Founders Classics Canons Appraisal Sociologys:

Founders, Classics, Canons Peter Baehr, 2017-09-08 Founders classics and canons have been vitally important in helping to frame sociology's identity. Within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition. In *Founders Classics Canons* Peter Baehr defends the continuing importance of sociology's classics and traditions in a university education. Baehr offers arguments against interpreting defending and attacking sociology's great texts and authors in terms of founders and canons. He demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content. Equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken. Although he questions the uses to which the concepts of founder classic and canon have been put Baehr is not dismissive. On the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition.

Model Cases Monika Krause, 2021-09-03 In *Model Cases* Monika Krause asks about the concrete material research objects behind shared conversations about classes of objects periods and regions in the social sciences and humanities. It is well known that biologists focus on particular organisms such as mice fruit flies or particular viruses when they study general questions about life development and disease. Krause shows that scholars in the social sciences and humanities also draw on some cases more than others selecting research objects influenced by a range of ideological but also mundane factors such as convenience historicist ideas about development over time schemas in the general population and schemas particular to specific scholarly communities. Some research objects are studied repeatedly and shape our understanding of more general ideas in disproportionate ways. The French Revolution has profoundly influenced our concepts of revolution of citizenship and of political modernity just like studies of doctors have set the agenda for research on the professions. Based on an extensive analysis of the role of model cases in different fields Krause argues that they can be useful for scholarly communities if they are acknowledged and reflected as particular objects. She also highlights the importance of research strategies based on neglected research objects and neglected combinations of research objects and scholarly concerns.

Sociology in the Twenty-First Century Simon Susen, 2020-10-17 This book examines key trends debates and challenges in twenty first century sociology. To this end it focuses on significant issues surrounding the nature of sociology. What is sociology the history of sociology How has sociology evolved and the study of sociology How can or should we make sense of sociology These issues have been and will continue to be essential to the creation of conceptually informed methodologically rigorous and empirically substantiated research programmes in the discipline. Over the past years however there have been numerous disputes and controversies concerning the future of sociology. Particularly important in this respect are recent and ongoing discussions on the possibilities of developing new and arguably post classical forms of sociology. The central assumption underlying most of these projects is

the contention that a comprehensive analysis of the principal challenges faced by global society requires the construction of a sociology capable of accounting for the interconnectedness of social actors and social structures across time and space This book provides a cutting edge overview of crucial past present and possible future trends debates and challenges shaping the pursuit of sociological inquiry Simon Susen one of the most knowledgeable scholars in the contemporary social sciences examines the key challenges with which sociology is confronted today This book is a must read for professional sociologists as well as for those studying the subject Luc Boltanski cole des Hautes tudes en Sciences Sociales Paris France Simon Susen provides a balanced update on sociology s theoretical methodological and institutional resources as well as challenges in today s complicated local and global social worlds Fortunately he has innovative and practical recommendations for ensuring the cutting edge relevance of sociological thinking This book is an excellent choice for undergraduate and postgraduate students as well as for the general reader Sandra Harding University of California Los Angeles USA A comprehensive and judicious account of the intellectual and material state of sociology based on omnivorous reading and incisive analysis The writing is beautifully clear and the book is a major contribution to the self understanding of the discipline William Outhwaite Newcastle University UK

Handbook of Classical Sociological Theory Seth Abrutyn,Omar Lizardo,2021-11-01 This is the first handbook focussing on classical social theory It offers extensive discussions of debates arguments and discussions in classical theory and how they have informed contemporary sociological theory The book pushes against the conventional classical theory pedagogy which often focused on single theorists and their contributions and looks at isolating themes capturing the essence of the interest of classical theorists that seem to have relevance to modern research questions and theoretical traditions This book presents new approaches to thinking about theory in relationship to sociological methods

The Palgrave Handbook of the History of Human Sciences David McCallum,2022-08-27 The Palgrave Handbook of the History of Human Sciences offers a uniquely comprehensive and global overview of the evolution of ideas concepts and policies within the human sciences Drawn from histories of the social and psychological sciences anthropology the history and philosophy of science and the history of ideas this collection analyses the health and welfare of populations evidence of the changing nature of our local communities cities societies or global movements and studies the way our humanness or human nature undergoes shifts because of broader technological shifts or patterns of living This Handbook serves as an authoritative reference to a vast source of representative scholarly work in interdisciplinary fields a means of understanding patterns of social change and the conduct of institutions as well as the histories of these ways of knowing probe the contexts circumstances and conditions which underpin continuity and change in the way we count analyse and understand ourselves in our different social worlds It reflects a critical scholarly interest in both traditional and emerging concerns on the relations between the biological and social sciences and between these and changes and continuities in societies and conducts as 21st century research moves into new intellectual and geographic territories more diverse fields and global problematics The

