Miracles, Angels, and Priesthood Power

Shayne M. Bowen

How often do we think of miracles as being rare? And what are miracles? And how do we know if they are real? In this study, we will explore these questions and see how miracles are a sign of God's power.

When we think of miracles, we often think of the great miracles of the past. But miracles are not just for the past. They are for the present. They are for the future. They are for the here and now.

One of the greatest miracles of the present is the power of the priesthood. The priesthood is the power of God on earth. It is the power that enables us to do the will of God.

There are many ways in which the power of the priesthood is used. It is used to heal the sick, to comfort the afflicted, and to bring about the redemption of the world.

Let us now turn to the study of the priesthood and see how it is used in the world today.
