# FOR GOD AND COUNTRY

"There are other things about this place that will be a little harder to take," he [Chaplain Hamza, Yee's predecessor] said, turning toward me in his seat and growing more serious. "I don't want to discourage you on your first night, but you need to be prepared. This is not a friendly environment for Muslims, and I don't just mean for the prisoners." He told me that this assignment had been one of the most difficult that he had ever endured, and not because of the long hours or the disorganization, but because of the anti-Muslim hostility. "You need to watch your back," he said. He explained that when he arrived at Guantanamo three months earlier, the Command Sergeant Major had warned him to be careful, implying that many people who worked in interrogations often took a special interest in Muslim personnel, and the chaplains in particular. "It was helpful information," he said, "and it's worth passing along."

He opened his door. "You'll be fine, but be aware."

For God and Country James Yee, 2005-10-11 In 2001 Captain James Yusuf Yee was commissioned as one of the first Muslim chaplains in the United States Army After the tragic attacks of September 11 2001 he became a frequent government spokesman helping to educate soldiers about Islam and build understanding throughout the military Subsequently Chaplain Yee was selected to serve as the Muslim Chaplain at Guantanamo Bay where nearly 700 detainees captured in the war on terror were being held as unlawful combatants In September 2003 after serving at Guantanamo for ten months in a role that gave him unrestricted access to the detainees and after receiving numerous awards for his service there Chaplain Yee was secretly arrested on his way to meet his wife and daughter for a routine two week leave He was locked away in a navy prison subject to much of the same treatment that had been imposed on the Guantanamo detainees Wrongfully accused of spying and aiding the Taliban and Al Qaeda Yee spent 76 excruciating days in solitary confinement and was threatened with the death penalty After the U S government determined it had made a grave mistake in its original allegations it vindictively charged him with adultery and computer pornography In the end all criminal charges were dropped and Chaplain Yee s record wiped clean But his reputation was tarnished and what has been a promising military career was left in ruins Depicting a journey of faith and service Chaplain Yee s *For God and Country* is the story of a pioneering officer in the U S Army who became a victim of the post September 11 paranoia that gripped a starkly fearful nation And it poses a fundamental question If our country cannot be loyal to even the most patriotic Americans can it remain loyal to itself

**Insecurity** Louis A. Cainkar, 2009-07-02 In the aftermath of 9 11 many Arab and Muslim Americans came under intense scrutiny by federal and local authorities as well as their own neighbors on the chance that they might know support or actually be terrorists As Louise Cainkar observes even U S born Arabs and Muslims were portrayed as outsiders an image that was amplified in the months after the attacks She argues that 9 11 did not create anti Arab and anti Muslim suspicion rather their socially constructed images and social and political exclusion long before these attacks created an environment in which misunderstanding and hostility could thrive and the government could defend its use of profiling Combining analysis and ethnography *Homeland Insecurity* provides an intimate view of what it means to be an Arab or a Muslim in a country set on edge by the worst terrorist attack in its history Focusing on the metropolitan Chicago area Cainkar conducted more than a hundred research interviews and five in depth oral histories In this the most comprehensive ethnographic study of the post 9

11 period for American Arabs and Muslims native born and immigrant Palestinians Egyptians Lebanese Iraqis Yemenis Sudanese Jordanians and others speak candidly about their lives as well as their experiences with government public mistrust discrimination and harassment after 9 11 The book reveals that Arab Muslims were more likely to be attacked in certain spatial contexts than others and that Muslim women wearing the hijab were more vulnerable to assault than men as their head scarves were interpreted by some as a rejection of American culture Even as the 9 11 Commission never found any evidence that members of Arab or Muslim American communities were involved in the attacks respondents discuss their feelings of insecurity a heightened sense of physical vulnerability and exclusion from the guarantees of citizenship afforded other Americans Yet the vast majority of those interviewed for Homeland Insecurity report feeling optimistic about the future of Arab and Muslim life in the United States Most of the respondents talked about their increased interest in the teachings of Islam whether to counter anti Muslim slurs or to better educate themselves Governmental and popular hostility proved to be a springboard for heightened social and civic engagement Immigrant organizations religious leaders civil rights advocates community organizers and others defended Arabs and Muslims and built networks with their organizations Local roundtables between Arab and Muslim leaders law enforcement and homeland security agencies developed better understanding of Arab and Muslim communities These post 9 11 changes have given way to stronger ties and greater inclusion in American social and political life Will the United States extend its values of freedom and inclusion beyond the politics of us and them stirred up after 9 11 The answer is still not clear Homeland Insecurity is keenly observed and adds Arab and Muslim American voices to this still unfolding period in American history
