the best intentions but they were going about attracting and dating beautiful women in all the wrong ways They were dating from the male perspective and in a way that seemed right to other guys but this wasn't communicated clearly to women As I started to reply to each email instead of telling them what I thought they wanted to hear or what I thought male Pick Up Artists might tell them I started to lay it all out on the line Later on when I asked my girlfriends for their opinion they couldn't believe what I had written I was revealing all secrets women would never tell men I was putting it out there in a way that would give guys what my girlfriends called the upper hand but I defended my actions These were genuinely great guys I was tired of hearing how women could never find what they were looking for Now when I gave the men a road map to go out and find them they freaked out That's when I knew I had something worth sharing Something that would turn the dating world on its head finally I thought It's time to shake things up If you have ever wondered why you aren't on the calendars of beautiful women why they never seem to call back or always end up with the jerks of the world then you have to hear what I have to say You need to accept that it's not your fault and face the facts Men and women are different We act think and date differently If you want to find success you have to see things from a different perspective You have to gain the world's first and best awarded female Pick Up Artists perspective Now when I go out meet with clients call or email these great guys back I get something in return I get to see them finally date the women they have always wanted and deserved They tell me how easy and simple it has become and how they cannot believe they didn't think of it first Of course I always laugh and tell them How could you We think differently They send me photographs updates and once in a while I'll be invited to a wedding or two Now it's your turn

Dirty Rotten Recruiter Tricks Elaine Delanna Priestley, 2008 This book is an exposé of unscrupulous recruiters those who deceive job seekers and cheat client companies It is a fictive memoir of the author's early years in the recruiting business And she knows what she's talking about She's a woman who rose to the top of her profession and learned every deceptive practice and dirty recruiter trick imaginable along the way Dirty Rotten Recruiter Tricks dramatized through embellished dialogue gives you a peek inside the grubby end of the business where recruiting charlatans practice their wily crafts Honest recruiters who provide genuine services to job seekers and client companies alike find their reputations tarnished by such frauds At the conclusion of each chapter you will find Elaine's Diary a summary of salient points that provide solid advice to help both job candidates and hiring executives avoid the kind of recruiter scams described so graphically in the book In essence you'll get both an entertaining story along with some valuable advice For example you'll learn how recruiters are often trained to lie what the phrase slinging shit at a screen means and why it reflects the philosophy of far too many recruiters why it's vitally important that companies vet their recruiters face to face and not over the phone the dirty tricks recruiters use to get leads on job orders the obvious disregard even contempt many recruiters feel for job candidates why job applicants should never believe recruiters when they ask for references unless they have job orders in hand how honesty is the most difficult policy in a profession riddled with liars and cheats why the recruiting business and telemarketing business are kindred spirits the underhanded tricks recruiters use to gain the names and addresses of company executives and other hiring authorities why recruiting is the essential dog eat dog business where survival of the fittest takes on biting meaning why recruiting managers often view the recruiter company client relationship as essentially adversarial what broadcasting resumes means and how it justifiably results in lawsuits against recruiters how unscrupulous recruiters encourage job candidates to lie on their resumes why job candidates must keep in touch with hiring authorities of companies during and after the interviewing process and not rely on what recruiters tell them why many company executives won't deal with recruiters under any circumstances For an author bio photo and a sample read visit bosonbooks.com