SAGE Handbook of Sociology Craig Calhoun, Chris Rojek, Bryan S Turner, 2005 Providing an authoritative guide to theory and method the key sub disciplines and the primary debates in contemporary sociology this work brings together the leading authors to reflect on the condition of the discipline **Founders, Classics, Canons** Peter Baehr, 2017 Founders classics and canons have been vitally important in helping to frame sociology's identity Within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition In Founders Classics Canons Peter Baehr defends the continuing importance of sociology's classics and traditions in a university education Baehr offers arguments against interpreting defending and attacking sociology's great texts and authors in terms of founders and canons He demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content Equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken Although he questions the uses to which the concepts of founder classic and canon have been put Baehr is not dismissive On the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition Provided by publisher Handbook of Contemporary European Social Theory Gerard

Delanty, 2006-09-27 This innovative publication maps out the broad and interdisciplinary field of contemporary European social theory It covers sociological theory the wider theoretical traditions in the social sciences including cultural and political theory anthropological theory social philosophy and social thought in the broadest sense of the term This volume surveys the classical heritage the major national traditions and the fate of social theory in a post national and post disciplinary era It also identifies what is distinctive about European social theory in terms of themes and traditions It is divided into five parts disciplinary traditions national traditions major schools key themes and the reception of European social theory in American and Asia Thirty five contributors from nineteen countries across Europe Russia the Americas and Asian Pacific have been commissioned to utilize the most up to date research available to provide a critical international analysis of their area of expertise Overall this is an indispensable book for students teachers and researchers in sociology cultural studies politics philosophy and human geography and will set the tone for future research in the social sciences

Research Handbook on the Sociology of Knowledge Fran Collyer, 2025-07-15 This timely Handbook celebrates and contributes to the recent revitalisation of the sociology of knowledge A diverse group of leading experts from the global North and South provide a state of the art overview of a field which is developing rapidly with the growth of poststructuralist postcolonial and feminist approaches **A Historiography of the Modern Social Sciences** Roger E. Backhouse, Philippe Fontaine, 2014-09-22 A Historiography of the Modern Social Sciences includes essays on the ways in which the histories of psychology anthropology sociology economics history and political science have been written since the Second World War Bringing together chapters written by the leading historians of each discipline the book establishes significant parallels and

contrasts and makes the case for a comparative interdisciplinary historiography This comparative approach helps explain historiographical developments on the basis of factors specific to individual disciplines and the social political and intellectual developments that go beyond individual disciplines All historians including historians of the different social sciences encounter literatures with which they are not familiar This book will provide a broader understanding of the different ways in which the history of the social sciences and by extension intellectual history is written

Sociology in Ecuador Philipp Altmann, 2022-11-23 This Palgrave Pivot presents a concise yet comprehensive history of sociology in Ecuador The case of Ecuador is especially interesting as Ecuadorian sociology oscillated between theoretical debates some of them out of time and a constant search for ways of applying them to the local reality In the decades after its formal creation in 1915 early academic sociology in Ecuador worked creatively with already outdated theories around positivism and organicism to understand the indigenous population s position the regional fragmentation and the formation of a coherent nation state in Ecuador After a short attempt of installing a more technical sociology in the 1960s those topics were taken up and re read by Marxist inspired critical sociology after the 1970s leading to the nation wide institutionalization of one particular tradition that could connect to continental debates This book engages with several relevant debates in social sciences and humanities particularly by adding to the thriving research on social sciences and the role of the university and higher education in Latin America Furthermore it touches some recently influential topics in sociology Ecuadorian sociology can be read as Southern Theory or engaged with from a postcolonial or decolonial perspective the research on how ideas travel are diffused or localized is vital for understanding sociology in Ecuador the relation between academia and politics and more

The Unmasking Style in Social Theory Peter Baehr, 2019-05-01 This book examines the nature of unmasking in social theory in revolutionary movements and in popular culture Unmasking is not the same as scientific refutation or principled disagreement When people unmask they claim to rip off a disguise revealing the true beneath the feigned The author distinguishes two basic types of unmasking The first aimed at persons or groups exposes hypocrisy and enmity and is a staple of revolutionary movements The second aimed at ideas exposes illusions and ideologies and is characteristic of radical social theory since the eighteenth century Enlightenment *The Unmasking Style in Social Theory* charts the intellectual origins of unmasking its shifting priorities and its specific techniques in social theory It also explores sociology s relationship to the concept of unmasking through an analysis of writers who embrace adapt or reshape its meaning Such sociologists include Vilfredo Pareto Karl Mannheim Raymond Aron Peter Berger Pierre Bourdieu Luc Boltanski and Christian Smith Finally taking conspiracy theories accusations of social phobia and new concepts such as micro aggression as examples of unmasking techniques the author shows how unmasking contributes to the polarization and bitterness of much public discussion Demonstrating how unmasking is baked into modern culture yet arguing that alternatives to it are still possible this book is in sum a compelling study of unmasking and its impact upon modern political life and social theory

