For Christs Sake End Sexual Abuse In The Catholic Church For Good:

For Christ's Sake Geoffrey Robinson, 2013 Sexual abuse within the Catholic Church has been nothing short of an epidemic of catastrophic proportions. The devastation of victims, the ruination of priests and religious, the damage of a major world religion and its faithful are horrendous and incalculable. In the current social environment that includes the Royal Commission into Institutionalised Sexual Abuse of Children, this is the book that had to happen. This is the book written by an insider designed to move the Church back into the hands of the millions of shocked and bewildered Catholics throughout the world who are saying enough is enough. Bishop Geoffrey Robinson states that there are three major tasks to be performed in eradicating sexual abuse from the Church: identifying and removing all offenders, reaching out to and assisting all victims, survivors, and identifying and overcoming the causes of both abuse and the poor response of the Church's hierarchy. Bishop Robinson has been involved in the first two of these three fields for eighteen years and he firmly believes there is a crying need to address the third element: preventing abuse from happening in the first place and, in so doing, ending systemic sexual abuse in the Catholic Church for good. This pull no punches book sets out a clear action plan for the Catholic Church to adopt if it is sincere in wanting to eradicate sexual abuse. It is a call to a new Pope to seize the opportunity of his appointment to not only sweep the Church clean of abuse but to put His house in order for all time. Bishop Robinson calls for nothing less than a Council of the whole Church, inclusive of the laity, to confront the issues raised in the book. **Transitional Justice and the**

Historical Abuses of Church and State James Gallen, 2023-03-30 In this book, James Gallen provides an in-depth evaluation of the responses of Western States and churches to their historical abuses from a transitional justice perspective. Using a comparative lens, this book examines the application of transitional justice to address and redress the past in Ireland, Australia, Canada, the United States, and the United Kingdom. It evaluates the use of public inquiries and truth commissions, litigation, reparations, apologies, and reconciliation in each context to address these abuses. Significantly, this novel analysis considers how power and public emotions influence and often impede transitional justice's ability to address historical structural injustices. In addressing historical abuses, power fails to be redistributed and national and religious myths are not reconsidered, leading Gallen to conclude that the existing transitional justice efforts of states and churches remain an unrepentant form of justice. Blair Kaiser, 2014-05-23 Pope Francis, the first Jesuit pope, has captured our attention by stepping away from the papal throne, unafraid to give impromptu interviews, decentralize church governance, or explore new horizons for the greater good of the people of God. His actions and words suggest that he is here not to dominate but to serve, less inclined to preach than to listen, and to bring us back to Jesus that we may have life and have it more abundantly. Award-winning journalist Robert Blair Kaiser argues that the pope's Jesuit DNA is central to understanding how Pope Francis is shaping the church and the world. *Inside the Jesuits* takes readers inside the Jesuits' head and heart, take on faith. The author tells the story of his own Jesuit training.

before leaving to become a journalist and highlights how the key elements of the Jesuit formation have made Pope Francis the pope he is like Jesus in his simplicity launching bold administrative moves to update the Church and daring to say and do things no other pope has said or done He washes the feet of those in prison including a Muslim woman He says of homosexuals Who am I to judge To further illustrate the Jesuit DNA in action Kaiser produces some fascinating profiles of other Jesuits and former Jesuits working the Jesuit motto for the greater glory of God which Kaiser gives a more worldly spin for the greater good of the people of God Inside the Jesuits is a powerful exploration of how the Jesuit training to be more like Jesus has shaped Pope Francis a self confessed sinner who encourages us to love our supposedly less worthy selves and help make a better world

The 2015 Synod Geoffrey Robinson,2015-04-01 The October 2014 session of the Synod of Bishops looked at the modern family through a pastoral lens focusing in particular on situations where there seemed to be a conflict between church doctrine and pastoral need Two subjects rose to prominence the situation of lesbian gay bisexual or transgender persons and the situations of Catholics whose marriage has failed and who have later remarried In this contribution to the Synod scheduled for October 2015 Bishop Geoffrey Robinson contends that if the second session of the Synod is to find answers it must first look seriously at the church teachings involved to see whether they might allow some room to move in finding pastoral solutions That is what he offers here

