Martin,2019-07-25 The idea of cinephilia is a crucial one for students of the cinema but it is often associated with a bygone arthouse era At the beginning of the twenty first century corporatism public relations and bottom line accounting seem to govern mainstream film making Formula driven Hollywood blockbusters dominate the world marketplace In times like these can the love of cinema still flourish In fact contemporary cinema is stunningly varied and rich From Taiwan and Iran to Brazil and the Baltic states it is flourishing and constantly mutating Directors like Abbas Kiarostami Hou Hsiao hsien and Tsai Ming liang are making extraordinary films that are the equal of the great classics previously unrecognised works from the past are being discovered and new definitions and boundaries of genres are being formulated Even when this work is not widely distributed it is seen at film festivals on every continent and available on DVD and it is being discussed in a proliferating number of print and web publications Those who follow and share such work as contributors from around the world demonstrate in this book are forming new kinds of critical communities that enable significant exchanges between cultures at a time when other forces seem bent on keeping them mutually isolated In contrast to any talk of the death of cinema *Movie Mutations* pronounces the art form alive well and still developing in new and unforeseen directions In weaving together transnational discussions and debates *Movie Mutations* shows why the idea of cinephilia is just as relevant today as it ever was     **Art and Morality** José Luis Bermúdez,Sebastian Gardner,2003-09-02 *Art and Morality* is a collection of

groundbreaking new papers on the theme of aesthetics and ethics and the link between the two subjects A group of distinguished contributors tackle the important questions that arise when one thinks about the moral dimensions of art and the aesthetic dimension of moral life The volume is a significant contribution to philosophical literature opening up unexplored questions and shedding new light on more traditional debates in aesthetics The topics explored include the relation of aesthetic to ethical judgement the relation of artistic experience to moral consciousness the moral status of fiction the concepts of sentimentality and decadence the moral dimension of critical practice pictorial art and music the moral significance of tragedy and the connections between artistic and moral issues elaborated in the writings of central figures in modern philosophy such as Kant Schopenhauer and Nietzsche The contributors share the view that progress in aesthetics requires detailed study of the practice of criticism This volume will appeal both to the philosophical community and to

researchers in areas such as literary theory musicology and the theory of art     Bizarre History Joe Rhatigan, 2011-10-01 This is history served up high octane with all of the fun and none of the boredom It s not about memorizing lists of dates or names or remembering which general won what battle Instead BIZARRE HISTORY merrily digs up the scandals the strangeness and the scintillating details that illuminate personalities events and real life Think of it not as a textbook but as history s juicy unauthorized biography a historical document in which relevance never gets in the way of a good read There are humorous quotes from famous figures such as Mark Twain and Napoleon History is a myth that men agree to believe as well as witty commentary about leaders of the past After all while you re probably familiar with William the Conqueror have you heard of Charles the Simple ruler of France and son of Louis the Stammerer What about the emperor who entered Rome in a chariot drawn by 50 naked slaves and invented the first whoopee cushion too But you can find lots of wildness closer to home George Washington wrote love letters to a married woman Old Hickory Andrew Jackson had been in at least seven duels before becoming president and Benjamin Franklin fathered an illegitimate child Paranoia also plagued a few of our presidents the only thing Franklin Roosevelt had to fear was the number 13 he wouldn t invite 13 guests to a dinner party or travel on the 13th And both Jimmy Carter and Ronald Reagan had encounters with UFOs The fun facts span the globe covering the crazy acts of Caligula in the Roman Empire the Dog Shogun in 17th century Japan the Pork and Beans war between the US and Canada and even details about fashion medicine sports and the real Dracula It s a wild journey that no one could resist     *Horror and Evil in the Name of Enjoyment* Han-yu Huang, 2007 This book argues for the significance of ideology critique and moral judgment in the fields of literary cultural political and philosophical studies By drawing on Slavoj Zizek s theory of ideology the author examines postmodern horror films like Jonathan Demme s *The Silence of the Lambs* multiculturalism post September 11 political discourses and the society of enjoyment in terms of paranoia and perversion and reveals patterns of enjoyment structured through ideological fantasy The Lacanian Zizekian theory of ideological fantasy and ethics of psychoanalysis is then applied to broader philosophical political and cultural contexts     The Cambridge Companion to Shakespeare on Film Russell Jackson, 2000-10-26 Film adaptations of Shakespeare s plays are increasingly popular and now figure prominently in the study of his work and its reception This lively Companion is a collection of critical and historical essays on the films adapted from and inspired by Shakespeare s plays An international team of leading scholars discuss Shakespearean films from a variety of perspectives as works of art in their own right as products of the international movie industry in terms of cinematic and theatrical genres and as the work of particular directors from Laurence Olivier and Orson Welles to Franco Zeffirelli and Kenneth Branagh They also consider specific issues such as the portrayal of Shakespeare s women and the supernatural The emphasis is on feature films for cinema rather than television with strong coverage of *Hamlet* *Richard III* *Macbeth* *King Lear* and *Romeo and Juliet* A guide to further reading and a useful filmography are also provided     **Exposed, Uncovered, & Declassified: Lost Civilizations & Secrets of the Past** Michael
