For Prophet And Tsar Islam And Empire In Russia And Central Asia:

For Prophet and Tsar Robert D. Crews, 2006-05-30 In stark contrast to the popular clash of civilizations theory that sees Islam inevitably in conflict with the West Robert D Crews reveals the remarkable ways in which Russia constructed an empire with broad Muslim support For Prophet and Tsar unearths the fascinating relationship between an empire and its subjects As America and Western Europe debate how best to secure the allegiances of their Muslim populations Crews offers a unique and critical historical vantage point *Imperial Russia's Muslims* Mustafa Tuna, 2015-06-04 Investigates the entangled transformations of Russia's Muslim communities from the late eighteenth century through to the First World War Drawing from a wealth of Russian and Turkish sources Mustafa Tuna surveys the transformation of Imperial Russia's oldest Muslim community the Volga Ural Muslims **The Lawful Empire** Stefan B. Kirmse, 2019-12-05 An analysis of law and imperial rule reveals that Tsarist Russia was far more lawful than generally assumed *The Strong State in Russia* Andrei P. Tsygankov, 2014-11-18 The Russian state presents a mystery to outside observers Although Russia was the site of some of the last century's most radical upheavals and although Russian governments are usually characterized by autocracy corruption and political decay the central government has retained a remarkable hold on the vast country Does its historical progress represent change or continuity How has the political culture molded the expectations and behavior of the Russian people over time What features of the Russian state are the keys to understanding it The Strong State in Russia provides a succinct account of Russia's strong state model by reviewing the external and internal contexts in each major period and tracing its evolution over time Every era saw the emergence and growth of a strong state as well as a subsequent decline but in each the contexts combined in unique ways to produce very different political outcomes Tsygankov argues that while the Western perspective on Russia is limited there is an alternative way of thinking about the nation and its problems Despite focusing on the contemporary Russian state the book situates it in a broader historical continuity and explains that the roots of its development can be found in the Tsar's autocratic system Russia's strong state has evolved and survived throughout centuries and that alone suggests its historical vitality and possible future revival From this perspective the central scholarly question is not whether Russia will recreate a strong state but rather what kind of a strong state it will be and under which circumstances it will likely function *The Great Power Competition Volume 2* Adib Farhadi, Anthony Masys, 2022-02-01 Even before the outbreak of the COVID 19 pandemic the Central Region faced numerous obstacles to building a stable and prosperous future The region which encompasses the Middle East the Horn of Africa Central Asia and South Asia has been plagued by economic and political uncertainty amidst dramatic shifts in the global power structure With the pandemic now exacerbating the volatility in this already fragile region the U S's strategic objectives are rife for re examination A complicated stew of factors such as weakening of established governance systems the emboldening of extremist individuals and groups through advances in digital technology the humanitarian crises in Afghanistan and Syria and the intensification of

the great power competition with China and Russia are creating a fertile environment for the growth of violent extremist organizations VEOs Such organizations take advantage of vulnerable aggrieved and traumatized populations to fuel radicalization recruitment and unrest which further undermine stability and the potential for peace and prosperity While it is still early to fully understand how the ongoing response to the COVID 19 pandemic will impact U S policy this book provides a timely analysis of relevant dynamics such as popular radicalization digital information ecosystems networks of influence and new capabilities to recognize and prepare for other such black swan events in the region

Law and the Russian State William E. Pomeranz, 2018-12-27 Russia is often portrayed as a regressive even lawless country and yet the Russian state has played a major role in shaping and experimenting with law as an instrument of power In Law and the Russian State William E Pomeranz examines Russia's legal evolution from Peter the Great to Vladimir Putin addressing the continuities and disruptions of Russian law during the imperial Soviet and post Soviet

