The American Printer ,1924

El Cuerpo un Espacio Pedagógico Norma Delia Dur N. Amavizca,Norma Delia Durán Amavizca,2012-07 Los sistemas pedagógicos continúan en crisis Una crisis humana que amenaza con nunca acabar En esta obra se argumenta que una de las razones principales de las crisis educativas se debe a que los procesos pedagógicos han centrado la atención en el desarrollo cognoscitivo principalmente y han dejado de lado al cuerpo y sus emociones La pedagogía de lo corporal propuesta por el Dr Sergio Lopez Ramos muestra un camino esperanzador y encausa a la educación al aprendizaje por medio del cuerpo concibiéndolo como un espacio en donde el individuo tiene posibilidades de construir nuevas formas de vivir en armonía consigo mismo y con los otros Para que el ser humano alcance una mejor calidad de vida en esta época global y postmoderna La autora incursiona en la pedagogía de lo corporal del Dr Lopez Ramos con la metodología de historia de las ideas y logra exponer la propuesta de abrigar una nueva epistemología del cuerpo y las emociones en los procesos educativos
