Tim Flannery, 2021-09-21 Internationally renowned author and scientist Tim Flannery explores our planet's forests and the extraordinary animals that live in them. Can spiders fly? Are dire wolves real? Do chameleons practice magic? Tim Flannery has the answers. In this informed and accessible book, he introduces some of the most spectacular and unusual creatures in Earth's forests with in-depth and often bizarre facts. Flannery ties together concepts of climate change, evolution, conservation, and taxonomy throughout each animal's profile, firmly connecting the animal to its environment while sparking wonder at its role in the natural world. Packed with vibrant illustrations and guided by real-life anecdotes from one of our greatest science communicators, *Weird Wild Amazing Forest* teaches readers to cherish and delight in our planet's ecosystems with Tim Flannery's signature mix of humor and wisdom.

Paranormal Nation Marc E. Fitch, 2013-03-21 This thought-provoking study of paranormal phenomena traces the impact of supernatural beliefs on popular culture and conversely examines the influence of new communication technologies on research being conducted in the field. Did you know that interest in UFO research increased during the 1960s as a result of the Kennedy assassination? Or that America experienced a Satanic Panic in the 1980s that culminated with the longest, most expensive court trial in American history? This book reviews the history, economy, and community of paranormal research in this country and considers the deeper meaning behind the philosophies and theories surrounding the industry. *Paranormal Nation: Why America Needs Ghosts, UFOs, and Bigfoot* explores the events that have defined paranormal belief systems today. From the birth of religious doctrine to European witch hunts to the increasing popularity of the supernatural in American television programming, the author examines the past and present conditions that have fueled interest in the unexplained and considers what this trend means for modern-day America.

Meeting Faith: The Forest Journals of a Black Buddhist Nun Faith Adiele, 2004 Those Mysterious Priests Fulton John Sheen, 1974 This is a reprint of Fulton Sheen's last book published in his lifetime, written a few years before he died in 1979. In his final years, Archbishop Sheen gave many retreats to priests and was very concerned with making sure that priests had a strong moral and spiritual background to meet the challenges facing the Church after Vatican II. This book covers a wide range of topics affecting the priesthood and is vintage Sheen, written with his usual insight and humor.