The book covers key themes including Law and empire Law and modernization The politicization of law The role of intellectuals and dissidents in mobilizing the law The evolution of Russian legal institutions The struggle for human rights The rule of law The quest to establish the law based state It also analyzes legal culture and how Russians understand and use the law With a detailed bibliography this is an important text for anyone seeking a sophisticated understanding of how Russian society and the Russian state have developed in the last 350 years *Song Beyond the Nation* Philip Ross Bullock, Laura Tunbridge, 2021-05-20 This book challenges that assumption by exploring the ways in which song crosses national borders Whether by incorporating foreign canons of poetry alongside native ones or conveying literature across linguistic borders through acts of performance song functions as a means of translation **The Limits of Universal Rule** Yuri Pines, Michal Biran, Jörg Rüpke, 2021-01-21 All major continental empires proclaimed their desire to rule the entire world investing considerable human and material resources in expanding their territory Each however eventually had to stop expansion and come to terms with a shift to defensive strategy This volume explores the factors that facilitated Eurasian empires expansion and contraction from ideology to ecology economic and military considerations to changing composition of the imperial elites Built around a common set of questions a team of leading specialists systematically compare a broad set of Eurasian empires from Achaemenid Iran the Romans Qin and Han China via the Caliphate the Byzantines and the Mongols to the Ottomans Safavids Mughals Russians and Ming and Qing China The result is a state of the art analysis of the major imperial enterprises in Eurasian history from antiquity to the early modern that discerns both commonalities and differences in the empires spatial trajectories **A Companion to Russian History** Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field **The Russian Revolution, 1905-1921** Mark D. Steinberg, 2017 A new history of the Russian Revolution exploring how people experienced it in their own lives from Bloody Sunday in 1905 to the final shots of the civil war in 1921 The Russian Revolution 1905 1921 focuses on human experience to address key issues of inequality power and violence and ideas of justice and freedom The Tsar's Foreign Faiths Paul W. Werth, 2014-03-21 The Russian Empire presented itself to its subjects and the world as an Orthodox state a patron and defender of Eastern Christianity Yet the tsarist regime also lauded itself for granting religious freedoms to its many heterodox subjects making religious toleration a core attribute of the state s identity The Tsar s Foreign Faiths shows that the resulting tensions between the autocracy s commitments to Orthodoxy and its claims to toleration became a defining feature of the empire s religious order

In this panoramic account Paul W Werth explores the scope and character of religious freedom for Russia's diverse non-Orthodox religions from Lutheranism and Catholicism to Islam and Buddhism. Considering both rhetoric and practice, he examines discourses of religious toleration and the role of confessional institutions in the empire's governance. He reveals the paradoxical status of Russia's heterodox faiths as both established and foreign and explains the dynamics that shaped the fate of newer conceptions of religious liberty after the mid-nineteenth century. If intellectual change and the shifting character of religious life in Russia gradually pushed the regime towards the acceptance of freedom of conscience, then statesmen's nationalist sentiments and their fears of politicized religion impeded this development. Russia's religious order thus remained beset by contradiction on the eve of the Great War. Based on archival research in five countries and a vast scholarly literature, *The Tsar's Foreign Faiths* represents a major contribution to the history of empire and religion in Russia and to the study of toleration and religious diversity in Europe.

Religion und Integration im Moskauer Russland Ludwig Steindorff, 2010. Wie im gesamten mittelalterlichen und frühneuzeitlichen Europa fiel der Religion auch im Moskauer Reich eine Schlüsselrolle bei der Legitimation von Herrschaft und Integration der Gesellschaft zu. Die Vereinheitlichung der Lebensformen auf der Grundlage orthodoxer Kirchlichkeit war ein Bindeglied für die meisten Gebiete des Reiches. Doch konnte religiöser Dissens die Integration auch fallweise in Frage stellen. Wie weit ging die Kommunikation über die religiösen Grenzen hinweg? Waren doch im Moskauer Reich neben der Orthodoxie auch andere christliche Konfessionen, Islam und Naturreligionen präsent? In welchem Verhältnis standen die protonationalen Integrationspraktiken der russischen Orthodoxie zu den Anliegen imperialer Herrschaft? Lässt sich beim Vergleich mit Westeuropa von Gleichzeitigkeit des Ungleichzeitigen mit Bezug auf Phänomene der religiösen Praxis sprechen? Können wir das Konfessionalisierungsparadigma auf die Geschichte des Moskauer Reiches übertragen? Autorinnen und Autoren aus Russland, Deutschland, den USA, Frankreich und Finnland geben hierzu Antworten. Der von Ludwig Steindorff herausgegebene Sammelband ist aus der X. Internationalen Konferenz zur altrussischen Geschichte her vorgegangen, die 2008 in Kiel stattfand.

Afghanistan Rising Faiz Ahmed, 2017-11-06. Debunking conventional narratives. Faiz Ahmed presents a vibrant account of the first Muslim majority country to gain independence, codify its own laws and ratify a constitution after the fall of the Ottoman Empire. Afghanistan, he shows, attracted thinkers eager to craft a modern state within the interpretive traditions of Islamic law and ethics.

