Dark Angels of Zeus Gary W. Babb, 2024-09-25 Thousands of years ago Earth was visited colonized and ruled by an immortal alien race from the planet Titan These immortals were considered gods by the indigenous population humans These gods ruled Earth from Mount Olympus but they made a serious mistake they mated with mortal humans and started a chain reaction among the human descendants that took centuries to resurface that threatened the entire population of Earth What if you were one of these remote genetic descendants and suddenly awoke one day with sketchy ancient memories powers you don t understand or know how to control and vicious enemies you can hardly believe Could you discover and activate your ancient powers in time to save yourself from an ancient evil enemy totally dedicated to destroying you Could you live long enough to unite with others of your kind whatever that is for defense or would you quickly die This is a story of these human descendants Dark Angels many young thrust into battle for their salvation and the salvation of Earth and all its humans

Homes,2022-09-06 A much anticipated wickedly funny and sharply observed political satire This novel of politics and family brings readers to the fault line of American politics The New York Times Book Review Beyond being good or bad the characters in this impressive book are above all things unpredictable Wall Street Journal One family will remake America Even if they fall apart trying A M Homes delivers us back to ourselves in this stunning alternative history that is both terrifyingly prescient deeply tender and devastatingly funny The Big Guy loves his family money and country Undone by the results of the 2008 presidential election he taps a group of like minded men to reclaim their version of the American Dream As they build a scheme to disturb and disrupt the Big Guy also faces turbulence within his family His wife Charlotte grieves a life not lived while his 18 year old daughter Meghan begins to realize that her favorite subject history is not exactly what her father taught her In a story that is as much about the dynamics within a family as it is about the desire for those in power to remain in power Homes presciently unpacks a dangerous rift in American identity prompting a reconsideration of the definition of truth freedom and democracy and exploring the explosive consequences of what happens when the same words mean such different things to people living together under one roof From the writer who is always razor sharp and furiously good *Zadie Smith* a darkly comic political parable braided with a Bildungsroman that takes us inside the heart of a divided country **Legendary** Dick LeBeau,2024-07-09 To most NFL fans Dick LeBeau is known as a football lifer Pro Football Hall of Fame member and mastermind behind the revolutionary zone blitz defense But to Pittsburgh Steelers fans LeBeau is the beloved defensive coaching genius who helped lead the Steelers to their last two championships Super Bowl XL in 2005 and Super Bowl XLIII in 2008 crafting a devastating 3 4 defensive scheme that came to define a treasured era of football in Pittsburgh In *Legendary* LeBeau along with veteran Steelers scribes Scott Brown and George Von Benko will revisit that unforgettably dominant 2008 defensive unit one of the most feared and successful in the modern NFL landscape A deep dive into each game of the 2007 2008 championship season with added perspective of how that Blitzburgh defense stacks up against the other great contemporary defenses LeBeau also

intersperses revelations about the 2008 Steelers with anecdotes from his nearly 60 years in the NFL as both a star player and groundbreaking coach who spanned decades of football innovation This fond look back at the latest golden era for the Steelers also includes recollections from the legends on defense who helped bring LeBeau s ground breaking vision to life from Hall of Fame safety Troy Polamalu to 2008 NFL Defensive Player of the Year James Harrison to unheralded but essential linebacker James Farrior and many more who count LeBeau as one of the most admired and brilliant coaches in league history *Titans and Gods* Ian Wood,2019-06-02 When Eve Mada and Adam Vee take their new experimental spacecraft for a run out to the gas giants they discover something curious in Saturn s rings Written into the disk like a movie on a Blu Ray is information as startling as it is disturbing about visitors to Earth from two thousand years before and one alien s sacrifice to try and keep humans on the straight and narrow As they compensate for the disk s changes in that time and read off the data they slowly reveal the startling story of what happened to humanity and worse about what terrors might revisit the planet if things don t pan out the way those visitors had hoped The Greek legends of Titans and Gods at war with each other it seems are not just a myth but a hazily recalled story of a real events in humankind s distant and primitive past The Canadian Forum ,1928
