**The Effects of Personality Hardiness on Interpreting Performance** Xing Xing,2023-10-03 This book sheds new light on personality dispositions research into interpreter performance injecting fresh impetus for a new research agenda designed to further our understanding of hardiness performance linkages in interpreters Interpreters are made not born Mackintosh 1999 67 i e it is generally assumed that everyone has the potential to become an interpreter given proper training Nonetheless time constraints and financial limitations make it advisable to select applicants who need the least training Aptitude testing for interpreting with a purpose to admitting the most promising candidates has thus become not only a practical necessity for institutions but also a central issue among interpreting researchers The book presents a literature review and empirical survey which reveal e g that aptitude testing for interpreting attaches great importance to cognitive aptitude In contrast non cognitive attributes personality in particular while also considered important are seldom measured due to their complex structure and the lack of scientific measurement tools Bearing this gap in mind the book focuses on research into personality traits in aptitude testing for interpreting with an aim to expanding the objective means of testing candidates for the requisite knowledge and skills It is devoted to an empirical investigation into the effects of personality hardiness on interpreting

performance with interpreting anxiety and self efficacy as two intermediates To this end a quantitative method questionnaire survey and a qualitative in depth interview were used with 149 Chinese student interpreters at postgraduate level The results indicate that personality hardiness is a valuable trait for student interpreters By systematically presenting the effects of personality hardiness on interpreting performance the book offers both theoretical and empirical stepping stones to understanding the position of personality hardiness in aptitude testing for interpreting providing stakeholders with valuable insights into and blueprints for selecting the most teachable candidates for interpreting training programs *Achieving the Goals of the Employment Act of 1946--thirtieth Anniversary Review* ,1975 *Congressional Record* United States.
