Faithful Performances Faithful Performances:

Faithful Performances Steven R. Guthrie, 2016-04-15 The metaphor of performance has been applied fruitfully by anthropologists and other social theorists to different aspects of human social existence and furnishes a potentially helpful model in terms of which to think theologically about Christian life After an introductory editorial chapter reflecting on the nature of artistic performance and its relationship to the notions of tradition and identity Part One of this book attends specifically to the phenomenon of dramatic performance and possible theological applications of it Part Two considers various aspects of the performance of Christian identity looking at worship the interpretation of the Bible Christian response to elements in the contemporary media the shape of Christian moral life and ending with a theological reflection on the shape of personal identity correlating it with the theatrical metaphors of character and performing a part in a scripted drama Part Three demonstrates how art forms including some technically non performative ones literature poetry painting may constitute faithful Christian practices in which the tradition is authentically performed producing works which break open its meaning in profound new ways for a constantly shifting context

Critique of Authenticity Thomas Claviez,Kornelia Imesch,Britta Sweers,2020-01-10 The volume provides a critical assessment of the concept of authenticity and gauges its role significance and shortcomings in a variety of disciplinary contexts Many of the contributions communicate with each other and thus acknowledge the enormous significance of this politically morally philosophically and economically charged concept that at the same time harbors dangerous implications and has been critically deconstructed The volume shows that the alleged need or desire for authenticity is alive and kicking but oftentimes comes at a high price connected to a culture of experts authority and exclusionary strategies **Decisions of the Comptroller General of the United States** United States. provide the answers to these questions Greenawalt explores the ways in which interpretive strategies from other disciplines the philosophy of language literary and musical interpretation religious interpretation and general interpretive theory can augment and enrich methods of legal interpretation Over the course of the book he suggests how such forms of interpretation are analogous to legal interpretation and points to those cases in which interpretation must rest on the distinctive aspects of legal theory such as is the case with private documents Furthermore Greenawalt's meditation suggests that interpretive strategies from other disciplines can shed light on the essential nature of legal interpretation and provide roads by which to account for dissonance between various methods of interpretation Legal Interpretation is a thought provoking reflection on the ways that insights from a range of intellectual traditions can deepen our understanding of law particularly with regard to constitutional law Musical Works and Performances Stephen Davies, 2004 Stephen Davies addresses such questions as What are musical works are they discovered or created of what elements are they comprised how are they specified what is a performance and is it possible to perform old music authentically **The Dramatizing of Theology** Matthew S. Farlow, 2017-07-14 Matthew Farlow traces the thoughts of Balthasar and Barth so as to enter into the theological truth of God's Being in Act This exploration embarks on a journey into the reality of our Triune God who has engaged his creation so as to elicit fellow actors God seeking out humanity is God with us a truth that not only informs our theological endeavors but invites us into the dramatic performance of reconciliation As Farlow illumines God is an acting God who seeks fellow participants in his ongoing drama of salvation Through the dramatizing of theology the church and her theologians come to realize God's threefold movement revelation invitation and reconciliation It is a unified act that startles humanity and thus theology out of its spectator's seat so as to drag it onto the world's stage As Farlow discusses it is through the dramatizing of theology that we find ourselves best equipped to participate faithfully in the role of a lifetime **Port Risk Management Guidebook**, 1984
