Fowl Language Welcome To Parenting:

Fowl Language Brian Gordon, 2016-03-22 Parenting can be a magical journey full of bliss and wonder if you're on the right meds. For the rest of us, it's another thing altogether. Fowl Language Comics takes an unvarnished look at the tedium and aggravation of parenting while never forgetting that the reason we put up with those little jerks is that we love them so damn much. By poking fun at the daily struggles parents face, these cartoons help all of us feel less alone in our continual struggle to stay sane. Brian Gordon, creator of Fowl Language Comics, has two small children of his own and knows well the trials and tribulations that go along with raising them. With more than eighteen years of experience in humorous illustration, writing, and cartooning, Brian's visual point of view is memorable, authentic, and instantly recognizable. From Brian: "They say write what you know. Well, I don't know much, but I do know what it's like to be the father of two brilliant, beautiful, bat-shit crazy kids."

Fowl Language: Winging It Brian Gordon, 2019-10-22 The world's finest parenting cartoon featuring ducks presents a comprehensive view of the early parenting years in all of their maddening cuteness and sanity-depriving chaos. In addition to dozens of previously unpublished cartoons, Fowl Language: Winging It is organized into 12 thematic chapters, including Babies, Oh Dear God, What Have We Done, Siblings, Best Frenemies, Forever, and Sleep. Everybody Needs It, Nobody's Gettin' It, each of which begins with a hilarious illustrated 500-word essay.

Fowl Language: The Struggle Is Real Brian Gordon, 2017-10-10 This Guy's Comics hilariously sums up the truth about being a parent. BuzzFeed: He's back, and he's totally got parenting figured out this time. KIDDING! It's another collection of Fowl Language comics ripped from the headlines of this author's actual friggin' life. You'll laugh, you'll cry, you'll swear. It's almost exactly like a day of parenting except without the annoying little people.

Parenting As a Second Language Elisabeth Stitt, 2016-03-02 The Ultimate Guidebook for Joyful Effective Parenting. Humans expect ourselves to be great parents naturally, as if good parenting were an instinct we're all born with. But you weren't born with that skill any more than with the ability to speak your family's native tongue. Before you became fluent in any language, you had to learn it one word at a time and with a lot of repetition. You learn how to parent the same way: one lesson at a time through practice and trial and error. And error. And error. Which is why every parent at any stage of their child's development needs *Parenting as a Second Language: A Guidebook for Joyfully Navigating the Trials, Triumphs, and Tribulations of Parenthood*. With this book as your guide, you will learn how to name yourself an effective parent and make that true. The nouns and verbs that connect your children to you and the one adjective that describes and creates every effective parent. How to turn negative numbers into positive outcomes. How to tell time so that your whole family's needs are met. How to use adages we all know to instill the values most important to you. How to derive joy from life's most challenging

role This book is the first step in your journey towards becoming the amazing parent you always knew you'd be. Some of the work may seem hard but with time and effort you can be fluent in Parenting and your children will be native speakers.

The Language of Parenting M. A. Sandra Schumer, 2014-10-17 Because I love children, believe in children, and respect children, it is my hope that this parent guide will help you affect your child's life to allow him or her to grow and develop in a healthy, happy environment and to help you enjoy the journey. Children are gifts and need the unconditional love and support from parents prepared to face the challenges of parenthood. Parenthood is a club you've joined without knowing the dues or bylaws.
