Mart n Fierro An Epic of the Argentine 1923 is an epic poem and accompanying scholarship by Jos Hern ndez and Henry A Holmes Originally published in two parts the poem has been praised as a defining work of Argentine literature for its depiction of national identity in relation to the gaucho culture which was used to consolidate the historical and political image of the country against European influence Unlike many of his contemporaries Hern ndez was a writer who grew up in a ranching family who knew firsthand the prowess of a people who helped Argentina free itself from Spanish control Mart n Fierro is a masterpiece of Spanish language literature that continues to define and inform Argentine culture today In this text scholar Henry A Holmes translates parts of the poem while contextualizing it alongside works of Hern ndez s predecessors In addition Holmes provides invaluable information on the poet s life discusses the significance of the gaucho in Argentine literature and investigates the portrayal of the indigenous peoples of Argentina in the poem With a beautifully designed cover and professionally typeset manuscript this edition of Jos Hern ndez and Henry A Holmes Mart n Fierro An Epic of the Argentine is a classic of Argentine literature reimagined for modern readers   El Gaucho Martín Fierro, etc. [A facsimile of the edition of 1872.] José Rafael HERNÁNDEZ PUEYRREDÓN,1962   The Gaucho Martín Fierro Jose Hernandez,1974-06-30 This is a poem of protest drawn from the life of the gaucho who was forced to yield his freedom and individuality to the social and material changes that invaded his beloved pampas a protest which arose from years of abuse and neglect suffered from landowners militarists and the Argentine political establishment This poem composed and first published more than a century ago could have been written today by spokesmen for other oppressed groups in other parts of the world For this reason perhaps the poem has such universal appeal that it has been translated into nineteen languages making it available to more than half of the world s people Hernandez s poem was an attempt to alert the government and particularly the city dwellers to the problems faced by the gaucho minority in adjusting to the new unfamiliar culture imposed on them by the Central Government soon after the fall of the dictator Juan Manuel de Rosas in 1852 under the slogan Politics of Progress Moreover the poem supplied a historical link to the gauchos contribution to the national

development of Argentina for the gaucho had performed a major role in the country's independence from Spain. They had also fought in the civil wars of Argentina and had cleared the pampas of marauding Indian bands that plagued the pastoral development of the region. According to Hernández they had been by turns abused, neglected and finally dispersed, ultimately losing their identity as a social group. Those interested in the Martín Fierro as literature as social protest as anthropology or as an example of the annihilation of a minority group and its very identity have joined in making it the most widely read, analyzed and discussed literary work produced in Argentina. Now after several hundred editions in Spanish and other languages, Martín Fierro is recognized as a masterpiece of world literature. The aim of this English version has been to achieve a line-by-line rendition faithful to the original in substance and tone but without attempting to recreate Hernandez's meter or rhyme. The translators present it here as a catalyst for enjoyment, provocation and insight.

**Fierro** José Hernández, 1977      **El Gaucho Martín Fierro** Jose Hernandez, 2016-10-01 El Gaucho Martín Fierro es un poema narrativo escrito en verso por José Hernández en 1872 obra literaria considerada ejemplar del género gauchesco. Debido a que tiene una continuación La vuelta de Martín Fierro escrita en 1879 este último libro también es conocido como La vuelta y la primera parte como La ida. Ambos libros han sido considerados como libro nacional de la Argentina bajo el título genérico de El Martín Fierro. En La ida Martín Fierro es un gaucho trabajador al que la injusticia social del contexto histórico lo vuelve un gaucho matrero fuera de la ley. Narra el carácter independiente, heroico y sacrificado del gaucho. El poema es en parte una protesta en contra de la política del presidente argentino Domingo Faustino Sarmiento de reclutar forzosamente a los gauchos para ir a defender las fronteras internas contra los indígenas.      **El gaucho Martín Fierro** José Hernández, 1989
