Framing Silence Framing Silence:

Framing Silence Myriam J. A. Chancy, 1997 In this first book length study in English devoted exclusively to Haitian women s literature Myriam Chancy finds that Haitian women have their own history traditions and stories to tell tales that they are unwilling to suppress or subordinate to narratives of national autonomy Issues of race class color caste nationality and sexuality are all central to their fiction as is an urgent sense of the historical place of women between the two U S occupations of the country Their novels interrogate women s social and political stance in Haiti from an explicitly female point of view forcefully responding to overt sexual and political violence within the nation s ambivalent political climate

Framing Social Interaction Anders Persson, 2018-07-20 The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781315582931> has been made available under a Creative Commons Attribution NonCommercial No Derivatives 4.0 license This book is about Erving Goffman s frame analysis as it on the one hand was presented in his 1974 book *Frame Analysis* and on the other was actually conducted in a number of preceding substantial analyses of different aspects of social interaction such as face work impression management fun in games behavior in public places and stigmatization There was in other words a frame analytic continuity in Goffman s work In an article published after his death in 1982 Goffman also maintained that he throughout his career had been studying the same object the interaction order In this book the author states that Goffman also applied an overarching perspective on social interaction the dynamic relation between ritualization vulnerability and working consensus However there were also cracks in Goffman s work and one is shown here with reference to the leading question in *Frame Analysis* what is it that s going on here While framed on a microsocial level that question ties in with the interaction order and frame analysis as a method If however it is framed on a societal level it mirrors metareflective and metasocial manifestations of changes and unrest in the interaction order that in some ways herald the emphasis on contingency uncertainty and risk in later sociology Through analyses of social media as a possible new interaction order where frame disputes are frequent and of interactional power the applicability of Goffman s frame analysis is illustrated As such this book will appeal to scholars and students of social theory classical sociology and social interaction

After Debussy Julian Johnson, 2020-01-10 Classical music shows a close relationship to language and both musicology and philosophy have tended to approach music from that angle exploring it in terms of expression representation and

discourse This book turns that idea on its head Focusing on the music of Debussy and its legacy in the century since his death After Debussy offers a groundbreaking new perspective on twentieth century music that foregrounds a sensory logic of sound over quasi linguistic ideas of structure or meaning Author Julian Johnson argues that Debussy s music exemplifies this idea influencing the music of successive composers who took up the mantle of emphasizing sound over syntax sense over signification In doing so this music not only anticipates a central problem of contemporary thought the gap between language and our embodied relation to the world but also offers a solution With a readable narrative structure grounded in an impressive body of literature After Debussy ranges widely across French music demonstrating the impact of Debussy s music on composers from Faur and Ravel to Dutilleux Boulez Grisey Murail and Saariaho It ranges similarly through a set of French writers and philosophers from Mallarm and Proust to Merleau Ponty Jank l vitch Derrida Lyotard and Nancy and even draws from the visual arts to help embody key ideas In accessibly tackling substantial ideas of both musicology and philosophy this book not only presents bold new ways of understanding each discipline but also lays the groundwork for exciting new discourse between them

Meaningful Absence Across Arts and Media ,2019-03-27 This volume focusses on a rarely discussed method of meaning production namely via the absence rather than presence of signifiers It does so from an interdisciplinary transmedial perspective which covers systematic media comparative and historical aspects and reveals various forms and functions of missing signifiers across arts and media The meaningful silences blanks lacunae pauses etc treated by the ten contributors are taken from language and literature film comics opera and instrumental music architecture and the visual arts Contributors are Nassim Balestrini Walter Bernhart Olga Fischer Saskia Jaszoltowski Henry Keazor Peter Revers Klaus Rieser Daniel Stein Anselm Wagner Werner Wolf

The Freudian Matrix of André Green Howard B. Levine,2023-03-29 The Freudian Matrix of Andr Green presents seven papers never previously published in English that will allow readers to more closely follow and more fully understand the development of Green s unique psychoanalytic thinking The chapters in this book provide valuable insight into Green s response to a perceived crisis in psychoanalysis His thinking synthesizes the work of Lacan Winnicott Bion and other post Freudian authors with his own extensive clinical experience and results in a much needed extension of psychoanalytic theory and practice to non neurotic patients Green s focus on drives affect and the work of the negative and his introduction and exploration of the Dead Mother complex narcissism negative hallucination and the death instinct constitute a vital expansion of Freudian metapsychology and its application to the clinical setting The Freudian Matrix of Andr Green will be essential reading for psychoanalysts in practice and in training and for any reader looking to understand more about the enormity of his contribution