Governing Child Abuse Voices and Victimisation Jodi Death,2017-10-25 Child sexual abuse by clergy within the Roman Catholic Church has emerged as a social and political discourse over the last three decades The analysis here specifically focuses on the establishment conduct and outcomes of the extensive public inquiries of Australia although inquiries in other jurisdictions are also discussed Unlike criminal or civil processes although they may be inquisitory in nature public inquiries emerge from a specifically political context and are a tool of governance embedded in a larger context of governmentality Understanding the broader political and cultural contexts of public inquiries is important then in understanding their value and effectiveness as justice processes especially for victims of CSA by clergy What is interesting about public inquiry is that it situates victims of CSA by clergy outside of criminal and civil justice processes and recognises a different politicised relationship between victims as citizens the state and Catholic institutions where abuse has occurred At the cutting edge of disciplinary and methodological understandings of the interconnections between the church state and families his book explores the dynamics of the emergence and politicisation of victims of CSA by clergy their expressions of resistance and the legitimisation of their voice in public and political spheres

Potiphar's Wife Kieran Tapsell,2014-03-01 English summary The cover up of child sexual abuse by the Catholic Church has been occurring under the pontificate of six popes since 1922 For 1500 years the Catholic Church accepted that clergy who sexually abused children deserved to be stripped of their status as priests and then imprisoned A series of papal and Council decrees from the twelfth century required such priests to be dismissed from the priesthood and then handed over to the civil authorities for further punishment That all changed in 1922 when Pope Pius XI issued his

decree Crimen Sollicitationis that created a de facto privilege of clergy by imposing the secret of the Holy Office on all information obtained through the Church's canonical investigations. If the State did not know about these crimes then there would be no State trials and the matter could be treated as a purely canonical crime to be dealt with in secret in the Church courts. Pope Pius XII continued the decree Pope John XXIII reissued it in 1962 Pope Paul VI in 1974 extended the reach of pontifical secrecy to the allegation itself Pope John Paul II confirmed the application of pontifical secrecy in 2001 and in 2010 Benedict XVI even extended it to allegations about priests sexually abusing intellectually disabled adults. In 2010 Pope Benedict gave a dispensation to pontifical secrecy to allow reporting to the police where the local civil law required it that is just enough to keep bishops out of jail. Most countries in the world do not have any such reporting laws for the vast majority of complaints about the sexual abuse of children. Pontifical secrecy the cornerstone of the cover up continues. The effect on the lives of children by the imposition of the Church's Top Secret classification on clergy sex abuse allegations may not have been so bad if canon law had a decent disciplinary system to dismiss these priests. The 1983 Code of Canon Law imposed a five year limitation period which virtually ensured there would be no canonical trials. It required bishops to try to reform these priests before putting them on trial. When they were on trial the priest could plead the Vatican Catch 22 defence he should not be dismissed because he couldn't control himself. The Church claims that all of this has changed. Very little has changed. It has fiddled around the edges of pontifical secrecy and the disciplinary canons. The Church has been moonwalking.

The Catholic Sexual Abuse Scandal Jerry J. Romans 5:20 *Celibacy, Seminary Formation, and Catholic Clerical Sexual Abuse* Vivencio O. Ballano, 2024-04-30 Does the current celibate semi-monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the Roman Catholic Church Applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author's experience interviews and Church documents this book argues that the Catholic Church's institution of the celibate seminary formation as the only mode of clerical training for Catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse The author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes As such an alternative model for diocesan clerical formation is advanced A fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of Catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training It will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation *Is the Reformation Over?* Mark A. Noll, Carolyn Nystrom, 2008-04-01 For the last few decades Catholics and Protestants have been working to heal the wounds caused by centuries of mistrust This book a Christianity Today 2006 Book Award winner provides an evaluation of contemporary Roman Catholicism and the changing relationship between Catholics and evangelicals The authors examine past tensions post-Vatican II ecumenical dialogues and social political issues that have brought Catholics and evangelicals together While not ignoring significant differences that remain the authors call evangelicals to gain a new appreciation for the current character of the Catholic Church Written by Mark Noll one of the premier church historians of our day and Carolyn Nystrom this book will appeal to those interested in the relationship between evangelicals and the Catholic Church *Confronting Power and Sex in the Catholic Church* Geoffrey Robinson, 2008 Drawing on his own experience in responding to abuse Bishop Geoffrey Robinson methodically offers a critique of the church's use and misuse of power from the pope proclaiming infallibly down to the preacher claiming a divine authority for every word spoken from the pulpit Going back to the Bible and above all to the teaching of Jesus he presents an approach to sexual morality that is profound compassionate and people centered He stresses the priority of the hierarchy of holiness over the hierarchy of power He offers nothing less than a vision for a church of the third millennium a church that wants to see in its members the responsibility appropriate to adults rather than the obedience appropriate to children and wants to help all people to grow to become all they are capable of being You will love or hate this book but not be able to remain neutral Through the story of sexual abuse and the church's response I came to the

