## **For The Least Of These A Biblical Answer To Poverty:**

*For the Least of These* Anne Bradley and Art Lindsley, editors, 2014-02 While much progress has been made toward poverty alleviation many well intentioned efforts have led Christians to actions that are not only ineffective but leave the most vulnerable in a worse situation than before Is there a better answer Combining biblical exegesis with proven economic principles *For the Least of These A Biblical Answer to Poverty* equips Christians with both a solid biblical and economic understanding of how best to care for the poor and foster sustainable economic development With contributions from fifteen leading Christian economists theologians historians and practitioners *For the Least of These* presents the case for why markets and trade are the world s best hope for alleviating poverty *For the Love of God* Jerry M. Ireland, 2017-03-23 Compassionate missions constitutes a growing focus among evangelical denominations and agencies Because of this there exists a growing need to be guided by sound principles and best practices This edited volume sets forth both the biblical foundations and preferred methods for churches wanting to engage in compassion as part of their missionary efforts The aim throughout is that compassionate missions would be guided by indigenous principles that help establish autonomous local churches capable of being salt and light in their communities The contributors to this volume have over 200 years of missions experience Through their first hand knowledge of the challenges and pitfalls faced by missionaries engaging in compassion these authors set forth foundational principles and practical guidelines related to some of the most pressing issues confronting missionaries today These include HIV AIDS UPGs human trafficking orphans and vulnerable children gender issues and many more Pastors missionaries missions boards and educators will find this a valuable resource as the church in the twenty first century continues to engage in the Great Commission **Suffer the Children** Gary Scott Smith, Jane Marie Smith, 2017-01-31 We all say that we care about children We all know that millions of children around the world including in the United States are suffering physically materially and emotionally and are unable to reach their full potential Moreover their material deprivation and physical ills often prevent them from responding to the gospel Most of us conclude that we cannot do anything significant to help the impoverished children living in our own backyards let alone those living in the slums of Nairobi or the hinterlands of Haiti We can however do much to improve their lives materially and spiritually Through praying giving generously sponsoring children volunteering with aid organizations living more simply investing and shopping more prudently and advocating more zealously in the political arena we can make a difference We can prod politicians business executives and church leaders to prioritize aiding destitute children We can support one of the hundreds of organizations that are working effectively to help indigent children have better lives *Suffer the Children* describes the plight of poor children and provides many practical ways we can participate in one of the most important crusades to improve our world The authors have assigned all their royalties to organizations working to aid children **A Handbook of Theology** Dr. Daniel L. Akin, David S. Dockery, Nathan A. Finn, Christopher W. Morgan, 2023-04-01 In *A Handbook of*

Bessenecker,2006-09-27 Have you been called by God to stick out act out speak out Are you ready to set aside comfort and privilege for meaning and impact Scott Bessenecker profiles young Christians who have done just that making radical commitments to seek justice and mercy among the poor and suffering people of the world      *The Option for the Poor in Christian Theology* Daniel G. Groody,2007-04-01 Since the publication of Gustavo Guti rrez s 1973 groundbreaking work *A Theology of Liberation* much has been written on liberation theology and its central premise of the preferential option for the poor Arguably this has been one of the most important yet controversial theological themes of the twentieth century As globalization creates greater gaps between the rich and the poor and as the situation for many of the world s poor worsens there is an ever greater need to understand the gift and challenge of Christian faith from the context of the poor and marginalized of our society This volume draws on the thought of leading international scholars and explores how the Christian tradition can help us understand the theological foundations for the option for the poor The central focus of the book revolves around the question How can one

live a Christian life in a world of destitution The contributors are concerned not only with a social economic or political understanding of poverty but above all with the option for the poor as a theological concept While these essays are rooted in a solid grounding of our present reality they look to the past to understand some of the central truths of Christian faith and to the future as a source of Christian hope Following Gustavo Guti rrez s essay on the multidimensionality of poverty Elsa Tamez Hugh Page Jr Brian Daley and Jon Sobrino identify a central theological premise poverty is contrary to the will of God Drawing on scripture the writings of the early fathers the witness of Christian martyrs and contemporary theological reflection they argue that poverty represents the greatest challenge to Christian faith and discipleship David Tracy and J Matthew Ashley carry their reflection forward by examining the option for the poor in light of apocalyptic thought Virgilio Elizondo Patrick Kalilombe Mar a Pilar Aquino M Shawn Copeland and Mary Catherine Hilkert examine the challenges of poverty with respect to culture Africa race and gender Casiano Florist n and Luis Maldonado explore the relationship between poverty sacramentality and popular religiosity The final two essays by Aloysius Pieris and Michael Signer consider the option for the poor in relationship to other major world religions particularly an Asian theology of religions and the meaning of care for the poor within Judaism

