

The background of the entire cover is a photograph of a person riding a horse on a beach at sunset. The sun is low on the horizon, creating a warm, golden glow. The sky transitions from a pale yellow near the horizon to a deep blue at the top. The ocean is visible in the distance, and the beach is in the foreground. The person on the horse is silhouetted against the bright sky. A small dog is also visible on the beach to the right.

Congress,1970 **Find It Fast in the Bible** Thomas Nelson,2000-05-06 Noticing a frequently used Bible phrase often precedes a breakthrough in understanding Scripture s teaching on key Bible topics But computer based searches and single word concordances quickly overwhelm learners with raw unconnected data This phrase concordance compiles over 5 000 Bible expressions giving their exact Scriptural quotations complete with surrounding sentences Additionally their alphabetical listing offers the chance to explore similar and related topics without starting a new search Find It Fast in the Bible presents the exact chapter and verse locations of specific passages where the same wording expresses a Bible theme such as Day of the Lord Kingdom of Heaven and I tell you the truth This handy reference resource contains Over 5 000 best loved and most used Bible phrases The New King James Version as the primary translation Cross references to other major translations NIV NRSV KJV and NASB An alphabetical arrangement by the first word in the phrase More than 30 000 references An extensive Key Word Index These features make Find It Fast in the Bible a trusted time saving companion resource and stand alone aid for personal and group discovery Self in the World Keith Hart,2022-03-11 Eminent anthropologist Keith Hart draws on the humanities popular culture and his own experiences to help readers explore their own place in history We each embark on two life journeys one out into the world the other inward to the self With these journeys in mind anthropologist amateur economist and globetrotter Keith Hart reflects on a life of learning sharing and remembering to offer readers the means of connecting life s extremes individual and society local and global personal and impersonal dimensions of existence and explores what it is that makes us fully human This is a work of great originality Keith Hart has had an unorthodox academic career and it has liberated him in many ways from academic pieties His background in African ethnography gives him a fascinating angle on all sorts of things not least the possibility of a more African influenced global future The book is full of surprises and mind shifting observations I actually couldn t put it down Sherry B Ortner UCLA From the introduction People have many sides but I will focus here on two Each of us is a biological organism with a historical personality that together make us a unique individual But we cannot live outside society which shapes us in unfathomable ways Human beings must learn to be self reliant not self interested in small and large ways no one will brush

your teeth for you or save you from being run over while crossing the street We each must also learn to belong to others merging personal identity in a plethora of social relations and categories Modern ideology insists that being individual and mutual is problematic The culture of capitalist societies anticipates a conflict between them Yet they are inseparable aspects of human nature
