National Research Council, Division on Engineering and Physical Sciences, Commission on Engineering and Technical
Systems, Federal Facilities Council, 1999-05-05 In 1996 the Federal Facilities Council FFC which operates under the aegis of
the National Research Council established a standing committee on Environmental Engineering with the express purpose of
providing a forum where federal environmental engineers and program managers could meet on a regular basis to exchange
information about facilities related environmental programs policies and issues The committee members like environmental
program managers in other types of organizations are increasingly concerned about achieving and demonstrating sound
environmental performance by meeting the requirements of environmental regulations and limiting the impacts of their
products or services on the environment To foster communication and address concerns about EMSs the FFC Standing
Committee on Environmental Engineering hosted a one day workshop on Environmental Management Systems and ISO