Sociological Amnesia

Alex Law, Eric Royal Lybeck, 2016-03-03 The history of sociology overwhelmingly focuses on the winners from the classical canon Marx Durkheim and Weber to today's most celebrated sociologists This book strikingly demonstrates that restricting sociology in this way impoverishes it as a form of historically reflexive knowledge and obscures the processes and struggles of sociology's own making as a form of disciplinary knowledge Sociological Amnesia focuses on singular contributions to sociology that were once considered central to the discipline but are today largely neglected Chapters explore the work of illustrious predecessors such as Raymond Aron Erich Fromm and G D H Cole as well as examining exceptional cases of reputational revival as in the case of Norbert Elias or Gabriel Tarde Through understanding the obstacles of recognition faced by female sociologists like Viola Klein and Olive Schreiner and public intellectuals like Cornelius Castoriadis the volume considers the reasons why certain kinds of sociology are hailed as central to the discipline whilst others are forgotten In so doing the collection offers fresh insights into not only the work of individual sociologists but also into the discipline of sociology itself its trajectories forgotten promises and dead ends

Simmel and 'the Social' O. Pyyhtinen, 2010-09-17 This book argues for the centrality of Georg Simmel's social theory to the relational and processual emphases that are often considered as much more recent developments in social theory Situating Simmel's work in particular with respect to New Vitalism and Bruno Latour's work the book shows that Simmel has still an enormous amount to contribute *Archives européennes de sociologie*, 2004

Founders, Classics, Canons Peter Baehr, 2015-12-15 Founders classics and canons have been vitally important in helping to frame sociology's identity Within the academy today a number of positions feminist postmodernist postcolonial question the status of tradition In Founders Classics Canons Peter Baehr defends the continuing importance of sociology's classics and traditions in a university education Baehr offers arguments against interpreting defending and attacking sociology's great texts and authors in terms of founders and canons He demonstrates why in logical and historical terms discourses and traditions cannot actually be founded and why the term founder has little explanatory content Equally he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts though seductive is mistaken Although he questions the uses to which the concepts of founder classic and canon have been put Baehr is not dismissive On the contrary he seeks to understand the value and meaning these concepts have for the people who employ them in the cultural battle to affirm or attack the liberal university tradition

Founders, Classics, Canons Peter R. Baehr, Three categories founders classics canons have been vitally important in helping to frame sociology's precarious identity defining the discipline's sense of its past and the implications for its current activity Today that identity is being challenged as never before Within the academy a number of positions feminist postmodernist poststructuralist postcolonial converge in questioning the status of the tradition These currents in turn reflect wider social questioning about the meaning and uses of knowledge in technologically advanced societies In Founders Classics Canons Peter Baehr scrutinizes the nature of this challenge He provides a model of the processes through which

texts are elevated to classic status and defends the continuing importance of sociology's traditions for a university education in the social sciences. The concept of classic is as Baehr notes a complex one. Essentially it assumes a scale of judgment that deems certain texts as exemplary in eminence. But what is the nature of this eminence? Baehr analyzes various responses to this question. Most notable are those that focus on the functions classics perform for the scholarly community that employs them: the rhetorical force classics are said to possess and the processes of reception that result in classic status. The concept of classic is often equated with two other notions: founders and canon. The former has a well-established pedigree within the discipline, but widespread usage of the latter in sociology is much more recent and polemical in tone. Baehr offers arguments against these two ways of interpreting, defending and attacking sociology's great texts and authors. He demonstrates why, in logical and historical terms, discourses and traditions cannot actually be founded and why the term founder has little explanatory content. Equally, he takes issue with the notion of canon and argues that the analogy between the theological canon and sociological classic texts, though seductive, is mistaken. While questioning the uses to which the concepts of founder, classic and canon have been put, Baehr's purpose is not dismissive. On the contrary, he seeks to understand the value and meaning they have for the people who employ them in the cultural battle to affirm or excoriate the liberal university tradition. In examining the tactics of this battle, this volume offers a model of how social theory can be critical rather than radical. Peter Baehr teaches in the department of politics and sociology, Lingnan University, Hong Kong. His previous book, *Caesar and the Fading of the Roman World*, was designated an Outstanding Academic Book by Choice. *The Chicago School Diaspora* Jacqueline Low, Gary Bowden, 2013-12-01. When the University of Chicago was founded in 1892, it established the first sociology department in the United States. The department grew rapidly in reputation and influence, and by the 1920s graduates of its program were heading newly formed sociology programs across the country and determining the direction of the discipline and its future research. Their way of thinking about social relations revolutionized the social sciences by emphasizing an empirical approach to research instead of the more philosophical armchair perspective that previously prevailed in American sociology. *The Chicago School Diaspora* presents work by Canadian and international scholars who identify with what they understand as the Chicago School tradition. Broadly speaking, many of the scholars affiliated with sociology at Chicago understood human behaviour to be determined by social structures and environmental factors rather than personal and biological characteristics. Contributors highlight key thinkers and epistemological issues associated with the Chicago School as well as contemporary empirical research. Offering innovative theoretical explanations for the diversity and breadth of its scholarly traditions, *The Chicago School Diaspora* offers a fresh approach to ideas, topics and approaches associated with the origins of North American sociology. Contributors include Michael Adorjan, University of Hong Kong, China; Gary Bowden, University of New Brunswick; Jeffrey Brown, University of New Brunswick; Tony Christensen, Wilfrid Laurier University; Luis Cisneros, postdoctoral scholar, University of Arizona; Gary A. Cook, Beloit College; Mary Jo