Jewish Souls, Bureaucratic Minds Vassili Schedrin, 2016-11-14. A focus on Jewish officials of the Russian state who assumed a central role in the bureaucratic procedures of Jewish policymaking and were a driving force behind the transformation of Russian Jewry. *Jewish Souls, Bureaucratic Minds* examines the phenomenon of Jewish bureaucracy in the Russian empire: its institutions, personnel and policies from 1850 to 1917. In particular, it focuses on the institution of expert Jews: mid-level Jewish bureaucrats who served the Russian state both in the Pale of Settlement and in the central offices of the Ministry of Internal Affairs in St. Petersburg. The main contribution of expert Jews was in the sphere of policymaking and implementation. Unlike

the traditional intercession of shtadlanim Jewish lobbyists in the high courts of power expert Jews employed highly routinized bureaucratic procedures including daily communications with both provincial and central bureaucracies Vassili Schedrin illustrates how at the local level expert Jews advised the state negotiated power influenced decisionmaking and shaped Russian state policy toward the Jews Schedrin sheds light on the complex interactions between the Russian state modern Jewish elites and Jewish communities Based on extensive new archival data from the former Soviet archives this book opens a window into the secluded world of Russian bureaucracy where Jews shared policymaking and administrative tasks with their Russian colleagues The new sources show these Russian Jewish bureaucrats to be full and competent participants in official Russian politics This book builds upon the work of the original Russian Jewish historians and recent historiographical developments and seeks to expose and analyze the broader motivations behind official Jewish policy which were based on the political vision and policymaking contributions of Russian Jewish bureaucrats Scholars and advanced students of Russian and Jewish history will find Jewish Souls Bureaucratic Mindsto be an important tool in their research

Confessions of the Shtetl Ellie R. Schainker, 2016-11-16 Over the course of the nineteenth century some 84 500 Jews in imperial Russia converted to Christianity Confessions of the Shtetl explores the day to day world of these people including the social geographic religious and economic links among converts Christians and Jews The book narrates converts tales of love desperation and fear tracing the uneasy contest between religious choice and collective Jewish identity in tsarist Russia Rather than viewing the shtetl as the foundation myth for modern Jewish nationhood this work reveals the shtetl s history of conversions and communal engagement with converts which ultimately yielded a cultural hybridity that both challenged and fueled visions of Jewish separatism Drawing on extensive research with conversion files in imperial Russian archives in addition to the mass press novels and memoirs Ellie R Schainker offers a sociocultural history of religious toleration and Jewish life that sees baptism not as the fundamental departure from Jewishness or the Jewish community but as a conversion that marked the start of a complicated experiment with new forms of identity and belonging Ultimately she argues that the Jewish encounter with imperial Russia did not revolve around coercion and ghettoization but was a genuinely religious drama with a diverse attractive and aggressive Christianity

Russian Hajj Eileen Kane, 2015-11-02 No detailed description available for Russian Hajj Russia's Own Orient Vera Tolz, 2011-02-10 Russia s own Orient examines how intellectuals in early twentieth century Russia offered a new and radical critique of the ways in which Oriental cultures were understood at the time Out of the ferment of revolution and war a group of scholars in St Petersburg articulated fresh ideas about the relationship between power and knowledge and about Europe and Asia as mere political and cultural constructs Their ideas anticipated the work of Edward Said and post colonial scholarship by half a century The similarities between the two groups were in fact genealogical Said was indebted via Arab intellectuals of the 1960s who studied in the Soviet Union to the revisionist ideas of Russian Orientologists of the fin de si cle But why did this body of Russian scholarship of the early

twentieth century turn out to be so innovative Should we agree with a popular claim of the Russian elites about their country's particular affinity with the Orient There is no single answer to this question The early twentieth century was a period when all over Europe a fascination with things Oriental engendered the questioning of many nineteenth century assumptions and prejudices In that sense the revisionism of Russian Orientologists was part of a pan European trend And yet Tolz also argues that a set of political social and cultural factors which were specific to Russia allowed its imperial scholars to engage in an unusual dialogue with representatives of the empire's non European minorities It is together that they were able to articulate a powerful long lasting critique of modern imperialism and colonialism and to shape ethnic politics in Russia across the divide of the 1917 revolutions Cosmopolitanisms in Muslim Contexts Derryl N MacLean, 2013-09-23 Focuses on moments in world history when cosmopolitan ideas and actions pervaded specific Muslim societies and cultures exploring the tensions between regional cultures isolated enclaves and modern nation states
