dishes and family food traditions are rich sources of nostalgia and provide vivid ways to learn about our families past yet they can be problematic Many family recipes and food traditions are never documented in written or photographic form existing only as unwritten know how and lore that vanishes when a cook dies Even when recipes are written down they often fail to give the tricks and tips that would allow another cook to accurately replicate the dish Unfortunately recipes are also often damaged as we plunk Grandma s handwritten cards on the countertop next to a steaming pot or a spattering mixer shortening their lives This book is a guide for gathering adjusting supplementing and safely preserving family recipes and for interviewing relatives collecting oral histories and conducting kitchen visits to document family food traditions from the everyday to special occasions It blends commonsense tips with sound archival principles helping you achieve effective results while avoiding unnecessary pitfalls Chapters are also dedicated to unfamiliar regional or ethnic cooking challenges as well as to working with recipes that are orphans surrogates or terribly outdated Whether you simply want to save a few accurate recipes help yesterday s foodways evolve so they are relevant for today s table or create an extensive family cookbook this guidebook will help you to savor your memories

on the many things big and small your mother has done for you over the years from baking cookies or sometimes letting you choose the radio station on a car trip to hemming your dress in time for the prom Isn't it time you started making those same gestures in the other direction We think so It is never too early or for that matter too late to make a parent feel special Mother's Day has a long and storied history stretching back to its earliest roots in the post Civil War era What began as one woman's attempt to help heal the grief of mothers who'd lost sons on both sides of the fight and then became another woman's attempt to honor her own mother has morphed over the years into more of a commercial event Isn't it time we got back to the idea of making moms feel treasured and appreciated In these pages you'll find idea after idea that will encompass a wide variety of activities to get you thinking about how to make your mom feel special even if you don't live close by Go ahead and remember to buy that card and bring over some flowers on the actual Mother's Day but in the meantime here are some ways to make every day count
