**The Oxford History of Protestant Dissenting Traditions, Volume V** Mark P. have reached their golden years of service to the Lord Too often the attitude is that they are no longer useful in the Kingdom of God just because of age when actually the age of wisdom to which they have excelled can be put to very profitable use in all of the churches of America Industry has found this to be true and I believe the time has come for a voice to be heard in favor of using this tremendous resource in today's religious community It does not matter the denominational affiliation The value of the years of experience in serving mankind with love and compassion transcends all barriers that once were so important to our value system God looks at the big picture In the last ten to twenty years most denominations have learned the power of unity and have joined ecumenical venues to spread the gospel in the fastest way possible to the ends of the earth thus fulfilling the great commission of our Lord in our generation     Charismatic Chaos John F. MacArthur, John MacArthur, 1993-07-10 Charismatic Chaos thoughtfully and carefully shines the light of Scripture on teaching that is not only gaining massive and loyal television following but also leading to disunity on a worldwide scale and promising to fuel controversy for years to come     *The Facts on False Teaching in the Church* John Ankerberg, John Weldon, 2011-08-31 Would you recognize a false teaching if your pastor presented one next Sunday The evidence is that Christians everywhere are enthusiastically embracing false teachings in the church regarding success health prosperity Where are these teachings coming from why are pastors laypeople so easily led astray when in reality these teachings distort the Word of God If you are concerned about the philosophies psychologies that are infiltrating today's churches *The Facts on False Teaching in the Church* is an invaluable resource to help you judge which teachings are biblical which are not     Religious Experience in Trauma KwangYu Lee, 2020-09-03 This book offers a psychohistorical analysis of the rapid growth of the Korean Protestant Church KwangYu Lee looks at some of the traumatic historical events of Korea in the 20th century including the fall of the Joseon Dynasty 1392 1910 the Japanese Occupation 1910 1945 the Korean War 1950 1953 and the Korean Military Dictatorship 1961 1987 and explores the psychological impacts of these events on the collective unconsciousness of Koreans He argues that Koreans collective or cultural complex of inferiority which was caused and gradually exacerbated by these traumatic events along with their psychological relationships with their two colonizers the Japanese and Americans prompted them to convert to Korean Protestantism en masse as a means to avoid their psychological pains and to fulfil their futile desire to become like Americans their overtly idealized psychological object     **The Oxford History of Protestant Dissenting Traditions, Volume IV** Jehu J. Hanciles, 2019-03-07 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic

patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations Volume IV examines the globalization of dissenting traditions in the twentieth century During this period Protestant Dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin Covering Africa Asia the Middle East America Europe Latin America and the Pacific this collection provides detailed examination of Protestant Dissent as a globalizing movement Contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time This authoritative overview unambiguously reveals that Dissent was transformed as it travelled
