El monstruo Pablo Pardo,2011 **Psychological Torture** Pau Perez Sales,2016-11-03 Sadly it is highly likely that psychological torture is committed by governments worldwide and yet notwithstanding the serious moral questions that this disturbing and elusive concept raises and research in the area so limited there is no operational or legal definition This pioneering new book provides the first scientific definition and instrument to measure what it means to be tortured psychologically as well as how allegations of psychological torture can be judged Ground in cross disciplinary research across psychology anthropology ethics philosophy law and medicine the book is a tour de force which analyses the legal framework in which psychological torture can exist the harrowing effects it can have on those who have experienced it and the motivations and identities of those who perpetrate it Integrating the voices both of those who have experienced torture as well as those who have committed it the book defines what we mean by psychological torture its aims and effects as well as the moral and ethical debates in which it operates Finally the book builds on the Istanbul Protocol to provide a comprehensive new framework including practical scales that enables us to accurately measure psychological torture for the first time This is an important and much needed overview and analysis of an issue that many governments have sought to sweep under the carpet Its accessibility and range of coverage make it essential reading not only for psychologists and psychiatrists interested in this field but also human rights organizations lawyers and the wider international community

La Impunidad Imperial Roberto Montoya,Fabián Harari,2024-04-10 En vista del proceso que trata este libro vale la pena realizar un repaso de c mo deber a entenderse La explicaci n m s corriente recurre a la definici n cl sica de imperialismo desarrollada a fines del siglo XIX y comienzos del XX En ese entonces pod a observarse un fen meno que parec a nuevo aunque no era sino la aceleraci n del que ya se hab a gestado en el siglo XVIII la ocupaci n lisa y llana de regiones enteras en manos de las grandes potencias convertidas por lo tanto en imperios mundiales que administraban poblaci n de los cinco continentes Los debates para comprender semejante situaci n derivaron en un texto fundacional a cargo de Lenin El Imperialismo etapa superior del capitalismo que si bien no fue el primero en plantearlo s lo expuso en forma clara y sistem tica En este esquema la incursi n de EE UU en Medio Oriente se explica por su voluntad de monopolizar el petr leo y ciertas reas geogr ficas A su vez en esos pa ses donde se realizan combates cuerpo a cuerpo entre la poblaci n y las potencias imperialistas la revoluci n socialista estar a al caer Lo cierto es que empresas de diferentes pa ses incluidas las rusas y chinas han incursionado en el petr leo iraqu La direcci n burguesa local en sus diferentes formas es la que verdaderamente ha venido resistiendo la invasi n y parece que con muy poco temor de armar al proletariado que dirige Lamentablemente a n la revoluci n est muy lejos de Irak y Afganist n Los planteos leninistas trotskistas sobre este punto adolecen de un error inicial niegan la vigencia de la teor a del valor y de la crisis como consecuencia de la ca da de la tasa de ganancia por aumento entre otras variables de la composici n org nica del capital es decir que el capitalismo entra en crisis por su propio desarrollo
