Excerpt Let's make her more appealing shall we Zavis asked Go ahead Pete said Unless he's more a machine than a man but he'll probably just kill her straight away She felt the cold metal from a knife as Zavis cut her clothes open revealing her naked chest She felt cold dread run inside her body as the fabric slid aside and exposed part of her right breast What the hell were they up to now She looks nicer than I thought Pete said as he looked her over The guard they had posted outside came barging into the room The cyborg is coming Let's get out of here They hurried out of the cabin leaving her on the cyborg's bed She knew exactly who they were talking about even if she had never talked to him She had only seen him at a distance looking grim and unapproachable But there were so many stories about him she couldn't avoid learning about his presence None of it was good He was known to show no mercy when he fought their common enemy Instead he did the job efficiently with no remorse or breaking into a sweat He kept to himself but his large and muscular body made him stick out in any crowd There was really no way to know how he would react to finding a half naked woman in his cabin If she was lucky he would just throw her out She felt the drug was finally clearing from her body Slowly too slowly The bindings made it impossible for her to get away before the cyborg got here At least he couldn't consider her a threat Or she hoped he wouldn't A short while later she heard him enter his cabin She looked over and saw him The largest man on the shuttle was certainly impressive this close up He looked at her not showing any emotion at all Not even surprise or mild curiosity Maybe he was more machine than man A killing machine with no feelings whatsoever It matched what she had always heard about the cyborgs They were good fighters but not very sociable Every space shuttle was instructed to have at least one cyborg among its crew But none of them had ever talked much with the humans Why are you here he asked His voice sounded coarse like it hadn't been used for a while He was covered in blood and dirt looking as if he had just been engaged in a war He probably had considering his tasks revolved around taking care of any rebellion or problem She struggled to form words A cough helped her She still felt dozy because of the drug Sir I'll get out of here If you can release me You are the female navigator Yes Look I don't want to be here so could you just Miya pulled at her fastenings letting him know she wanted him to loosen her hands The movement made the fabric covering her breasts slide aside She watched his eyes move over her breasts Her eyes opened wider as a spark of interest flickered suddenly in his unreadable eyes Crap she thought No was all he said as he started to strip
