Bridge of Sighs Priscilla Masters, 2019-02-01 Two violent suicides leave Coroner Martha Gunn with some disturbing questions to answer but the most difficult one of all lies closer to home Gina Marconi was a beautiful young barrister with everything to live for a loving fiancé a young son and a successful career So why did she leave her home in the middle of the night and drive her car into a stone wall Soon afterwards Patrick Elson a clever twelve year old schoolboy jumps off a bridge on to the A5 The victims are unrelated but neither suicide makes sense Could there be a connection Then there's a third unexplained death DI Alex Randall's wife Erica With Alex on gardening leave pending an investigation Martha must search for answers to the questions raised by the suicides on her own Not only that she must confront the most difficult question of all could Alex Randall be a murderer

Asian Expansions Geoff Wade, 2014-10-17 Asia as we know it today is the product of a wide range of polity expansions over time Recognising the territorial expansions of Asian polities large and small through the last several millennia helps rectify the fallacy long held and deeply entrenched that Asian polities have been interested only in the control of populations not in expanding their command of territory In countering this misapprehension this book suggests that Asian polities have indeed been concerned with territorial control and expansion over time whether for political or strategic advantage trade purposes defence needs agricultural expansion or increased income through taxation The book explores the historical experiences of a set of polity expansions within Asia specifically in East and Southeast Asia and by examining the motivations mechanisms processes validations and limitations of these Asian territorial expansions reveals the diverse avenues by which Asian polities have grown The chapters draw on these historical examples to highlight the connections between Asian polity expansion and centralised political structures and this aids in a broader and more comprehensive understanding of Asian political practice both past and present Through these chapter studies and the integrative introduction the book interrogates key concepts such as imperialism and colonialism and the applicability and relevance of such terminology in Asian contexts both historical and contemporary Comparisons and contrasts with European historical expansions are also suggested This book will be welcomed by students and scholars of Asian history as well as by those with an interest in Asian interactions international relations polity expansion Asia Europe historical comparisons and globalisation Chapter 8 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Aemilia Lanier Marshall Grossman,2021-05-11 Aemilia Lanier was a Londoner of Jewish Italian descent and the mistress of Queen Elizabeth s Lord Chamberlain But in 1611 she did something extraordinary for a middle class woman of the seventeenth century she published a volume of original poems Using standard genres to address distinctly feminine

concerns Lanyer's work is varied subtle provocative and witty Her religious poem *Salve Deus Rex Judaeorum* repeatedly projects a female subject for a female reader and casts the Passion in terms of gender conflict Lanyer also carried this concern with gender into the very structure of the poem whereas a work of praise usually held up the superiority of its patrons the good women in Lanyer's poem exemplify worth women in general The essays in this volume establish the facts of Lanyer's life and use her poetry to interrogate that of her male contemporaries Donne Jonson and Shakespeare Lanyer's work sheds light on views of gender and class identities in early modern society By using Lanyer to look at the larger issues of women writers working within a patriarchal system the authors go beyond the explication of Lanyer's writing to address the dynamics of canonization and the construction of literary history

The Life of Peter Van Schaack, LL. D. Henry Van Schaack, 2009-03 Monthly Packet of Evening Readings for Members of the English Church (earlier "for Younger Members of the English Church"), 1877

Medieval Italy Pasquale Villari, 2018-01-19 THE placing by Leo III of the Imperial crown upon the head of Charlemagne in St Peter's on Christmas Day of the year 800 marked the commencement of a new era in the history of the world But the Empire of the West initiated at that moment in its dual character political and religious contained within itself the germs of infinite discords and calamities As Roman and Christian it should have symbolised the union of nations but meanwhile the Empire of the East heir to Rome continued to exist at Constantinople Furthermore the Western Empire was composed of very dissimilar races which until then divided and subdivided among themselves had often been at war with one another The greatest and most immediate danger to the unity of the Empire came from the German principle of succession according to which the State as the property of the Sovereign must be divided among his heirs This principle which in the past had caused many bloody wars among the Franks promised no good for the future of the new Empire Charlemagne who was a very great leader of Teutonic peoples but who lacked the true genius of organisation held it together by the power of his sword and the strength of his personal authority It was therefore easy to predict that his death would be followed by a period of anarchy
