Faithful Imagination In The Academy Explorations In Religious Belief And Scholarship:

Faithful Imagination in the Academy Janel M. Curry, Ronald A. Wells, 2008-08-22 In the past thirty years there has been a sea change in North American intellectual life regarding the role of religious commitments in academic endeavors Driven partly by post modernism and the fragmentation of knowledge and partly by the democratization of the academy in which different voices are celebrated the appropriate role that religion should play is contested Some academics insist that religion cannot and must not have a place at the academic table others insist that religious values should drive the argument Faithful Imagination in the Academy takes an approach based on dialogue with various viewpoints claiming neither too much nor too little All the authors are seasoned academics with many significant publications to their credit While they all know how the academy operates and how to make worthwhile contributions in their respective disciplines they are also Christians whose religious commitments are reflected in their intellectual work Christian Scholarship in the Twenty-First Century Thomas M. Crisp, Steve L. Porter, Gregg Ten Elshof, 2014-09-19 The Christian tradition provides a wealth of insight into perennial human questions about the shape of the good life human happiness virtue justice wealth and poverty spiritual growth and much else besides and Christian scholars can do great good by bringing that rich tradition into conversation with the broader culture But what is the nature and purpose of distinctively Christian scholarship and what does that imply for the life and calling of the Christian scholar What is it about Christian scholarship that makes it Christian Ten eminent scholars grapple with such questions in this volume They offer deep and thought provoking discussions of the habits and commitments of the Christian scholar the methodology and pedagogy of Christian scholarship the role of the Holy Spirit in education Christian approaches to art and literature and more CONTRIBUTORS Jonathan A Anderson Dariusz M Brycko Natasha Duquette M Elizabeth Lewis Hall George Hunsinger Paul K Moser Alvin Plantinga Craig J Slane Nicholas Wolterstorff Amos Yong

Joining the Mission Susan VanZanten, 2011-02-18 Joining the Mission is a helpful guide for new and experienced faculty at religious colleges and universities Susan VanZanten here provides an orientation to the world of Christian higher education and an introduction to the academic profession of teaching scholarship and service with a special emphasis on opportunities and challenges common to mission driven institutions From designing a syllabus to dealing with problem students from working with committees to achieving a balanced life VanZanten's guidebook will help faculty across the disciplines Art to Zoology and every subject between understand better what it means to pursue faithfully a vocation as professor Susan VanZanten's Joining the Mission is an exceptional resource for all faculty members at Christian colleges and universities While it is a very practical guide to teaching at a university the book also helps the reader understand and wrestle with the nuances of what it means to be a faculty member at a mission driven institution I appreciate VanZanten's contribution to articulating why mission is important at our institutions why we care about it so much and how we can better accomplish it Thomas Cedel President Concordia University Texas **Covenantal Biomedical Ethics for Contemporary**

Medicine James J. Rusthoven, 2014-04-29 Principles based biomedical ethics has been a dominant paradigm for the teaching and practice of biomedical ethics for over three decades. Attractive in its conceptual and linguistic simplicity, it has also been criticized for its lack of moral content and justification and its lack of attention to relationships. This book identifies the modernist and postmodernist worldviews and philosophical roots of principlism that ground the moral minimalism of its common morality premise. Building on previous work by prominent Christian bioethicists, an alternative covenantal ethical framework is presented in our contemporary context. Relationships constitute the core of medicine, and understanding the ethical meaning of those relationships is important in providing competent and empathic care. While the notion of covenant is articulated through the richness of meaning taught in the Christian Scriptures, covenantal commitment is also appreciated in Islamic, Jewish, and even pagan traditions as well. In a world of increasing medical knowledge and consequent complexity of care, such commitment can help to resist enticements toward the pursuit of self-interest. It can also improve relationships among caregivers, each of whose specific expertise must be woven into a matrix of care that constitutes optimal medical practice for each vulnerable and needy patient.

Dostoevsky's Incarnational Realism Paul J. Contino, 2020-08-17 In this book, Paul Contino offers a theological study of Dostoevsky's final novel, *The Brothers Karamazov*. He argues that incarnational realism animates the vision of the novel and the decisions and actions of its hero, Alyosha Fyodorovich Karamazov. The book takes a close look at Alyosha's mentor, the Elder Zosima, and the way his role as a confessor and his vision of responsibility to all for all develops and influences Alyosha. The remainder of the study, which serves as a kind of reader's guide to the novel, follows Alyosha as he takes up the mantle of his elder, develops as a monk in the world, and at the end of three days ascends in his vision of Cana. The study attends also to Alyosha's brothers and his ministry to them. Mitya's struggle to become a new man and Ivan's anguished groping toward responsibility. Finally, Contino traces Alyosha's generative role with the young people he encounters and his final message of hope.

The Pietist Impulse in Christianity G. William Carlson, Christian T. Collins Winn, Christopher Gehr, Eric Holst, 2012-10-25 Pietism is a reform movement originating among German Lutherans in the 17th century. It focused on personal faith, reacting against the Lutheran Church's emphasis on doctrine and theology over Christian living. The movement quickly expanded, exerting an enormous influence on various forms of Christianity and becoming concerned with social and educational matters. Indeed, Pietists showed a strong interest in issues of social and ecclesial reform, the nature of history and historical inquiry, the shape and purpose of theology, and theological education, the missional task of the church, and social justice and political engagement. Though the movement remained largely misunderstood, especially in Anglo-American contexts, negative stereotypes depicted Pietism as a quietist and sectarian form of religion, merely concerned with the pious soul and its God. The main proposal of the editors of this volume is to correct this misunderstanding, assembling a deep collection of essays written by scholars from a variety of fields. This work demonstrates that Pietism was a movement characterized by great depth and originality. Besides, they show the

vitality and impulse of Pietism today and emphasize the ongoing relevance of the movement for contemporary problems and questions *Инкарнационный реализм Достоевского. В поисках Христа в Карамазовых* Пол Континьо, 2023-08-08

Princeton Alumni Weekly ,1942 Our Social World Dr Jeanne H Ballantine, Keith A.
