Prioritizing the Common Core Larry Ainsworth, 2013 The consensus among educators nationwide is that in depth instruction paired with focused assessment of essential concepts and skills are far more effective than superficially covering every concept and skill in the standards

Educators are faced with the task of teaching all standards while meeting the extraordinary range of student learning needs. Prioritizing the Common Core offers common sense solutions to the dilemmas teachers face today in implementing the new more rigorous national standards. Chapters present a rationale for prioritizing the Common Core a step by step process for prioritizing standards in language arts and mathematics strategies for soliciting feedback and input from everyone in the district or school prior to the final determination of the Priority Standards and detailed summaries of the process schools in six different districts used to identify their Priority Standards with accompanying commentary by those who directed the work. *Teaching towards Democracy with Postmodern and Popular Culture Texts* Patricia Paugh, Tricia Kress, Robert Lake, 2014-11-26

This edited volume supports implementation of a critical literacy of popular culture for new times. It explores popular and media texts that are meaningful to youth and their lives. It questions how these texts position youth as literate social practitioners. Based on theories of Critical and New Literacies that encourage questioning of social norms, the chapters challenge an audience of teachers, teacher educators, and literacy focused scholars in higher education to creatively integrate popular and media texts into their curriculum. Focal texts include science fiction, dystopian, and other youth central novels, picture books that disrupt traditional narratives, graphic novels, video games, other arts based texts, film, novel hybrids, and even the lives of youth readers themselves as texts that offer rich possibilities for transformative literacy. Syllabi and concrete examples of classroom practices have been included by each chapter author.

A Teacher's Guide to Using the Common Core State Standards With Gifted and Advanced Learners in the English/Language Arts National Assoc For Gifted Children, Todd Kettler, Elizabeth Shaunessy-Dedrick, 2021-09-23. A Teacher's Guide to Using the Common Core State Standards With Gifted and Advanced Learners in the English Language Arts provides teachers and administrators a blueprint for differentiating the Common Core State Standards for English Language Arts for gifted and advanced students through the use of acceleration, depth, complexity, and creativity within and across grade levels. It illustrates the differences between learning experiences for typical and advanced students based on the same standard and provides an array of examples across five of the information text and literary text standards while integrating the other aspects of language arts teaching and learning. The book highlights implementation features such as classroom management and assessment of student work that allow teachers to make data based decisions about instruction for particular students. It also offers guidance to teachers on reading selections for advanced learners at all grade levels.
