**A Modest Proposal in the Context of Swift's Irish Tracts** María-Angeles Ruiz Moneva, 2020-06-12 Swift's A Modest Proposal has always aroused the interest not just of literary critics but also of linguists and pragmatists. Within the latter approaches the study of irony and more concretely the intentions and attitudes that must have guided the production of such an intricate work have always been paramount. However it seems that within pragmatics the analysis has been restricted so far to the 1729 work itself. In the present author's view it is interesting to contextualise this masterpiece of irony and satire within Swift's wider writing on Ireland an approach that remains to be carried out. Accordingly this work sets out to analyse a selection of Swift's Irish Tracts with a view to tracing the evolution within Swift's literary production of his views and attitudes towards the situation of his homeland. Although different pragmatic approaches are applied the emphasis is laid

upon the contributions that the relevance theoretical framework and its studies on irony may bring to the understanding of this particular Tract. The works selected are meant to cover and also be representative of the main phases currently distinguished within Swift's writing on the Irish Question. It is therefore hoped that a deeper analysis of the former works by Swift on this topic will provide new insights for a better understanding of *A Modest Proposal*. **El derecho comparado en la docencia y la investigación.** Nuria Marchal Escalona, 2017-08-10. El Derecho en cuanto a ciencia social no puede al igual que ocurre con la historia la economía a la teoría o la sociología ser estudiado exclusivamente desde una perspectiva puramente nacional. Deviene preciso e imprescindible conocer las diferencias y similitudes entre distintas familias y sistemas jurídicos permitiendo que el Derecho evolucione proponiendo para tal efecto comparaciones, recepciones, trasplantes o fusiones propicia el análisis de figuras jurídicas utilizadas en otros países y su posible adaptación a otro sistema. No existe una definición del Derecho comparado que pueda englobar todas sus funciones y fijar una finalidad concreta y la razón es simple: que es un todo comparativo al servicio de todas las ramas jurídicas: Derecho penal, Derecho internacional privado, Derecho mercantil, Derecho constitucional, Derecho laboral, etc. Ahora bien, el todo comparado requiere de unos presupuestos básicos para ser comprendido y aplicado. Es preciso comprender y analizar la noción misma y sus posibilidades metodológicas en el ámbito de la investigación y de la docencia. Precisamente la presente obra nace con la vocación de darlos a conocer optando por una perspectiva práctica. El Derecho como saber o como ciencia es fundamentalmente práctico por su propia razón de ser. Son los problemas y los conflictos entre partes los que justifican la realidad jurídica. Y debe ser la pericia en la solución de esos problemas prácticos la razón de ser primordial de la enseñanza jurídica. Ciertamente solo un conocimiento profundo de la teoría y su aplicación práctica hace al buen jurista. Este libro es fruto de la innegable utilidad y de las bondades que el todo comparado presenta. El objetivo es difundir en la Universidad española las virtudes del todo comparado. Y es que desgraciadamente el Derecho comparado no cuenta con un espacio propio en las Facultades de Derecho de las Universidades españolas. La formación de los alumnos en el ámbito de la metodología jurídica comparada es pues cuando menos escasa. Sin embargo y he ahí la paradoja: rara es la rama jurídica o de ciencias sociales en la que no se elaboren trabajos de investigación. Los trabajos fin de Grado o fin de Master con contenidos de Derecho comparado. Con la presente obra tratamos por tanto de satisfacer la necesidad imperiosa de preparar al alumno para un mercado laboral como lo es el actual globalizado y cambiante. **El español jurídico.** Enrique Alcaraz Varó, Brian Hughes, Adelina Gómez González-Jover, 2014. El español jurídico va dirigido a especialistas de la traducción y la interpretación ya sean estudiantes o profesionales. No es ni pretende ser un libro de Derecho español sino un estudio del lenguaje jurídico español en especial de los términos jurídicos y los conceptos que estos encierran analizado desde la perspectiva de dos filólogos con una amplia experiencia en el campo de la traducción jurídica. Estos identifican, presentan e ilustran siempre desde una perspectiva lexicográfica sintáctica y estilística los términos clave del español jurídico acompañándolos de su correspondiente traducción al inglés y al francés. ***Lingüística forense, lengua y***

*Historia del derecho público en Colombia. Tomo I* Francisco Barbosa,2012-01-01

El derecho y la historia han tenido una relación intensa pero conflictiva Desde el derecho la historia ha sido enmarcada en una suerte de linealidad normativa que prescinde de la panoplia de problemas que se pueden estudiar históricamente Desde la historia el estudio del derecho ha sido presuntuoso queriendo abordarlo sin entenderlo sin conocer sus meandros sus líneas de corte e incluso tropezando las más de las veces con problemas conceptuales Tanto el uno como el otro deben saberse mirar respetarse y no colonizarse Es la única forma de hacer trabajos conjuntos Esta interacción no debe plantearse como un imperativo epistemológico Por el contrario en algunos casos la historia debe hacer su trabajo y el derecho debe continuar haciendo el suyo En otros escenarios como los que plantea esta obra colectiva el trabajo conjunto es útil y necesario para lograr una clarificación de nuestro presente jurídico permitiendo abordar su historia a través de posturas metodológicas que son traídas del saber histórico y en algunos casos del saber jurídico

### **Translating Official Documents**

Roberto Mayoral Asensio,2014-07-16 Official translations are generally documents that serve as legally valid instruments They include anything from certificates of birth death or marriage through to academic transcripts or legal contracts This field of translation is now as important as it is fraught with difficulties for it is only in a few areas that the cultural differences are so acute and the consequences of failure so palpable In a globalizing world our official institutions increasingly depend on translations of official documents but little has been done to elaborate the skills and dilemmas involved Roberto Mayoral

deals with the very practical problems of official translating He points out the failings of traditional theories in this field and the need for revised concepts such as the virtual document pragmatic constraints and risk analysis He details aspects of the social contexts ethical norms translation strategies different formats fees legal formulas and ways of solving the most frequent problems Care is taken to address as wide a range of cultural contexts as possible and to stress the active role of the translator This book is intended as a teaching text for the classroom for self learning or for professionals who want to reflect on their practice Activities and exercises are suggested for each chapter and information is included on professional associations and societies across the globe     **A Translation Manual for the Caribbean (English-Spanish)** Ian Craig,Jairo Sánchez,2007 This manual is a comprehensive collection of resources for tertiary teachers and students of English Spanish translation in the Caribbean region It fills a gap in the market for a resource text specifically designed for tertiary Caribbean students teachers and practitioners interested in English Spanish translation