unshakeable belief that within the Catholic Church there absolutely must be profound and enduring change. In particular, there must be change on the two subjects of power and sex. From the Introduction Bishop Geoffrey Robinson, who has degrees in philosophy, theology, and church law, was Auxiliary Bishop in the Archdiocese of Sydney from 1984 until his retirement in 2004. In 1994, he was elected by the Australian Bishops to the National Committee for Professional Standards, coordinating the response of the Catholic Church in Australia to revelations of sexual abuse, and from 1997 until 2003, he was cochairman of this committee.

Meant to Live Nancy Hicks, 2019-06-04. Meant to Live unpacks how Christians can live in the power and glory of the Gospel, the Good News of Jesus Christ, and celebrate God's glory in themselves, the Church, and beyond. Inspirational communicator Nancy Hicks describes four camps of Christians who wallow in the bad news of our fallenness while disgruntled Christians and non-Christians alike are watching and thinking, "If that's what it means to be a Christian, no thanks." Frankly, these versions of the Gospel aren't good. So those watching are left wondering, "How are we to live?" Meant to Live offers a vision of humanity's calling and a way to live a genuine life gloriously into the Good News. She offers a fresh view on humanity's glory as seen in the Gospel and an honest diagnosis of the four main camps often found in the Church. Nancy also helps readers identify an honest assessment of self. Sexual Abuse and the Culture of Catholicism Myra L. Hidalgo, 2012-10-12. An inside look at the reasons Catholic priests and nuns commit sexual abuse. Sexual Abuse and the Culture of Catholicism digs beneath the public scandals to explore the underlying causes of sexual abuse by priests and nuns from the unique perspective of an abuse victim survivor who is an experienced mental health practitioner and social science researcher. This powerful book includes the author's personal account of sexual abuse by a nun and her years of struggle to recover. Passionate but scholarly and objective, the book advocates the need for healing, dialogue, empirical research, and informed prevention strategies to bring a meaningful resolution to the crisis of sexual abuse in the church. Popular explanations for the reasons behind the crisis have included issues related to celibacy, homosexuality, the power structure of the church, and poor seminary screening practices. But none of these theories are supported by research, nor can they explain why Catholic priests and nuns may be more likely to abuse children than other adults in positions of trust. Sexual Abuse and the Culture of Catholicism uses a complex systemic approach to draw parallels between the church as a human system and a family that has experienced incest, presenting a model for a sexual trauma cycle in the church based on systemic sexual shame passed down through the beliefs and practices of Catholicism. Sexual Abuse and the Culture of Catholicism examines the prevalence and characteristics of sexual abuse by Catholic priests and nuns compared to sex offenders in the general population, celibacy, homosexuality, and the power structure of the church as contributing factors in the sexual abuse crisis, an analogy of the church as a family in which incest occurs, the effects and causes of sexual offending from one generation to the next, how

current research on sexual offending applies to sexual abuse by priests and nuns healing and empowerment for those affected by religious based sexual trauma reform and renewal within the Catholic Church and much more Sexual Abuse and the Culture of Catholicism is a unique and important resource for clergy religious order and lay leaders in the Catholic Church and other Christian denominations social science researchers social workers and mental health professionals lay and religious members of the Catholic Church and anyone recovering from religious based sexual trauma