Deegan University of Nebraska Lincoln Scott Grills Brandon University Mervyn Horgan University of Guelph Mark Hutter Rowan University Benjamin Kelly Nipissing University Rolf Lindner Humboldt University HafenCity University Germany Jacqueline Low University of New Brunswick Mourad Mjahed Peace Corps Rabat Morocco DeMond S Miller Rowan University Edward Nell New School for Social Research David A Nock Lakehead University Defne ver PhD candidate Cornell University George Park Memorial University Thomas K Park University of Arizona Dorothy Pawluch McMaster University Robert Prus University of Waterloo Antony J Puddephatt Lakehead University Isher Paul Sahni Concordia University Roger A Salerno Pace University William Shaffir McMaster University Greg Smith University of Salford UK Robert A Stebbins University of Calgary Izabela Wagner Warsaw University Poland and CEMS EHESS School for Advanced Studies in Social Sciences France and Yves Winkin ENS Lyon France *The History of the Social Sciences since 1945* Roger E. Backhouse, Philippe Fontaine, 2010-05-24 This compact volume covers the main developments in the social sciences since the Second World War Chapters on economics human geography political science psychology social anthropology and sociology will interest anyone wanting short accessible histories of those disciplines all written by experts in the relevant field they will also make it easy for readers to make comparisons between disciplines A final chapter proposes a blueprint for a history of the social sciences as a whole Whereas most of the existing literature considers the social sciences in isolation from one other this volume shows that they have much in common for example they have responded to common problems using overlapping methods and cross disciplinary activities have been widespread **Social Theory, Volume I** Roberta Garner, Black Hawk Hancock, 2014-05-29 The third edition of this popular reader reflects considerable changes The framework for understanding theory as a set of conversations over time is maintained and deepened pairing classical with contemporary readings to illustrate the ways in which theory continues to be reinterpreted over time Volume I has been completely reorganized with new contextual and biographical materials surrounding the primary readings and end of chapter study guides that include key terms discussion questions and innovative classroom exercises The result is a fresh and expansive take on social theory that foregrounds a plurality of perspectives and reflects contemporary trends in the field while being an accessible and manageable teaching tool

Founders Classics Canons Appraisal Sociologys Introduction

Founders Classics Canons Appraisal Sociologys Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Founders Classics Canons Appraisal Sociologys Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Founders Classics Canons Appraisal Sociologys : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Founders Classics Canons Appraisal Sociologys : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Founders Classics Canons Appraisal Sociologys Offers a diverse range of free eBooks across various genres. Founders Classics Canons Appraisal Sociologys Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Founders Classics Canons Appraisal Sociologys Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Founders Classics Canons Appraisal Sociologys, especially related to Founders Classics Canons Appraisal Sociologys, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Founders Classics Canons Appraisal Sociologys, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Founders Classics Canons Appraisal Sociologys books or magazines might include. Look for these in online stores or libraries. Remember that while Founders Classics Canons Appraisal Sociologys, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services.

Many libraries have digital catalogs where you can borrow Founders Classics Canons Appraisal Sociologys eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Founders Classics Canons Appraisal Sociologys full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Founders Classics Canons Appraisal Sociologys eBooks, including some popular titles.

FAQs About Founders Classics Canons Appraisal Sociologys Books

1. Where can I buy Founders Classics Canons Appraisal Sociologys books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Founders Classics Canons Appraisal Sociologys book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Founders Classics Canons Appraisal Sociologys books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Founders Classics Canons Appraisal Sociologys audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google

Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Founders Classics Canons Appraisal Sociologys books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
