Force Recon Diary 1970:

Force Recon Diary, 1970 Bruce H. Norton, 2013-11-15 The quiet of the night was again shattered by the thunderous roll of incoming artillery shells spaced five seconds apart ripping the jungle to pieces as huge chunks of earth and vegetation blew skyward under the brilliant flashes of orange and white explosions The possibility of encountering more NVA troops moving through our area was high as we had pushed a very great stick into their nest But our demonstrated ability to find the enemy and wait for the most opportune time to hit him while remaining totally undetected gave us reason to be pleased It also gave the NVA reason for concern In Force Recon Diary 1970 Bruce Doc Norton offers a harrowing sequel to his best selling Force Recon Diary 1969 continuing the true story of a navy corpsman who became a Force Recon Team Leader behind enemy lines in the jungles of Vietnam In the midst of a war set deep in the jungle the Force Recon Marines often found themselves lacking food drinkable water explosives or even enough radio batteries Armed with only their own courage skills and loyalty to their brothers in arms the Marines used stealth and cunning to survive in the harsh conditions of Vietnam where one mistake could prove fatal not just for an individual Marine but for the entire unit Force Recon Diary, 1969-1970 Bruce H. Norton, 1969 **Force Recon Diary, 1970** Bruce H. Norton, 1992 In the thick of a jungle war where there often wasn't enough food enough water enough air support enough explosives or even enough radio batteries the vulnerable Force Recon Marines knew that the only things that could keep them alive were their courage their skills and their loyalty to one another Here is the story of a Force Recon Company that put its lethal skills to work to make sure its team could survive combat behind enemy lines where one slip could mean body bags for everyone **Force Recon Diary, 1969** Major Bruce H. Norton, 2015-09-16 Elite and highly trained the 3d Force Recon's eight man teams were assigned to obtain vital information about NVA operations Alone the men of these small teams were sent behind enemy lines where they all knew that a single mistake could cost everyone their lives United States Navy Hospital Corpsman Bruce Norton was the only navy corpsman to act as a Marine Force Recon Team Leader In Force Recon Diary 1969 Doc Norton chronicles his life mission by mission with the 3d Force Recon in the DMZ and the A Shau Valley He describes the tense patrols the supreme courage the sacrifices in ambushes and hot landing zones that made this courageous company one of only two Marine units during the entire Vietnam War to receive the United States Army's Valorous Unit Citation **First Force Recon Company** Bill Peters, 2011-03-09 In 1st Force Recon you performed at a very high level of proficiency Or you died In 1969 First Lieutenant Bill Peters and the Force Recon Marines had one of the most difficult dangerous assignments in Vietnam From the DMZ to the Central Highlands their job was to provide strategic and operational intelligence to insure the security of American units as the withdrawal of the troops progressed Making perilous helicopter inserts deep in the Que Son Mountains where the constant chatter of AK 47 rifle fire left no doubt who was in charge Peters and the other men of 1st Force Recon Company risked their lives every day in six man teams never knowing whether they would live to see the sunset Peters's

accounts of silently watching huge movements of heavily armed NVA regulars prisoner snatches sudden death ambushes and extracts from fiercely fought firefights vividly capture the realities of Recon Marine warfare and offer a gritty tribute to the courage heroism and sacrifice of the U S Marines **Force Recon Command** Alex Lee,2011-07-27 THE A SHAU VALLEYWHERE THE NVA WAS KING In order to prevent surprise attacks on U S forces as they were pulling out of Vietnam someone had to be able to pinpoint the NVA s movements That dangerous job was the assignment of then major Alex Lee and the Marines of the 3rd Force Reconnaissance Company when he assumed command in late 1969 They became the tip of the spear for Lt Gen Herman Nickerson s III MAF And each time one of Lee s small well motivated well led and wildly outnumbered teams was airlifted into the field the men never knew if the day would end violently But whether tracking NVA movements recovering downed air crews or making bomb damage assessments after B 52 strikes Major Lee s Few Good Men never forgot who they were Each of them was in Vietnam to live like a Marine win like a Marine and if need be die like a Marine Forthright and unabashed Lieutenant Colonel Lee leaves no controversy untouched and no awe inspiring tale untold in this gripping account of 3rd Force Recon s self sacrifice and heroic achievement in the face of overwhelming odds

new ways of inserting marines behind enemy lines by sea and by land and then getting them out again As America barreled towards a confrontation in Indochina and a new era of warfare First Force Recon was born This is the untold inside story of a super elite reconnaissance force U S Special Operations Forces who practiced clandestine insertion and extraction by submarine jet aircraft and helicopter using tools and techniques that had never been tried before Strapping you in the harness of a HALO parachute launching from the torpedo room of a submerged submarine or climbing the extraction rig of a hovering marine chopper Fortune Favors the Brave is a firsthand account of what it was like to build a new strike force from the ground up to make sure that the next time America fought a war Force Recon would be there A superb job this book fills a void that needed to be filled Major Bruce Doc Norton USMC Ret A Shau Jay Phillips,2021-05-11 Nestled in Vietnam s Thua Thien Province west of the city of Hue and bordering Laos the narrow 40 kilometer long A Shau Valley situated between densely forested mountain ranges witnessed prolonged campaigning throughout the Vietnam War and served as a hub of the Communist supply network as well as a key point of access to South Vietnam Drawing upon an impressive array of archival materials this deeply researched book offers the first comprehensive account of operations and battles that transpired there during the war coupled with a trenchant analysis of the American failure to wrest control of the Valley despite years of commitment of troops and resources and how that failure contributed to the final outcome of the war In so doing it not only sheds light on where military tactics and strategy devised by American leaders went awry but also traces the extraordinary acts of heroism on the part of American soldiers many of whom lost their lives fighting the North Vietnamese in this hostile forbidding terrain This book which fills a gap in the historiography of the Vietnam War will appeal to scholars seeking to enhance their understanding of major events and turning points in the war as well as to students of military history and strategy **One Tough Marine** Donald N Hamblen,Bruce H.