[Óscar Romero's Theological Vision](#) Edgardo Colón-Emeric,2018-10-30 This ambitious book examines Saint Oscar Romero s words to understand how his thoughts fit into the broader context of Catholic theology On March 24 1980 Archbishop scar Romero was assassinated as he celebrated mass in El Salvador He was canonized as a saint by Pope Francis on October 14 2018

Edgardo Col n Emeric explores the life and thought of Romero and his theological vision which finds its focus in the mystery of the transfiguration Romero is now understood to be one of the founders of liberation theology which interprets scripture through the plight of the poor His theological vision is most succinctly expressed by his saying Gloria Dei vivens pauper The glory of God is the poor who lives God s glory was first revealed through Christ to a landless tenant farmer a market woman and an unemployed laborer and they received the power to shine from the church to the world Col n Emeric s study is an exercise in what Latino a theologians call ressourcement from the margins or a return to theological foundations One of the first Latin American Church Fathers Romero s theological vision is a sign of the emergence of Christianity in the Global South from reflection Church to source Church The hope for this study is that scholars in the fields of theology religious studies and Latin American studies will be captivated by the doctrine of this humble pastor and inspired to think more clearly and act more decisively in solidarity with the poor

The Abased Christ Thomas J. Millay, 2022-10-03 The Abased Christ is the first monograph to be devoted exclusively to S ren Kierkegaard s Christological masterpiece Practice in Christianity Alongside an argument for a new translation of the work s title it offers detailed textual commentary on a series of themes in Practice in Christianity such as the person of Christ contemporaneity imitation and Kierkegaard s philosophy of history Anti Climacus the pseudonymous author of Practice in Christianity presents to his readers a uniquely challenging understanding of who Christ is and what it means to follow him The Christ of Anti Climacus is not the glorious Christ who abides with the Father in heaven but the abased Christ who is poor marginal offensive and persecuted Throughout Practice in Christianity we are called not only to perceive the abased Christ but to follow after him The Abased Christ aims to enrich historical theologians appreciation of Kierkegaard s Christology However it concludes by grappling with questions of power agency and sacrifice which have been at the forefront of contemporary theology in the 20th and 21st centuries thereby suggesting how we might make sense of Kierkegaard s Christology today

*The Call of God* Tom Powers, SJ, 2012-02-01 Based on conversations with women in one of the poorest neighborhoods in Lima Peru The Call of God explores how their faith provides them with an understanding amidst extreme poverty violence and displacement Peru was the birthplace of liberation theology and the poor women of that country were instrumental in its original elucidation This book introduces the women of El Agustino where a diverse dedicated and eloquent group have set out to answer questions solve problems and rebuild a society stricken with rampant inflation and terrorism all in response to the call of God Without much formal education these women possess and espouse complex theological propositions with a high degree of independence and proficiency A careful reading reveals an education of a different sort one rooted in life s changing experiences one directed toward a different liberation

**Good News?** Stanley E. Porter, Hughson T. Ong, 2019-05-02 Is the Gospel Good News was the theme of the 2015 H H Bingham Colloquium at McMaster Divinity College in Hamilton Ontario Canada held on June 4 5 The fourteen participants in this colloquium presented their own individual perspectives on the theme from three broad vantage points Bible theology and crucial topics The good news that Jesus proclaimed concerning the kingdom of God became the gospel proclaimed by his followers throughout church history This gospel is about the coming of Jesus Christ in fulfillment of God's will for humanity This volume presents some accounts of how this good news has been understood through the ages and continues to be understood in relation to some of the major topics and issues of our contemporary world The papers in the Bible section discuss this good news from both Old and New Testament passages and themes The papers in the Theology section address theological topics in light of the question of what constitutes the good news Finally the papers in the Crucial Topics section explore new and different perspectives on ways in which the gospel is good news This volume highlights diverse perspectives and proposals by scholars from various locations in different stages of their academic careers resulting in a stimulating discussion of the topic of the gospel as good news *Christianity and Economic Problems, Facts, Principles, Programs*, 1922

**Created in the Image of God** Dr. David Dockery, 2023-08-01 All people have dignity because they are created in the image of God This theological belief has been a liberating force among its believers providing a myriad of beautiful implications in our world On the other hand where the idea of being created in God's image has been misunderstood the implications can be devastating Created in the Image of God brings together leading experts to discuss what it means to be made in image of God and to bring clarity and guidance for implications in the midst of our cultural confusion The overall approach of this work though distinct and focused in each of the chapters reflects a consensus understanding that men and women have been created in God's image that they have fallen and are influenced by sin that Christ has provided redemption through his vicarious death and resurrection and that there is hope in the promise of eternal life in Christ Christ succeeded where Adam failed Rom 5 12 21 1 Cor 15 allowing those who trust in him to enjoy and glorify him forever The rich chapters within and their helpful application to human dignity issues will help our world to regain a sense of the marvelous privilege that is ours as image bearers and how that should impact our engagement with complex dignity issues of our day Meister Eckhart: Sermons and collations ; Tractates ; Sayings ; Liber Positionum Meister Eckhart, 1924
